RIOTS NOT QUELLED

Turkish Troops Still Massacring Armenians.

IN STREETS OF CONSTANTINOPLE

Foreign Ambassadors Appealed to Sultan to Stop Disorders, But No Reply Has Been Received.

LONDON, Aug. 30.—A Times dispatch from Constantinople says that the joint note of the ambassadors of the powers, asking the sublime porte to suppress the disorders in Constantinople without delay, failing to have the desired effect, the representatives of the powers dispatched a joint telegram warning the sultan that he endangered the Turkish empire by suffering the continuance of anarchy by the connivance of the imperial troops and the police. It is said that the sultan trembled when he received this warning telegram.

Neither the members of the diplomatic circles nor rational observers doubt that an armed mob of Turks had been previously organized for possible riots. It was noticed that less than two hours after the insane attack on the Ottoman bank by the Armenians the mob that filled the streets at Galata overspread the whole city, and Turks in parties from 120 to 150 strong, apparently well organized and acting in concert, crossed in lighters from Stamboul.

Armenian Bombthrowers.

LONDON, Aug. 31.—A dispatch from Constantinople says:

"Members of the Armenian revolutionary societies threw a bomb in the premises of the Credit Lyonnaise and the tobacco syndicate Saturday night. The amount of damage is not reported."

The End Drawing Near.

LONDON, Aug. 31.—The Daily News, in its editorial this morning, says:

"Europe is face to face with the deposition of the sultan and the partition of Turkey."

"It is now estimated over 4000 persons were killed."

"Stamboul has been covered with revolutionary placards, evidently posted by the young Turkish party."

"Serious trouble is expected Monday, the anniversary of the sultan's accession."

SCENES IN CONSTANTINOPLE.

Innocent Persons Moved Down by Muslims.

CONSTANTINOPLE, Aug. 29.—The Gulnare was guarded all night long by the British guardship Imogene and two Turkish gunboats. It is still impossible to give the exact number of victims of the rioting. In the street between Dolmabahce and Topanze it resembled a field of battle. Fifty bodies were counted there. The houses of the Armenians in various quarters have been pillaged and Galata and Pera are occupied by military. Cavalry patrols are to be seen in all the streets; the shops are closed and few people venture out. In addition there are rumors of disturbances at Koumpouk.

The Armenians are greatly alarmed and the outbreak of the revolutionists is generally condemned as criminal madness. But the authorities are censured for permitting the Mussulmans to interfere and attack innocent persons, and the police and troops are blamed for being passive onlookers. Today, however, several groups of Turks were disarmed. Great uneasiness prevails among British residents in villages on the shores of the Bosphorus, where the Armenians have sought refuge. Michael Herbert, the British charge d'affaires, has ordered the British guardship Dryad to remove families desiring protection and any British vessel in port may be requisitioned in case of necessity. There is also much anxiety in the suburbs, where many Europeans have Armenian servants.

The American college at Hissar and Bible-house at Stamboul, are guarded by troops. United States Minister Terrell visited Hissar yesterday to ascertain if the Americans were safe. The chief of police of Hissar told Terrell that measures had been taken to preserve order. The Galata quarter is quieter today. All shops are closed and no Ar-

menians are seen in the streets. There was a fresh panic today owing to a bomb being thrown while the soldiers were returning from Selamlik. Nobody was hurt. The bomb-thrower was arrested. Although several Armenian districts were the scene yesterday evening of massacres and pillage, the city today is quiet and the authorities now appear determined to maintain order.

Scores of dead have been thrown into the sea in order to save the trouble of burying the bodies. The British charge d'affaires has refused the request of the sultan to withdraw the guards of British marines, saying he cannot do so until the disorders are thoroughly quelled. Of the Armenians seized in the Ottoman bank five were killed and five wounded. They all had come from abroad. Fifteen survivors have been sent to Marseilles, the British and French warships seeing the Messagerie liner safely off.

CROSSED THE TROCHA.

Insurgents Easily Passed Through the Line.

HAVANA, Aug. 29.—The insurgents, commanded by Quinton Banderas, succeeded in piercing the trocha at Mariel. They passed through the cordon drawn across the island of Cuba west of Havana. An inquiry has been opened for the purpose of ascertaining how the Spanish failed to prevent them from crossing the line. Troops are now in active pursuit of Banderas.

Miguel Verona, aide-de-camp of Antonio Maceo, arrived at Puerto Principe Saturday last, being detailed to see Maximo Gomez. Verona was the bearer of letters from Maceo requesting Gomez to give the former the real facts regarding the death of his brother, Jose Maceo. Antonio Maceo is understood to be very much disturbed at the different versions of Jose's death.

AMERICAN BURNED ALIVE.

Horrible Death of Charles Churchill by Weyler's Orders.

BOSTON, Aug. 29.—Lieutenant Alvard, of General Maceo's army, has arrived from Cuba. He says that a month ago General Weyler discovered a Cuban newspaper in the pocket of an American named Charles Churchill, of Pennsylvania. By General Weyler's command Churchill was wrapped in an American flag and burned to death. Four American sea captains were witnesses of this. Alvard says he left this port July 18th, in command of the steamer Hartway, on board of which were 500 able-bodied recruits. In addition the Hartway carried 500 dynamite bombs, 1,000 rifles, and provisions for three months. Both men and ammunition were safely landed at Barmen.

The Watterson Boom.

INDIANAPOLIS, Aug. 30.—Ex-Mayor John P. Hopkins, of Chicago, has been industriously working the boom for Henry Watterson, and says that he has received a great deal of encouragement. He says the movement for a third ticket was started by the Courier-Journal three days after Bryan was nominated; that the object of the movement is to get votes in the Middle West. In this connection, he claims that Watterson's lectures on Lincoln and speeches to the Union soldiers, and his general course for many years has been such as to win many votes from Bryan.

The first extensive shipment of kaolin from the big beds east of Ashland is now being made from Ashland. The Pacific Pottery Company of Portland has contracted for the delivery of 20 tons of this kaolin at the depot at Ashland for shipment to Portland and use in the manufacture of pottery by the company. There are almost unlimited quantities of the kaolin rock on the Dead Indian mountain, about 12 miles east of Ashland, and should this test of its value prove satisfactory, it may result in the steady use of it at Portland and the establishment of extensive pottery works in Ashland.

The Ideal Panacea.

James L. Francis, Alderman, Chicago, says: "I regard Dr. King's New Discovery as an Ideal Panacea for coughs, colds and Lung Complaints, having used it in my family for the last five years, to the exclusion of physician's prescriptions or other preparations."

Rev. John Burgess, Keokuk, Iowa, writes: "I have been a Minister of the Methodist Episcopal church for 50 years or more, and have never found anything so beneficial, or that gave me such speedy relief as Dr. King's New Discovery." Try this Ideal Cough Remedy now. Trial bottles free at Blakeley & Houghton's Drug Store.

None But Ayer's at the World's Fair. Ayer's Sarsaparilla enjoys the extraordinary distinction of having been the only blood purifier allowed on exhibit at the world's fair, Chicago. Manufacturers of other sarsaparillas sought by every means to obtain a showing of their goods, but they were all turned away under the application of the rule forbidding the entry of patent medicines and nostrums. The decision of the world's fair authorities in favor of Ayer's Sarsaparilla was in effect as follows: "Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its merits."
