A Stage Driver Killed.

Last Thursday night at 7:15 the driver of the Long Creek stage, when about one mile out from John Day, met with a fatal accident, says the Canyon City News. Just how the trouble occurred is largely a matter of conjecture. The night was very dark, and it is supposed that some part of the harness became loose, allowing one or both of the horses to forge ahead, and the tongue of the vehicle to drop down. The horses, being wild, probably became frightened, and started to run away. At all events, they came into John Day without any rig or driver. A search party at once started up the road, and soon came to the overturned vehicle. About twenty feet away the driver, Frank Evans, was found in an unconscious condition. He was conveyed to the home of his grandmother, Mrs. O. Lewis, and medical aid summoned. An examination revealed a badly fractured skull. Everything that medical skill could devise was done to relieve the sufferer, but all to no effect. He did not recover consciousness, and died Saturday morning.

Nothing in It For Wage Earners.

Mr. Bryan has claimed that the free coinage of silver would benefit the working people. How they would secure anything from the free coinage of silver he does not say, perhaps because he does not know. It is certainly a deep mystery. In no way that the probable course of events can be forecasted can any advantage for the working people be reasonably shown.

Everything that a man buys for consumption in the household would be raised in price. Would wages be increased in proportion? It is not probable that they would for years, if ever. As soon as it became apparent that the free coinage of silver would be undertaken prices would be advanced, but wages would remain stationary until employers could ascertain how they would be affected. With the heavy losses that many concerns would be compelled to meet through the payment of outstanding accounts and notes in depreciated dollars, it is very probable that the workman would have to wait a long time for his wages to be raised. In the interval he would have ample opportunity to realize the stupendous folly of the United States coining silver dollars at the ratio of 16 to 1 and debasing its money, the lifeblood of commerce. —Cordage Trade Journal.

Demonetization of Silver.

Silver was not demonetized by a conspiracy nor clandestinely; neither have the results been as they are claimed by the free silver men.

Silver was demonetized by Great Britain 100 years ago because it fluctuated, because two yardsticks of unequal length or two bushels of changing quantity is an absurdity, an obstacle to business and commerce.

All the civilized nations have tried the same experiment with the double standard, have found it a delusion and a snare and have come to the single gold standard as a better thing.

The civilized world is now using more silver, has sounder money and lower interest than ever before in the history of mankind.

The attempt to return to the double standard is reactionary, illogical and irrational and will not succeed. Revolutions go forward, not backward. —Madison (Ind.) Courier.

Marvelous Results.

From a letter written by Rev. J. Gunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at River Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at Blakeley & Houghton, Druggists. 1

Each member of our family uses it as occasion requires."—W. B. Smith, Mt. Vernon, Ky.
