NATIONAL REPUBLICAN TICKET

- For President, WILLIAM M'KINLEY, Ohio
- For Vice-President, GARRET A. HOBART, New Jersey
- For Presidential Electors, T. T. GREER, Marion County; S. M. YORAN, Lane; E. L. SMITH, Wasco; J. F. CAPLES, Multnomah

Never was a more grievous wrong done the farmers of our country than that so unjustly inflicted during the past three years upon the wool growers. Although among our most useful citizens, their interests have been practically destroyed. McKinley's letter of acceptance.

THE WORK OF THE M'KINLEY CLUB.

Enough names have been added to the McKinley list to bring the number above the 400 mark; but, as we have heretofore suggested, its real work has just begun. The organization has been well done, and the possibilities of the club for usefulness are great. Its work must not be confined to the four precincts of this city. Among the members of the club are many men accustomed to public speaking, who have given the questions at issue earnest thought, and who are capable of expressing their ideas in such manner as to convince those who listen of the correctness of their position. There are many precincts in this county which cannot be reached by speakers from abroad, but which ought to be canvassed, and these members of our club above referred to are the men to do it. The matter should not be left until a call is made from these precincts for speakers, but these gentlemen should be notified at once that they will be called upon during the next six weeks to deliver an address in a given precinct, fixing the date as near as possible. Then let it be advertised in the respective precincts of the approaching meeting. Thus the speakers can make such preparation as is deemed necessary, and the people will be prepared to attend the meetings.

We have the winning side of the issue, and the more it is discussed by intelligent, well-informed speakers the better. The suggestions made at the meeting of the McKinley Club last evening are worth being carried into effect.

Notwithstanding the public speaking at the Baldwin last evening, at which were a large number of Republicans, there were from fifty to sixty members in attendance at the McKinley Club business meeting. That the Republicans are alive to the work of the campaign no one doubts, and the result on the 3rd of November will demonstrate the usefulness of this club.

A gentleman from Kingsley whose word is unquestioned, reports that the eighteen names published in the Dufur Dispatch as having joined a

Bryan club at Kingsley recently, are all that compose the "fifty members" concerning which the Dispatch boasts. We should expect them to claim a membership of 288. Why they have reduced the ratio in this particular instance from 16 to 1 to 3 to 1, we don't understand. But that is right, gentlemen, count the numbers big now, you'll not have a chance on November 3rd.

S. T. Jeffers, a lawyer of Portland, and Francis Clarno, an owner of silver mines in Eastern Oregon, held forth last evening at the Baldwin, and labored hard to convince the Republicans and the honest money Democrats that the poor silver mine-owners should be allowed to have the government put a stamp upon fifty-three cents' worth of silver reciting that the same contained one dollar's worth of silver. Mr. Clarno did not appear to have been starved by the fact that the mints are not permitted to coin his silver at the expense of the rest of us.

A gentleman who recently visited the locks reports that the work is progressing rapidly, and they will certainly be completed by November 15th. Now, Col. Day, can't you arrange to have them ready by the 4th? There will be several "Pops" who will be bound up on that day, and it would be advisable to expedite their journey as much as possible so they will go so far up Salt river this time as never to come back.

Why do Englishmen, the shrewdest traders in the world, buy wheat in America? Why is it possible for a gold standard country like ours to market any portion of our crop in Liverpool? If Englishmen can buy our silver at 53 cents and get as much wheat for that silver as \$1.29 will buy, why buy any wheat in any country except the country that takes the rupees, upon which the bloody Englishman makes 76 cents.

Bryan, Stewart, Jones, Waite, Teller, Altgeld, and other managers of the Popocratic campaign, are all unselfish patriots. Every man who does not agree with them are in partnership with the bankers of Wall street. By the way, there are a lot of people who have been bought, considering the per capita of circulation in this country.

The shipments of stock, wool, wheat, fruits and fish from The Dalles attract the attention of the general freight departments of all the five transcontinental railroads. It is now practically a competing point, and will be actually and fully when a portage is no longer necessary.
