AS IT'S RAINING HARD

Senator Carter Wants to Get in Out of the Wet.

FOLLOWS WOLCOTT AND MITCHELL

Will Support McKinley and Hobart, and Advises the Montana Republicans to Do the Same.

HELENA, Mont., Sept. 8.—United States Senator Carter, who is in the East and cannot attend, has written a letter to the Republican state convention, which meets tomorrow, explaining the action of himself and the four other members of the Montana delegation to the St. Louis convention in reserving the right of the Republicans of the state to accept or reject the declaration in favor of the restoration of silver by international agreement. He says: "As a Republican, I believe in the free coinage of silver and protection to American labor and American industry. I do not believe in free coinage coupled with free trade, and do not believe that free coinage with free trade can be successfully established and maintained by our government. The free trade policy will render the establishment of bimetalism an utter impossibility. The attempt to secure free coinage in conjunction with free trade is a Utopian dream. After looking the whole situation over, it will be found that the Republican party has not declared in favor of the gold standard, but in favor of the restoration of silver. I find in this particular that it differs from the opposition platform, in the matter of method. I believe the Republican party, in this behalf, too conservative, but as between the acceptance of the Republican platform with its conservative expression on this subject and the acceptance of the Chicago platform with its free trade, state rights, free riot and other objectionable features, I find no room to hesitate. I believe it is the clear and unquestionable duty of the delegates who assemble under and in conformity with the forms and usages of the Republicans of this state, and as delegates representative of other people who reside here, to place in the field electors favorable to McKinley and Hobart.

"The party in Montana should, in my opinion, endorse the entire national platform, except as to the feature declaring international conditions precedent to the remonetization of silver. For that declaration this convention should substitute a declaration for the free coinage of gold and silver in the same manner as our state conventions have heretofore declared."

The Election in Arkansas.

LITTLE ROCK, Ark., Sept. 8.—Returns of the election in this state continue to come in, but very few official counts have yet been made, and fully 10 days will elapse before complete returns are in. Last night estimate of 50,000 to 60,000 Democratic majority will undoubtedly be verified, with a possible increase of 5000 to 10,000. From all counties the report comes of a fair and square vote and an open count of the ballot is now going on. The Democratic ticket was elected by twice the majority ever before polled in the state. It is a noteworthy fact that at least 5000 Populists deserted Files and voted for Jones, as did a large number of colored voters of Woodson and Jackson counties. The fusion ticket of the Republicans and Populists carried the legislative and several county offices in the Northwest, but no report has been received up to this hour of any county having gone for either of these parties.

A NOVEL ELECTION BET.

Losers Must Leave the Country, Never to Return.

WILWAUKEE, Sept. 8.—There is an election bet standing here which for originality lays over anything which has been made thus far. Fred W. Burke and Albert Donaldson are the parties to the wager. The former agreed to leave this country forever on or before January 1, 1897, if William McKinley is elected president, and the latter will do the country a like service if W. J. Bryan is elected. They drew up a contract to this effect which they had formally attested by a notary.

ARMENIAN REVOLUTIONISTS.

Will Sail For New York Upon Being Liberated.

MARSEILLES, Sept. 8.—M. Bonnaud, chief of police, informs me that the Armenians under detention here will be liberated and will go to New York. M. Hanotaux, minister of foreign affairs, has ordered that another batch of Armenians expected to arrive today should be given their full liberty. They arrived on board the Sider. They refused to speak about the massacre in Constantinople for fear of exciting the anger of the Turks against their companions, but they bitterly denounced England's conduct in promising protection and then abandoning the Armenians to Turkish fury.

Bryan Is Home Again.

LINCOLN, Neb., Sept. 8.—The second home-coming of Bryan, after his nomination, was marked with enthusiasm. There were about 5,000 people at the depot with two bands. Prominent citizens escorted Bryan to a carriage. Cheer after cheer went up, and the bands added to the din. Two silver clubs and citizens in carriages headed by bands formed a procession which escorted Bryan from the Burlington depot to his home. An immense crowd had gathered and some time elapsed before the candidate could get inside the house on account of the delay occasioned by handshaking.

This afternoon Bryan will address the citizens from a platform erected at the statehouse square. This evening he will be notified of his nomination by the silver party.

Senator Burrows in Missouri.

St. Louis, Sept. 8.—Senator Burrows spoke for two hours last night to 5000 voters at the exposition building. His speech was confined for the most part to a discussion of the money question from a Republican standpoint. The audience honored him with the closest attention and applauded at frequent intervals.

Congressman Charles Joy presided at the meeting.

Hogg in Missouri.

St. Louis, Sept. 8.—Ex-Governor Hogg, of Texas, addressed 200 Democrats at Urig's cave last night. His remarks were confined to the money question, the free and unlimited coinage of silver. The governor closed by predicting that New York would give Bryan and Sewall a large majority, and Bryan's election was assured.

Refugees to Be Protected.

CONSTANTINOPLE, Sept. 8.—The sultan has appointed a commission to deal with the Armenian refugees. It is proposed to furnish safe conducts to those desiring to leave, and insure the safety of those remaining. Dragomans of different embassies are attending the meetings of the commission.

To Notify Bryan.

St. Louis, Sept. 8.—M. F. Dowd, national committeeman for Missouri for the silver party, left St. Louis last evening for Lincoln, Neb. Mr. Dowd will participate in the ceremony of formally notifying W. J. Bryan of his nomination for president by the national silver party. Committeeman Dowd was accompanied by Colonel John I. Martin, who served as sergeant-at-arms of the national Democratic convention. At Kansas City the party will be joined by Hon. Henry Essex, who represents Missouri on the notification committee.

CUT WITH WIRE ROPE.

How Stone Is to Be Taken Out of an Eastern Quarry.

Those who have indulged in deep sea fishing know how the fish line cuts deeply into the hard wood of the gunwale as it is hauled in while taut. Even an iron protection, after a time, shows the wear of the rope, which is comparatively soft. This, says the Detroit Free Press, gives a clue to the invention of an Albany quarryman for cutting stone. Instead, however, of hump, he proposes to use wire rope, and with this he will carve the marble and stone right out of its native bed. The wire is wound in strands, and has a very rough surface, powerful machinery gives a strong and steady strain, and the stone, yielding to the constant wear, parts, with smooth edges. It would be easy enough to cut the blocks after they are removed from the quarry, but where the cleverness of the inventor comes in is devising mechanism that can be applied to the stone while in the quarry. This is effected by sinking two parallel channels in the quarry to a depth of little greater than that of the lowest level of the stone to be cut. The channels may be from 2 to 100 feet, or more, apart. At the bottom of each is made a small hole to receive the foot ends of the shafts of the machine. This is the only preparation of the quarry that is necessary. The ropes, which are coiled on huge drums, are then passed around the channels, and as the drums revolve the cutting proceeds. Suitable brakes are provided for the regulation of the speed and pressure. The ordinary speed of the strand is 500 feet a minute, so that a mile length of it passes in six minutes. While the strand is moving, crushed stone or chilled shot and water can be introduced to increase the attrition. Far better, however, than either of these is a composition obtained from the tailings of a magnetic iron separator, which costs about one-tenth as much as the chilled shot. It does not leave the lines caused by the shot, and it can be used over and over again.

BAD BREATH!

Nothing is so unpleasant, nothing so common, as bad breath; and in nearly every case it comes from the stomach, and can be so easily corrected if you will take SIMMONS' LIVER REGULATOR. Do not neglect so sure a remedy for this repulsive disorder. It will also improve your appetite, complexion and general health.

PILES!

How many suffer torture day after day, making life a burden and robbing existence of all pleasure, owing to the secret suffering from Piles. Yet relief is ready to the hand of almost any one who will systematically take the remedy that has permanently cured thousands. SIMMONS' LIVER REGULATOR is no drastic, violent purge, but a gentle assistant to nature.

CONSTIPATION

SHOULD not be regarded as a trifling ailment—in fact, nature demands the utmost regularity of the bowels, and any deviation from this demand paves the way often to serious danger. It is quite as necessary to remove impure accumulations from the bowels as it is to eat or sleep, and no health can be expected where a constive habit of body prevails.

SICK HEADACHE!

This distressing affliction occurs most frequently. The disturbance of the stomach, arising from the imperfectly digested contents, causes a severe pain in the head, accompanied with disagreeable nausea, and this constitutes what is popularly known as Sick Headache, for the relief of which TAKE SIMMONS' LIVER REGULATOR OR MEDICINE.
