THE VICEROY SHOCKED

Li Hung Chang's Experience With Electricity.

KILLED BY A FALLING WALL

Terrible Holocaust at Benton Harbor—Eleven Firemen Lost Their Lives.

NIAGARA FALLS, Sept. 6.—The special train bearing Li Hung Chang and his party arrived here at noon today. Rain was falling at the time, and the visitors damped their silk blouses and gold lace somewhat in the journey to the Cataract house, where rooms had been engaged. Immediately upon arriving Li sat for a dentist, and had his teeth examined. The rain was a great disappointment, as the viceroy was very desirous of visiting the American falls in the afternoon. There was no cessation in the downpour until 3 o'clock, when the sun struggled through the clouds. Carriages were summoned, and the visitors spent two hours in inspecting the wonders of Niagara.

At the electric power-house of the Niagara Falls Power Company, the distinguished visitor had an experience with American electricity, the result being as startling as it was unexpected. With his usual curiosity and desire to make a personal investigation of the machinery before him, he poked at a switchboard with his walking stick. The metal ferule closed the circuit instantly, and Li's stick was violently torn from his grasp. He was naturally much astonished at the effect of the stick's contact with the switchboard, but fortunately he suffered no damage beyond a good scare. However, he decided that he had seen enough, and went to his rooms, where he remained until bedtime.

UNDER A FALLING WALL.
A Terrible Holocaust at the Burning of an Opera House.

BENTON HARBOR, Mich., Sept. 6.—The most horrible holocaust, with the greatest loss of life, known in this part of the state occurred last night, when Yore's opera house took fire and in the fight to save the building and other blocks adjoining, 11 firemen, one a volunteer, met their fate at one time, the deaths being instantaneous with five of them. Six lived only a few hours in awful agony, while several others met with severe injuries.

During the evening play, "A Factory Girl," had been given by local talent, and the theater had closed but a half hour before the fire was discovered. The building was filled from basement to the fourth story with a suffocating smoke, which burst into sheets of flame throughout the entire audience room, before the fire department could respond with a single stream of water, there being some confusion at the outset, owing to the lack of hook and ladder facilities, although the local fire companies had closed a two days' tournament, exhibiting great skill in their work.

The St. Joseph department was called on for assistance. They approached the building through an alley, unloading ladders in the rear of the building, and, while hoisting them, the upper walls fell over without warning, covering the men. This was witnessed by hundreds of spectators.

A PLUCKY CALIFORNIA ENGINEER

SACRAMENTO, Sept. 5.—An attempt was made tonight to hold up the overland express eight miles west of this city. The engineer killed one of the robbers and then pulled out, and the train reached this city. Sheriff Johnson and posse have gone to the scene in a special train.

As the train approached Webster, a man crawled over the tender, and covering the engineer and fireman with a pistol ordered them to slow up. This engineer Ingalls did and the train was stopped. A masked man climbed up the railroad embankment with a gun in his hand. When this man appeared the fireman was ordered to go back to the express car. Ingalls was left alone in

PAROCHIAL SCHOOLS TO BE FREE

Archbishop Ireland Issues a Letter on the Subject.
ST. PAUL, Sept. 5.—Archbishop Ireland has issued a letter, announcing that hereafter at the Catholic parochial schools no tuition would be charged, such tuition being considered an obstacle to the growth of the schools.

In the course of the letter he says: "Of course the expenses of maintaining the schools must be provided for in some way. Pastors will take the amount of these expenses from the regular church receipts of the parish, and will rely upon extraordinary measures which their own judgment may command. Catholics will, we are sure, co-operate with their pastors in maintaining the parish schools. The proper view to be taken of the Catholic school is, to regard it as a great religious work in which all are concerned, whether they have, or have not children attending it."

None But Ayer's at the World's Fair.
Ayer's Sarsaparilla enjoys the extraordinary distinction of having been the only blood purifier allowed on exhibit at the world's fair, Chicago. Manufacturers of other sarsaparillas sought by every means to obtain a showing of their goods, but they were all turned away under the application of the rule forbidding the entry of patent medicines and nostrums. The decision of the world's fair authorities in favor of Ayer's Sarsaparilla is in effect as follows: "Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its merits."
