"I believe it is a good deal better to open up the mills of the United States to the labor of America than to open up the mints of the United States to the filter of the world."—William McKinley.

REPUDIATION WELL EXPUNDED

The New York Tribune says: "Who excuses, accuses." In the present case the rule applies with uncommon force. Mr. Bryan's labored apology for the Chicago platform was really a damning, if indirect, indictment. But some other of his utterances, explanatory of that detestable document, directly and unmistakably stamp it as a demand for sheer repudiation. Here, for example, is what he says concerning the meaning of free coinage of silver at the ratio of 16 to 1:

"Sixteen to one means this, that if you owe a debt you can go out into the market and buy silver and have it coined, and use that silver to pay your debts."

"There you have it, plain and flat." That is Mr. Bryan's own interpretation of the Chicago financial plank "If you owe a debt"—which you have contracted on the basis of one hundred cents to the dollar; and which justice and honesty require you to pay on the basis of one hundred cents to the dollar—"you can go out into the market and buy silver"

"—at the market rate, of course, of 41 1/2 grains for fifty three cents—"and have it coined"—at the rate of 41 1/2 grains to the so-called dollar—"and use that silver to pay your debts"—use, that is, what cost you fifty-three cents to pay a debt of one hundred cents. If that is not repudiating 47 per cent of the debt, what is it? And why should you not go into the market and buy paper and have it stamped, and use that paper to pay your debts?

No better description of sheer, deliberate, unblushing repudiation could easily be made than that which Mr. Bryan has given us in that speech. A far more able and distinguished man gained vast notoriety by beginning an oration with "I am a Democrat." Mr. Bryan ought to begin every speech he makes with "I am a repudiator."

Not long ago mention was made of a vote taken among the American passengers on an arriving steamship, in which McKinley was ahead more than ten to one. A contemporary remarked that this was no fair test, as the passengers belonged to the plutocratic class. It is useless to urge that they were from all parts of the United States, so here is another trial. The Pittsburg Chamber of Commerce was canvassed a few days ago, and of the 600 members only twelve voted for Bryan. Probably the contemporary will now enter some objection to the Pittsburg merchants.

The venerable Senator Merrill, of Vermont, who understands the subject of finance and currency as well as any other man in this country, has written a short letter to the farmers of Western New York, which should be read and thought about by that class of citizens in all of the states. It is as follows:

"Plain farmers must be able to see

that they have nothing to gain by accepting a cheap dollar for all they have to sell. They will realize less, much less, as none of their products will increase in nominal value to the same extent as the fall in value of silver. The silver standard would force our people to live on the lower scale of comforts and civilization of other silver standard countries, or as they do in Mexico and Japan, and then pay for all our tea and coffee and for the greater part of our sugar and all merchandise from Europe in gold. Farmers and wage-earners will not be slow to find out all this."

PURELY VEGETABLE.

The Cheapest, Purest and Best Family Medicine in the world. AN EFFECTIVE SPECIFIC for all diseases of the Liver, Stomach and Spleen. Regulate the Liver and prevent CHILLS AND FEVER, MALARIA, DYSPEPSIA, BOWEL COMPLAINTS, RESTLESSNESS, JAUNDICE AND NERVOUS.

Nothing is so unpleasant, nothing so common, as bad breath; and in nearly every case it comes from the stomach, and can be so easily corrected if you will take SIMMONS' LIVER REGULATOR. Do not neglect so sure a remedy for this repulsive disorder. It will also improve your appetite, complexion and general health.

How many suffer torture day after day, making life a burden and robbing existence of all pleasure, owing to the secret suffering from Piles. Yet relief is ready to the hand of almost any one who will use systematically the remedy that has permanently cured thousands. SIMMONS' LIVER REGULATOR is no drastic, violent purge, but a gentle assistant to nature.

SHOULD not be regarded as a trifling ailment—in fact, nature demands the utmost regularity of the bowels, and any deviation from this demand paves the way often to serious danger. It is quite as necessary to remove impure accumulations from the bowels as it is to eat or sleep, and no health can be expected where a costive habit of body prevails.

This distressing affliction occurs most frequently. The disturbance of the stomach, arising from the imperfectly digested contents, causes a severe pain in the head, accompanied with disagreeable nausea, and this constitutes what is popularly known as Sick Headache, for the relief of which TAKE SIMMONS' LIVER REGULATOR OR MEDICINE.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J.
