## CUBA WILL BE FREE

Spain Is Soon to Cease Hostilities.

FIGHTING TO BE STOPPED MARCH 1

Island Will Then Be Surrendered to the Insurgents—Spain's Reason for this Course.

CADIZ, Oct. 15.—If Spain has not put down the insurrection in Cuba by the 1st of March, it is the intention of the government to give up the struggle and let the island go. The significance of this statement, coming direct from an officer of rank in the Spanish army, within the week, must certainly be regarded as of no little importance. The above determination is an open secret among those who are close to the government, and it is said that the policy is being adopted of exaggerating the magnitude of the trouble in the Philippine islands with a view of preparing the people for the ultimate design of letting Cuba go.

By way of further corroboration of this estimate of the situation it may be remarked that while Spain is sending more than 200,000 troops to Cuba, who are in the main very young and undisciplined, she is carefully keeping her 50,000 well-disciplined and efficient soldiers who may be available in case of an outbreak at home. She is also keeping in Spanish waters twelve warships which are ready for sea, and which could be of great service in Cuban waters in aiding the United States in that police work which she now asks that country to do for her.

W. G. Foster, manager of the Eastern Telegraph Company here, speaking of the situation, said:

"There is no question that the government is trying to use the Philippine islands troubles to distract the people's attention from Cuba. There is no doubt that Spain intends to do her utmost to crush the Cuban insurrection between now and March. Failing in that, I am informed that she will give up the struggle.

"An important issue is the fact that Cuba has a debt of \$500,000,000, and that if Spain puts down the insurrection, Cuba will have to pay that debt, whereas if Cuba wins, the payment of that debt will fall on Spain, who contracted it on behalf of Cuba. Naturally the planters who have been driven from the half-ruined plantations, however loyal they may appear to be to Spain, really want to see the Cubans succeed, as in that case they would not be taxed by Spain to pay the interest on the debt, and could then start again under more favorable auspices.

"Meanwhile every one is talking about Cuba, and little is said of the Philippine islands, although the latter comprises 115,000 square miles, against 49,000 for Cuba. In point of population the Philippines have 5,636,000 as against 2,276,000 for Cuba and Porto Rico combined. I am satisfied that Spain will either have won in Cuba by March 1st next or have given up the struggle."

Governor Abril, governor of the province of Cadiz, was next interviewed. In substance he said that Cleveland had not done much for Spain, and he did not see how a change in administration could make matters worse, unless the independence of Cuba should be acknowledged. He says he does not contemplate a war between Spain and the United States. The governor would not say that a great Cuban victory would

precipitate trouble in Spain, and did not think that such an event was likely to take place.

As to the effect of the war upon Cuba the governor did not seem to think it had been very grave. He added that the Compana Transatlantica Espanola was almost altogether occupied in transporting government troops and munitions of war, so that there naturally had been no falling off in its traffic.

### Dauntless Safely Landed.

ATLANTA, Oct. 15.—August Pacetti, of the firm of Florens, Pacetti & Co., of this city, received a letter this morning from a friend in Cuba, saying that the filibustering steamer Dauntless had arrived and landed on the south coast of Cuba with men and ammunition.

### AN INFANTILE CROOK.

Eleven-Year-Old Boy Sentenced for Burglary.

CHICAGO, Oct. 15.—Dennis Myron is only 11 years old; but he has been arrested fourteen times and is now under sentence to the reform school as a burglar. He grew up in that unsavory neighborhood known as "Little Hell," and about as soon as he wore trousers fell into the companionship of thieves and toughs. He helped a woman in shoplifting, and then took up thieving on his own account.

Myron went to a theater a short time ago with Richard Mageevy, 9 years old. They took an alley route upon leaving saw a window in the rear of No. 50, Dearborn street, open. Myron told Mageevy to get inside and grab what he could while he watched for a "jigger." He boosted the younger boy inside; no "jigger" appearing, the boys got away with cigars and some small novelties. The next day there was so much cigar-smoking along the docks that detectives made inquiries. They traced the cigars to the small boys.

When this criminal was sentenced by Judge Clifford an angry look settled on his dirty face, and his begrimed fist, tightly clenched, was shaken just as near Detective Walbaum's nose as the mite could get it, as he said:

"You just wait; I'll settle you."

### WHEAT GOING SKYWARD.

India and Australia Demand Affecting San Francisco Markets.

SAN FRANCISCO, Oct. 15.—Wheat recovered from yesterday's set back today and in the local market went higher than before. All morning George W. McNear and other leading exporters were heavy buyers and the destination of much of the wheat thus bought is said to be India and Australia. Instead of the Chicago price influencing this market the local market now guides the Chicago speculator, for California has captured the first of the demand from India and Australia. There is no telling how extensively this demand may spread to other points of supply. May wheat sold today at \$1.35½ and December rose to \$1.32½.

### Movements of the Military.

Washington, Oct. 14.—The secretary of the war has ordered a major and one battery of the third artillery, now in the department of the east, to proceed to Fort Canby, Washington. The colonel and all of the third, except one battery, are ordered to San Francisco.

### IN THE PRESENCE OF HIS LOVE

A San Francisco Youth Swallows Strychnine and Dies.

SAN FRANCISCO, Oct. 15.—Aided by the hand of his sweetheart, Tessie Moore, William T. Hamilton, a youth of 19 years, last evening mixed a bottle of strychnine with a glass of water, swallowed the potion, and within 15 minutes lay dead at the feet of his sorrowing love.

Last February Tessie Moore, now 16 years old, residing at 1952½ McAllister street, and William T. Hamilton, then 18 years of age, residing at 504 Baker street, engaged themselves to be married. Six months ago Hamilton's parents refused their consent to the union. This evening at 8:30 o'clock young Hamilton called at the home of his affianced. He remained with her a few minutes, and then went to the drug store at McAllister and Baker streets and purchased a bottle of strychnine. Returning, he told Miss Moore that he had bought a bottle of bromo seltzer. The girl, believing what he said to be true, led him to the kitchen, took from the shelf a glass and placed it to receive the powder. Into the glass Hamilton poured the poison. Attentive to her lover's wants, Miss Moore procured for him a spoon with which to mix the drink. This done, Hamilton filled the glass with water and with "here goes, Tess," drank off the deadly draught, the unsuspecting maiden lovingly watching the while.

### Escape of Prisoners.

Roseburg, Or., Oct. 14.—Three prisoners escaped from the county jail this afternoon about 2 o'clock by digging through the brick wall at the north end of the corridor.

Six men were confined in the jail awaiting the action of the grand jury. Two of these are charged with murder and did not attempt to escape. All of them had been allowed the liberty of the corridor in the day time. The leader in the break was Bob Hinman, charged with burglary. He is the only witness to the escape of murderer Sam Brown last December. The two others were hoboes that were in for stealing. The sheriff and posse are in hot pursuit.

### Marvelous Results.

From a letter written by Rev. J. Gunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at River Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at Blakeley & Houghton, Druggists.
