REBEL YELL IN CANTON

Ex-Confederates of Virginia See McKinley.

WERE ESCORTED BY BOYS IN BLUE

The Candidate Heard the Cheers of the Chicago Crowds—The Day's Delegations.

CANTON, Oct. 9.—Of all the enthusiastic demonstrations since the St. Louis convention, Canton has never seen the like of today's doings. The "rebel yell" was heard for the first time on her streets. The visit of the old Confederate warriors from the Shenandoah valley brought thousands of people to town. The 1800 Virginians were met by the Union veterans of Canton, several hundred strong. They came with badges inscribed "No North, no South, no East, no West; the Union Forever." Arm in arm with the old boys in blue, the veterans in gray were escorted to tabernacle, where the G. A. R. and Woman's Relief Corps served their dinner. They had a new version of an old song, and sang "We're Coming, Father McKinley, 200,000 strong."

From the tabernacle to the McKinley home, the streets were lined with people. Three hundred Cleveland veterans joined in the escort. The bands played "Dixie," "America" and "Marching Thro' Georgia." The throngs of people on the way joined in the yells of the marchers as best they could. When the great crowd lined up about the home, it filled the dooryard, and the streets round about. This compelled Major McKinley to speak from a small temporary stand covered with the national colors in order that he might be heard. The crowd was so dense it was with difficulty that he reached the rostrum from the house, under the escort of committees of old comrades-in-arms, and of those he fought against him as a boy with Sheridan, down the Shenandoah valley.

Editors F. H. Fankhouser, of the state Republican committee, spoke on behalf of the delegation in general. In concluding a felicitous address of greeting and assurance of support, Mr. Fankhouser introduced Confederate General John E. Rollo, who spoke on behalf of the soldiers.

After Major McKinley had responded to these addresses, ex-Mayor R. A. Cassidy, of Canton, presented the visitors a magnificent banner by which to remember their visit here. On one side is represented elapsed hands, indicating the union of all the soldiers. Above these hands are the words, "United We Stand" and "McKinley Club" in large, gold letters. On the reverse is a large American eagle in gold, resting upon a large shield. This side bears the inscription, "Presented to ex-Confederate Veterans of the Shenandoah Valley, Virginia, by ex-Union Veterans of Canton, Ohio, October 9, 1896."

KILLED THE ENGINEER.

Another Fatal Collision on the Southern Pacific.

REDWOOD CITY, Cal., Oct. 9.—A serious freight-train collision occurred about 2 o'clock this morning on the coast division of the Southern Pacific, between Mayfield and Palo Alto. As a result of the collision, the engineer of the freight train from San Jose to San Francisco was killed and another of the train crew was seriously injured.

Last night six empty cars were left on a siding at Palo Alto. Early this morning the "empties" started to move on the siding. The grade between Palo Alto and Mayfield is very steep, and the

You know coffee is used fresh-roasted. Tea ought to be—for the same reason—the taste.

Ours are the only tea-firing works in the United States; Schilling's Best is always fresh-fired when it leaves our hands.

empty cars soon acquired a high rate of speed. The cars ran a mile down the road, when, at Geer's crossing, they collided with a freight train coming from San Francisco.

The engineer of the freight train supposed he had an absolutely clear track, and was coming at a good rate of speed with a heavy train. The night was dark and before he could perceive his danger, the fugitive cars crashed into his locomotive, throwing it off the track, twisting the engine and smashing it badly. The "empties" and freight cars were piled high in a general heap of ruins. Over 20 cars were badly smashed up. The track at the point of collision is absolutely impassable, and at daylight a construction gang began to lay a new track around the wreck.

Henry Haggerty, engineer of the freight train, was killed. Fireman W. Bowser was badly injured. The freight train from San Jose was running 40 miles an hour, when it struck the runaway cars going in the opposite direction. The effect of the collision was remarkably destructive. The whole of the long train was piled up in one mass of kindling 50 feet high. The tender of the engine was thrown clear over the locomotive. Engineer Haggerty was mashed to a jelly, and Fireman Bowser suffered broken bones and internal injuries.

The trains at noon are switching around the wreck pending the clearing of the main track, which is completely obstructed.

Crime of a Madman.

NOBLESVILLE, Ind., Oct. 5.—Albert Bray, aged 39, a farmer, a very religious man, cut the throats of his wife, 9-year-old son, Carl, 2-year-old daughter, Edna, and himself, between midnight and daylight this morning, five miles north of here. The wife and children died without a struggle. Bray, with a gaping wound in his throat, lived until noon today without regaining consciousness. Bray crushed the skulls of his victims with an ax after he cut their throats with a razor.

Bray, owing to sickness in his family during the past few months, and financial embarrassment, lost his reason. He retired early last night. Mrs. Dora Ray, a domestic, went to bed with Edna Bray. Shortly after 9 o'clock she was awakened by Bray walking into the room in his stocking feet. He removed his daughter into an adjoining room, where she was found with her throat cut from ear to ear. It is thought he killed Carl next while the boy lay asleep. Bray then went into the room where his invalid wife lay, slashed her neck, and, seeing the cut was too low, made a second and successful effort to kill her.

COLD, DAMP, GOZY DUNGEONS.

Unhealthy Quarters Given American Prisoners in Cuba.

HAVANA, Oct. 9.—Weyler is fooling Lee. The order prohibiting the American consul-general from visiting the military prison keeps him from personally investigating the condition of Americans imprisoned there. He has to rely upon what Weyler tells him. In their last interview General Lee complained of the unsanitary condition of the cells the American prisoners were in. Weyler replied boldly:

"Oh, I have attended to this matter. They have been removed to cells Nos. 41 and 42."

General Lee retired flattered at his supposed success, not knowing the Americans have always occupied cells Nos. 41 and 42.

Those cells, by the way, are gloomy and so damp that water oozes from the ceilings and trickles down the walls, wetting the floor, which never dries. In one of these wretched cells are Melton, the American newspaper man, and George Aguirre, locked up with a man suffering from smallpox. The disagreement between Weyler and Lee, continues, the arrested Americans suffering the consequences.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address:
