THE DALLES, OREGON, TUESDAY, SEPTEMBER 29, 1896

NO 228

## IN PLACE OF THACHER

New York Democrats Complete the State Ticket.

JUDGE W. E. PORTER FOR GOVERNOR

Senator Hill Did Not Attend the Meeting—Political and General News.

New York, Sept. 28.—The Democratic state committee met tonight to hear the report of the committee appointed to notify the nominees of the recent Buffalo state convention. There was a full attendance by the members in person or by proxy, but Senator Hill, who surprised everyone by appearing at a recent meeting of the committee with a proxy, and then made sensational speeches in favor of John Boyd Thacher, the gubernatorial nominee, was not present this time.

The committee reported that Thacher had refused to accept the nomination for governor, and that Judge Titus had accepted the nomination for supreme court justice, and that Wilber E. Porter, the nominee for lieutenant-governor, had placed himself in the hands of the committee. The meeting of the committee had been delayed an hour by caucuses, so when the report was made there was little delay in the proceedings. In these caucuses, it had been agreed that the man to be named in place of Mr. Thacher should be W. F. Porter, the nominee for lieutenant-governor, and that in his place, Fred Schraub, of Lewis county, should be named for lieutenant-governor.

### FRANCE TAKES THE LEAD.

Getting Ready to Bring the Sultan Up With a Sudden Jerk.

LONDON, Sept. 29.—The Times' Paris correspondent quotes a Constantinople dispatch to Temps, which contains the report that M. Cambon, the French ambassador at Constantinople, has made a serious representation to the sultan regarding the massacre of Armenians. This dispatch expresses the belief that the sultan has promised to constitute a commission to extend reforms throughout the Turkish empire.

"The ambassador," the dispatch adds, "adopted a tone almost a menace towards the sultan. There is not the slightest fear of dissension among the powers."

### INGERSOLL TO TAKE THE STUMP.

Will Tour Illinois and Make Speeches for McKinley.

CHICAGO, Sept. 28.—Colonel Robert G. Ingersoll will come to Illinois next month and make four or five speeches for McKinley. A letter to this effect was received at national Republican headquarters today. He will speak first in Chicago on October 8th in a big tent which will be erected for the occasion in some locality where the largest number of laboring men can hear him. He will then go to Bloomington, Galesburg and Galena, and if he consents to remain longer than four days, other towns will hear him. On his tour Colonel Ingersoll will be accompanied by ex-Governor Oglesby, ex-Governor Fifer and Senator Cullom.

### Cubans Were Victorious.

HAVANA, Sept. 28.—Thirty-five Spanish volunteers, commanded by Lieutenant Romero, were surrounded by a superior force of insurgents as they were leaving the town of Quivican, province of Havana. A desperate fight ensued, the Spaniards attempting to cut their way through the rebels. Their efforts were without avail, but they did not cease fighting until twenty-three of their number were killed and four wounded. Among the killed was Lieutenant Romero. The volunteers who escaped report that severe losses were inflicted on the rebels.

SAVE THE WRAPPERS—Hoe Cake Soap wrappers are worth a cent apiece. Ask Pease & Mays for premium book. July 24-1  
Otto Birgfeld is now ready to supply families with the celebrated Gambrinus keg or bottle beer, delivered free of charge to any part of the city. Telephone 34.

ROYAL BAKING POWDER CO., New York

### FOR HONEST MONEY.

MCKINLEY'S ABLE DISCUSSION OF THE MONEY QUESTION.

No Debasement of Money—No Repudiation of Debts—Free Coinage Imperils the Nation's Safety—Workingmen and Farmers Have Most at Stake—"Good Money Never Made Hard Times."

Major McKinley's letter of acceptance is as sound as a gold dollar. The following are some of his best points:

#### What Free Coinage Means.

The character of the money which shall measure our values and exchanges and settle our balances with one another and with the nations of the world is of such primary importance and so far-reaching in its consequences as to call for the most painstaking investigation, and in the end a sober and unprejudiced judgment at the polls. We must not be misled by phrases nor deluded by false theories. Free silver would not mean that silver dollars were to be freely had without cost or labor. It would mean the free use of the mints of the United States for the few who are owners of silver bullion, but would make silver coin no freer to the many who are engaged in other enterprises.

It would not make labor easier, the hours of labor shorter or the pay better. It would not make farming less laborious or more profitable. It would not start a factory or make a demand for an additional day's labor. It would create no new occupations. It would add nothing to the comfort of the masses, the capital of the people or the wealth of the nation. It seeks to introduce a new measure of value, but would add no value to the thing measured. It would not conserve values. On the contrary, it would derange all existing values. It would not restore business confidence, but its direct effect would be to destroy the little which yet remains.

The meaning of the coinage plan adopted at Chicago is that any one may take a quantity of silver bullion, now worth 53 cents, to the mints of the United States, have it coined at the expense of the government and receive for it a silver dollar which shall be legal tender for the payment of all debts, public and private. The owner of the silver bullion would get the silver dollar. It would belong to him and nobody else. Other people would get it only by their labor, the products of their land or something of value. The bullion owner, on the basis of present values, would receive the silver dollar for 53 cents' worth of silver, and other people would be required to receive it as a full dollar in the payment of debts. The government would get nothing from the transaction. It would bear the expense of coining the silver, and the community would suffer loss by its use.

#### Silver Dollars Now on a Gold Basis.

We have coined since 1878 more than 400,000,000 of silver dollars, which are maintained by the government at parity with gold and are full legal tender for the payment of all debts, public and private. How are the silver dollars now in use different from those which would be in use under free coinage? They are to be of the same weight and fineness. They are to bear the same stamp of the government. Why would they not be of the same value? I answer: The silver dollars now in use were coined on account of the government, and not for private account or gain, and the government has solemnly agreed to keep them as good as the best dollars we have. The government bought the silver bullion at its market value and coined it into silver dollars. Having exclusive control of the mintage, it only coins what it can hold at a parity with gold. The profit, representing the difference between the commercial value of the silver bullion and the face value of the silver dollar, goes to the government for the benefit of the people.

### Farmers and Laborers Would Suffer Most.

If there is any one thing which should be free from speculation and fluctuation, it is the money of a country. It ought never to be the subject of mere partisan contention. When we part with our labor, our products or our property, we should receive in return money which is as stable and unchanging in value as the ingenuity of honest men can make it. Debasement of the currency means destruction of values. No one suffers so much from cheap money as the farmers and laborers. They are the first to feel its bad effects and the last to recover from them. This has been the uniform experience of all countries, and here as elsewhere. The poor, and not the rich, are always the greatest sufferers from every attempt to debase our money. It would fall with alarming severity upon investments already made, upon insurance companies and their policy holders, upon savings banks and their depositors, upon building and loan association members, upon the savings of thrift, upon pensioners and their families, and upon wage earners and the purchasing power of their wages.

#### "Good Money Never Made Times Hard."

It is a mere pretense to attribute the hard times to the fact that all our currency is on a gold basis. Good money never made times hard. Those who assert that our present industrial and financial depression is the result of the gold standard have not read American history aright or been careful students of the events of recent years. We never had greater prosperity in this country, in every field of employment and industry, than in the busy years from 1880 to 1892, during all of which time this country was on a gold basis and employed more gold money in its fiscal and business operations than ever before.

#### Honesty Leads to Prosperity.

No country can prosper that habitually tells lies. If the United States stamps the lie "This is \$1" on pieces of silver worth 53 cents, it will have taken the first step away from the straight path of national truth and honor.

#### The Discovery Saved His Life.

Mr. G. Cailouttee, Druggist, Bearersville, Ill. says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial at Blakeley & Houghton's Drug Store.

#### None But Ayer's at the World's Fair.

Ayer's Sarsaparilla enjoys the extraordinary distinction of having been the only blood purifier allowed on exhibit at the world's fair, Chicago. Manufacturers of other sarsaparillas sought by every means to obtain a showing of their goods, but they were all turned away under the application of the rule forbidding the entry of patent medicines and nostrums. The decision of the world's fair authorities in favor of Ayer's Sarsaparilla was in effect as follows: "Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its merits."

It is the same old story and yet constantly recurring that Simmons Liver Regulator is the best family medicine. "We have used it in our family for eight years and find it the best medicine we have used. "We think there is no such medicine as Simmons Liver Regulator."—Mrs. M. E. S. Adington, Franklin, N. C. Each member of our family uses it as an occasion requires."—W. B. Smith, Mt. Vernon, Ky.

#### It May Do as Much for You.

Mr. Fred Miller, of Irving, Ill., writes that he had a severe kidney trouble for many years, with severe pains in his back and also that his bladder was affected. He tried many so called kidney cures but without any good result. About a year ago he began to use Electric Bitters and found relief at once. Electric Bitters is especially adapted to cure of all kidney and liver troubles and often gives almost instant relief. One trial will prove our statement. Price 50c and \$1.00. At Blakeley & Houghton's Drug Store.

#### Wanted

A display of baby photographs for the coming fair. To secure this I will give sittings of all babies 2 years old and under free, from Sept. 23d to Oct. 1st, inclusive. Hours for sittings from 1 to 4 p. m. Bring your babies in their sweetest smiles and daintiest costumes and secure a photo free.
