## WRECKED BY WIND

Desolation in the Path of the Hurricane.

HUNDREDS RENDERED HOMELESS

The Town of Cedar Keys Levelled to the Ground—Sixty-Seven Persons Killed in the State.

JACKSONVILLE, Fla., Oct. 5.—Communication with the interior is restored, and the news of the destruction of life and property by Tuesday's hurricane becomes appalling. Hundreds of persons are homeless and must suffer from hunger unless relief shall be quickly furnished. Reports to the Citizen from many different towns, including all of the important points in Levy, Lafayette, Suwanee, Columbus, Bradford and Baker counties, show that sixty-seven persons were killed, and sixty-two injured. These are the known casualties. To this total, probably a considerable number must be added to cover those not yet heard from.

The loss of life was greatest at Cedar Keys, on the Gulf of Mexico, where the hurricane entered the state. Over half of the known deaths occurred at that place. The destruction of valuable timber, turpentine trees, farm crops phosphate works and buildings of every description in the counties mentioned forming a belt across the state from southwest to northwest, will aggregate hundreds of thousands—if not millions—of dollars.

Full and authentic advices from Cedar Keys late tonight show the almost total destruction of the town, and the loss of thirty-nine lives. This is believed to include the complete roll of the dead. At Shell Mound, a great pleasure resort near that place, a party of five men, three women and three children were camping out. Some surveyors making their way home after the storm found 11 bodies strewn on the shore, under logs and brush. They were close together, which would indicate that they were simultaneously killed by the tidal wave. Eight other bodies have been found on the beach. Twenty fishermen are still missing, all of whom are dead.

During the hurricane at Cedar Keys, the water came up with the wind, and down the principal streets rushed a mad torrent, upon which floated houses, boats and debris of every description. While the tempest was at its height, the Bettelini house, the Schemmer and John Sherrill's residence took fire and were burned. The destruction of property was very great, the loss being estimated at \$250,000.

### FOURTEEN LIVES LOST.

Steamer Arago Carried on the Rocks of Coos Bay North Jetty.

MARSHFIELD, Or., Oct. 20.—The Oregon Coal & Navigation Company's steamer Arago is a total wreck. She lies in about 30 feet of water on the Coos bay, and 200 yards from the bones of the wrecked whaleback steamer Wetmore. The cause of the accident is somewhat enveloped in mystery, as all of the officers refuse to give any statement as to it, though no blame is attached to Captain Reed.

The Arago left her dock at Empire City this morning and reached the bar about 8 o'clock. The weather was thick and the bar exceedingly rough, although it was nothing uncommon for the Arago to cross out in such weather. As the breakers were neared, the steamer was on her course close in to the north jetty. She was slowed down, and when near the end of the jetty a northerly current

caught her bow, swinging her around. At the same time a tremendous wave caught her on the port quarter and completely shifted her around out of her course before she could be headed around. Another sea caught her and drove her stern upon the rocks of the jetty, breaking a hole in her bottom. The Arago by this time had drifted among the breakers and was beyond control by her helm.

The next sea that followed carried away the after cabin, containing several passengers, and a waiter with it.

Captain Reed then ordered the boats lowered, as she was sinking astern and waves were washing her decks. Two lifeboats were lowered and loaded. One capsized not far from the steamer, but righted again, only to turn over once more. The sea was something terrific, and it looked as if the lifeboats would not live long. The last time the lifeboat capsized the only man to appear on the surface was rescued by the lifeboat in charge of the second mate.

Chief Engineer W. E. Brown was washed overboard while on the steamer, and John Norman, a passenger, was washed out of the rigging by the force of the waves.

Captain Reed remained by his ship, and was the last to have. He was taken off with the remaining passenger and by the lifesaving crew.

Among the lives known to be lost are: John Norman, Marshfield, passenger. E. McGraw, Coquille City, passenger. Richard Walters, of Oakland, Or., passenger.

W. E. Brown, chief engineer. William Whittle, fireman. Eric Wall, fireman. Anthony McDade, fireman. Richard Paterson, steward. E. Fernandez, chief cook. J. Kruger, seaman. Henry Sanders, sailor. Ben, the mess boy. None of the bodies have been recovered.

### Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City Ill. was told by her doctors she had Consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida St. San Francisco, suffered from a dreadful cold, approaching Consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in Coughs and colds. ### HARRISON'S TRIUMPHAL TOUR.

Old Generals Doing Good Work in Indiana—Work of the Silver Forces.

CHICAGO, Oct. 20.—[Special to THE CHRONICLE]—Republicans here are greatly encouraged over the day's registration in Chicago which shows that every sound money Democrat will vote against Bryan. Democrats in their Illinois state headquarters privately concede the hopelessness of their campaign, and have practically closed their attack here. They will now turn their attention to Michigan and Indiana. They have sent the chief of the speakers' bureau to Michigan to manage the oratorical campaign in the saddle. The first day's experience has been decidedly discouraging. Telegrams indicate that ex-President Harrison's stump tour, begun today, has aroused Indiana, and that Gen. Alger's train of old soldiers touring Michigan has aroused that state. The Popocratic campaign of misrepresentation proceeds. Their determination to make untruths the chief ammunition till election day is demonstrated by the official announcement of a Popocratic silver organ in Chicago, whose principal owner is under sentence to the penitentiary for sending obscene literature through the mails. This organ re-published the odious Pressly letter from Boston, referred to in these dispatches yesterday, in spite of the fact that Chairman Hanna has denounced it publicly in every newspaper in the country as a falsehood. Chairman Jones also continues the effort to array class against class and stir up bitterness among the working people by issuing to the newspapers for publication an inflammatory statement which charges that employes are being coerced into the support of McKinley, although this statement has been repeatedly denied and proven false in every case where the charge was specifically made and an investigation possible. Right Reverend George L. Seymour, bishop of Episcopal diocese of Southern Illinois, joined in the public expression in favor of sound money made by Bishop Newman of the Methodist church, and Archbishop Ireland and Monsigneur Zeninger of the Roman Catholic church, through a letter to the state Republican committee of Illinois.

Trouble broke out in the Popocratic camp today over the discovery by ambitious men that promises of certain official positions of high grade are freely made, and that they are being duplicated in a way extremely embarrassing to those who have "put up" to secure the first pledges. This is especially illustrated in the discovery that the position of minister to France, which was promised to Marquis Daley, the Montana silver mine owner, has now been pledged, this time to Daley's bitter political enemy, W. A. Clarke, another Montana silver mine owner. It is understood that a contribution of \$70,000 was obtained from Clarke in addition to \$30,000 already given to the campaign fund, Clarke's ambition being to shine in diplomatic circles as a "silver king."

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J.
