CUBA LIBRE.

The heroic struggle for liberty in Cuba continues. The dispatches today tell of the wonderful resolution of the insurgent general, Maximo Gomez, and his no less wonderful ability to manage the campaign. What interests us most as Americans is his estimate of our people and the effect America has on the Cuban cause. A tinge of shame must suffuse the cheek of every patriot when he reads Mr. Gomez just remark: "Long ago I realized we must fight this war alone and unaided. We can win our independence while the executive of the United States is considering the question of our possible belligerency." Yet there is comfort in his succeeding utterances, which show that the masses of the people have their sympathies enlisted for Cuba. Gomez says: "Many Americans are fighting in my ranks and good, true men they are. The chief of our artillery is an American from Boston, and no braver man lives."

Cuba has been called the key to the Gulf of Mexico. For this reason the United States would not permit any great European nation to acquire the island from Spain either by purchase or by force of arms. Yet our liberty-loving people look with shame upon the do-nothing policy of the executive and congress when the heel of a despotic nation is upon the necks of a people struggling for liberty at our very doors. Every party platform has expressed sympathy for the Cubans, but, after two years of fighting, this nation has not even got so far as to ascertain that there is a state of belligerency going on in that island.

The people of Spain are taxed \$50,000,000 a year. This is one-fifth of the annual product of the country. Americans sometimes think they are taxed heavily, but suppose they were asked to pay 20 per cent to another country. It leaves nothing for educational purposes and 75 per cent of the Cuban population can neither read nor write. There are no roads, bridges or ferries; no public buildings; nothing but despotism and desolation. The people are plundered by other forms of taxation than direct. The tax on flour is levied enormously high to keep

out the flour of the United States, and compel Cubans to import Spanish flour, and on that was so high a duty that bread costs 25 cents a pound. The Cuban people are thus driven to use a substitute for flour, when it should cost little more than in America.

The American struggle for independence had not one-tenth the wrong to redress that Cuba has. We had suffered no despotism, nor tremendous taxation. We merely contended that having taxation, we should have representation.

In a speech in the senate on the 4th of March last, Hon. Roger T. Mills made this eloquent appeal: "Suppose the suffering people of Cuba should say to us: 'You have forsaken us; we have appealed to you time and again. Every generation that has come from the womb has appealed to you, and gone down to the grave marked by Spanish blood and dishonor. So farewell; we are going now to appeal to England; she will give us the mild government she gives to Canada. She will let us govern ourselves in all our domestic affairs; she will let us raise what taxes we are willing to pay and expend our revenues on educating our children and building up our country, and protect us against invasion from Spain or any other foreign power.' What would be our response? Columbia would come out with her flags flying, and her drums beating, and answer in tones of thunder, 'England shall not assume sovereign rights over one square foot of Cuba. We will see that Spain keeps Cuba against all the world except ourselves. Then if we have fixed the destiny of Cuba we owe it to our own honor, we owe it to humanity, to protect the wretched and misgoverned people of that island against Spanish barbarity.'"

Do not neglect so sure a remedy for this repulsive disorder. It will also improve your appetite, complexion and general health.

PILES!

How many suffer torture day after day, making life a burden and robbing existence of all pleasure, owing to the secret suffering from Piles. Yet relief is ready to the hand of almost any one who will use systematically the remedy that has permanently cured thousands. SIMMONS' LIVER REGULATOR is no drastic, violent purge, but a gentle assistant to nature.

CONSTIPATION

SHOULD not be regarded as a trifling ailment—in fact, nature demands the utmost regularity of the bowels, and any deviation from this demand paves the way often to serious danger. It is quite as necessary to remove impure accumulations from the bowels as it is to eat or sleep, and no health can be expected where a costive habit of body prevails.

SICK HEADACHE!

This distressing affliction occurs most frequently. The disturbance of the stomach, arising from the imperfectly digested contents, causes a severe pain in the head, accompanied with disagreeable nausea, and this constitutes what is popularly known as Sick Headache, for the relief of which TAKE SIMMONS' LIVER REGULATOR OR MEDICINE.

Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J.
