Never was a more grievous wrong done the farmers of our country than that so unjustly inflicted during the past three years upon the wool growers. Although among our most useful citizens, their interests have been practically destroyed. McKinley's letter of acceptance.

For Presidential Electors, T. T. GEER, Marion County; S. M. YORAN, Lane; E. L. SMITH, Wasco; J. F. CAPLES, Multnomah

### LET US WIN ON THE MERITS.

The National Democrats of Oregon have filed a protest against the fusion presidential electors, and will endeavor to prevent their names being placed on the ticket. We know nothing as to whether the protestants are right or not, but this campaign should be won without a resort to a technical compliance of the election laws respecting the making up of the ticket.

If Oregon is in favor of Populism; if this state is ready to declare that it cares nothing for protection to American industries and its own great industry, the wool business; if it is in favor of the doctrine of the supremacy of the state over the federal government; if it has not had enough—nay too much—of Penneyerism and all that Penneyer has stood and does stand for, we would like to know it. We prefer to see a full and fair expression of opinion upon this subject. Oregon has always declared for the right when any of these national questions were at stake, and there is no reason to believe that its people have so entirely changed their views.

We sincerely hope the effort to exclude the fusion electors from the ticket will not succeed. It is infinitely better for the state, and for all concerned, to beat them at the polls than to take the serious results of their success. As to the latter, there is little danger.

McKinley has not yet advertised that he believes he is sure to be elected. This has not become necessary in order to keep his followers from desertion. McKinley's followers are encouraged by the certain prospect of success. If we had a little longer time for it, Bryan would not carry a northern, except possibly Colorado and Montana, and would lose a number of the southern states. As it is, McKinley is reasonably sure of from 240 to 267 of the 447 electoral votes.

General Grant was first elected president upon a platform which declared against repudiation, the Democratic platform in that campaign having expressly advocated the payment of the national debt in a de-

preciated paper money. In his first message General Grant said: "Let it be understood that no repudiator of one farthing of our public debt will be trusted in public place, and it will go far to strengthen our public credit, which ought to be the best in the world." His son, Jessie, ought to pin these words in his hat; it would be a good idea to put there.

Two of the Populist electors of Texas have declared that they will not support Bryan. They are the only consistent Populists we have yet heard of. That the Democratic party is simply seeking to swallow the Populist party there is no doubt. Bryan's letter of acceptance addressed to the latter, indicates it; Sewall's nomination and subsequent refusal to get out of the way, indicates it. The Populist nominee for vice-president has neither been recognized or aided by the campaign managers, but has been treated with contumely by all the Bryan papers. What the Populists expect out of this campaign is hard to figure out.

The canal at the Cascades appears to be about ready to let us "sail our boat," as the Oregonian rather contemptuously refers to our transportation line. Well, we care little what is said if they will only swing the gates and let us out. By the way, when Senator Mitchell was here the other day the matter of Colonel Day's promotion was arranged for. We trust the papers of the state, particularly the Oregonian, will hereafter address him as "General" Day.

Less than one month remains between now and election, and yet the price of silver has fallen about two cents per ounce since the Chicago convention. Either the proposed change in the policy of this government is not expected, by those who own silver bullion, to improve the price, or else these owners of silver have no faith in the election of Bryan. We think neither thing will happen.

Mr. Bryan is now trying to run a big bluff. He is saying: "You workmen are under your employer's whip, and you dare not come out and vote for me." It is the same old school-boy bluff, "You dasen't because you are tied to your mother's apron strings." That dare never led people into a right course.

Ex-Speaker Reed is planning to stomp California and Oregon. He can place California in the Republican column if any man can, and we sincerely hope he will come. His presence in Oregon would greatly increase the majority, which we believe is now assured.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75 cents. No. 2-8.
