WAYSIDE GLEANINGS.

Random Observations and Local Events of Lesser Magnitude.

Threshing is about completed in the country, and the yield is much better than was anticipated.

Mr. D. P. Ketchum brought up 450 sheep this morning from Lyle which are destined for Portland.

The first of the hearings of the sheepmen is set for the 16th at Portland, the defendants being the Tygh Valley Land and Live Stock Co.

Maine will have an election next Monday. Congressman Dingley predicts that the Republicans will carry the state by 20,000 plurality.

This morning Osborn and Welsh sent up four boxes of salmon from their seining ground at Snipes' bottom, as a result of their first day's work.

What's in a name? The Seven Devils Mining & Real Estate Company has opened an office in Baker City. Only three names appear as incorporators.

Jagsby—So you've been down to Colorado Springs, eh? I hear they sell no whisky there. Is that so? Sourmash—Oh, my, no; it's a drug in the market.

The building across from Gaunt's livery stable is being fitted up for the Dispatch office, and workmen are now engaged fitting up the old Acme press of the former Sun office.

J. K. Long of Iowa bought 250 steers of Click, Baldwin and Harrison of Hay and Trout creek, which were brought to town this morning and shipped today from Saltmarsh's stock yards.

Porter Bros. sold for The Dalles Commission Co. yesterday in Chicago Jewett's Hungarian prunes for \$1 per crate, Bennett's egg plums \$1.25; Italian prunes \$1.15. The prunes are eminently satisfactory.

Messrs. J. B. Croissen, J. L. Story and Al Reese have signed a call for a Bryan meeting Saturday night at the courthouse. A Bryan club has been organized in the city, composed principally of Populists and "Popocrats."

The Wasco County Christian Endeavor Union holds its third annual convention at Dufur, October 1st and 2d, to which Christian Endeavorers and their friends are invited. A fine program has been prepared and a good time is expected.

Mrs. Mary Scott Myers was notified today of her appointment as a member of the National Executive Board of the Woman's Relief Corps. Mrs. Myers has always been a prominent worker of the W. R. C., and the high honor is not misplaced.

The special train carrying the state railway commission ran into a team and wagon near Baker City this week, kill-

ing one of the horses. J. E. Richie, the driver, escaped with his life by jumping from the wagon an instant before the engine did its work.

About two tons of fish were received yesterday at Herrick's cannery, and today Chinamen are busy canning them. This is the first of the fall catch, and though not so large as expected, is a very fair beginning. The cannery shipped a carload of the spring pack to New York City yesterday. Verily The Dalles is making itself known in the metropolis of the nation.

An instantaneous photograph of the hub-and-hub race at Astoria, just before the line was crossed, is on exhibition in Snipes & Kinerly's drug store. It shows The Dalles team ahead. The reason they lost was that two runners at the rear of their competitors' cart pushed it ahead when about twenty feet from the goal. The cart ran forward upon the balance of the team who were pulling it. Thus by having a lighter cart and the trick they got their cart over the line about 8 inches ahead.

Mrs. M. E. Briggs has handsomely refitted her millinery parlors. The glass cases and counters have been re-arranged and newly painted and will display her large and varied stock of goods better than ever. Miss Bottorff, who has given general satisfaction as an artistic hat trimmer, is now in Portland, selecting the latest goods, in shapes and trimmings from the wholesale house in that city. After her return Mrs. Briggs proposes to give a grand opening, when some delightful surprises are in store for the ladies of The Dalles.

Greatest One.

Li Hung Chang, one of the four great men whom General Grant discovered when he went around the world may turn out to be the greatest of them all. The others were Beaconsfield, Bismarck and Gambetta. The estimate of Beaconsfield by the generation that followed him is that he was not a great man of the first rank after all. Gambetta died too soon. Bismarck clouded his greatness by a horribly bad temper which wrought his downfall at last. Only Li Hung Chang, the powerful, wily, even tempered, deeply thinking Chinaman, is left, not a whit abated in honors influence or intellectual force though he is 74 years old.—Exchange.

Winans Bros. Win.

The Winans Bros. who were cited to appear before Judge Hanford at Spokane and show cause why they should not be fined for contempt for excluding Indians from fishing on deeded land, had a hearing on the 8th, and were dismissed, Judge Hanford deciding they were not in contempt. The defendants contended through their attorneys, Huntington & Wilson, that whatever rights are secured to Indians by treaties are subject to state laws, unless congress at the time the state is admitted to the Union, withholds from the state the right to make laws which would contravene treaty rights.

It has been the claim on the part of the Indians that in giving up their lands to the U. S. government, they not only had the right to occupy their reservations, without molestation, but hunt and fish upon all public lands not actually resided upon by settlers. The state of Washington has a law by which fishermen may purchase beach lands between high and low water marks for fishing privileges, upon which others are not allowed to trespass. The Winans Bros. became possessed of certain lands in this manner upon which some Yakima Indians persisted in fishing, and the owners of the land, believing that Indians possessed no right which were forbidden a white citizen, ejected them therefrom. Hence the suit, which has now terminated in a victory for the Winans Bros.

Do Sheep Work Injury?

The Telegram says: Opinon is divided as to whether the sheepmen with their herds have damaged the government property in any thing like the proportion they have benefitted the state and also through the different channels their industry runs, the government itself. It is true that cattle and game will not browse over ground once cropped by sheep, but at the same time these sheep are doing wonderfully efficacious service in keeping down the dense underbrush of the Cascades, a growth, the trampling out of which means much to the development of the timber.

Again, so immense is the Cascades reserve that it would take many years for almost numberless bands of sheep to create anything like the havoc that it is claimed had been made by the eight or ten bands of sheep which it is admitted have browsed over a few of the foothill slopes. However, the law says the sheep must not intrude on the reserve and the law is to be respected.

RASMUS AT PENDLETON.

A Roaring Republican Meeting Held Last Evening.

PENDLETON, Or., Sept. 10.—The McKinley Club held a rousing, enjoyable, entertaining meeting at the courthouse this evening. The large room was filled with an enthusiastic audience, in which a large number of ladies were seen. The Pendleton brass band, seated in the rear of the room, furnished spirited music, while a choir rendered a number of

patriotic airs, accompanied by the Fletcher family on the organ, flute and French horn. The feature was the address by Hon. H. W. Rasmus, which was at times interrupted by loud applause.

Chairman Taylor, senator-elect, introduced the speaker of the evening, who in a very few minutes captivated his audience. The fullest attention was paid his every utterance. Following are a few extracts from the address:

"We are, I believe, entering into one of the greatest political battles in the history of the nation, a battle between right and wrong, between good and bad government, between liberty and slavery, between prosperity and patriotism; therefore, it involves issues of vital importance. It has been claimed there is but one issue. I claim it is a campaign involving many issues, the principal one being patriotism, loyalty to our government. I claim that Republicanism is synonymous with patriotism. The Demo-Populist candidate is the champion of free trade. Every wage-earner in the land must answer this question for himself. So long as I can buy for one day's wages, under a protective tariff, as much as can be had for two days' wages under a free-trade policy, why should I go to the polls and cast my vote for a free-trade party?"
