Yesterday's Ruces.

The gentlemen's roadster race for trotters and pacers was filled with the following local horses: Barney, May Boy, Solo, Nellie Whipple, Kisbar and Dick Trumbull. Every one had looked forward to this contest with considerable interest and expected to see some Bud Doble work on the sulky. Just as the horses were called out the owners of Barney, May Boy, Solo and Dick Trumbull entered a protest, against Nellie Whipple, a Goldendale horse, owned by Geo. F. McKinney. The protest was made on the ground that Nellie Whipple was in the hands of a professional trainer and had competed in a race at Chehalis, Wash., last May. The judges decided that Nellie Whipple must compete under protest, but the owners of all the horses except Kisbar refused to start. This threw the race out, but pockets and put it into theirs? Nellie Whipple and Kisbar drove around the track to save entrance money. The crowd was greatly displeased with the action of the owners in drawing off the horses at the last moment. The decision of the judges that all the horses compete and if the protest was well founded and of sufficient weight to disqualify a horse, Nellie Whipple would not be given the race if she won, gave entire satisfaction. If the judges saw fit they could have ruled the horses and owners, that withdrew, off the track for life. After this race fell through most of the people left the grounds, but those who remained saw two good scrub races. The first one was between two horses called Ted and Mand. They made one circle of the track and Maud easily won. The next race was between two un-

SILVER AS THE FARMER'S FRIEND.

FREE SILVER WOULD HELP THE BIG FARMER BY CUTTING DOWN THE WAGES OF HIS HIRED MEN.

A Cool, Calculating Farmer Explains the Situation to His Wife-He Thinks He Will Gain Nearly \$2,000 by the Sixteen to One Scheme-Half of This Will Be Taken From the Wages of His Farmhands... His Wife Shacked at the Idea of Cheating Their Hired Help-Will Do Her Best to Prevent Bryan's Election.

Farmer-I reckon this free silver's about the best friend of us farmers that's come our way since the war. Allowing Bryan's elected all right this \$2,000 more next year than now.

Farmer's Wife-Nonsense, Harve! I don't believe silver's going to make folks rich. One'll have to work for a living if Bryan's elected just as hard as if he isn't.

F.—I don't deny but what you're head's level there, Jane. Some folks will have to work harder, but it won't be us farmers. We'll come out on top with free silver. That's sure's shooten.

F. W .- What crazy notion's in your head now anyhow? D'you think farmers are smart enough to make laws that'll take money out of other folks'

F .- P'r'aps not, but they're going to try it. I s'pose you don't see how free silver'll help us, but I do.

F. W.—If you'll take my advice, you'll not bother yourself to death trying to get rich by free silver. I'll warrant it won't work as you calc'late.

F .- I'll tell you one way it'll help me, Jane. You know that if we get free coinage we will have silver dollars worth 'bout 50 cents-same's Mexican dollars now.

F. W .- I thought Bryan said that silver'd be worth just as much as gold when we get free silver.

F .- Yes, that's what he says in the east so's he won't scare the millhands and savings bank folks too much. But he don't talk that way out here, because he know's that ain't what we're after. We want cheap money, so's prices of wheat, corn and pork'll be twice as high, same

F. W .- Supp's'n they are. Wouldn't you have to pay twice as much for clothes and groc'r'es and everything else you'd have to buy? If you got \$2 instead of \$1, you'd have to spend \$2 instead of \$1. It'd be as broad as it is long. If that's the way silver's going to make you

rich, you'll never get rich.
F.—But I wouldn't have to spend \$2 for every \$1 I spend now. You know, we have at least two hired men the whole year and three to five more from April to November, besides the hired girl for most of the year. Do you reckon I'm going to raise their pay when we get free silver?

F. W .- I s'pose so. Why shouldn't you?

F .- Just because I wouldn't have to. P'raps after a year or so I'd give 'em \$2 or \$3 more a month, but nothing like double what they're getting now. I calc'late I'd save between \$800 and \$1,000 in wages-not quite so much on John and Dave, because they board with us, and of course the prices of some of Last Thursday word was brought in to the things they eat would go up, but how I figger it, and it's 'cording to the opinion of Governor Boies and other big silver people. They say farm wages is

F. W .- And so that's why you're for free silver, Harve Grimes; want to cheat your poor hired hands out of half their wages, men who now can hardly keep their families out of the poorhouse! I thought it was them Wall street Shylocks and goldbugs you're after with your free silver stick and that you're trying to square accounts with them rich fellers, but it seems-

F .- Hold up there, Jane! Free silver's going to save us 'bout \$1,000 on what I still owe on that \$4,000 mortgage. Who d'you think'll lose that?

F. W .- I don't care who'd lose it. "Tain't right to cheat anybody, but I wouldn't say a word so long's it's somebody who could afford to lose it, but when it comes to cheating your poor neighbors it's time to put a stop to it. I don't care if you never get that other farm paid for. I guess we won't starve on this old farm. I'm going to tell John and Dave and all the others just how free silver will hurt them, and I'll get WASHINGTON them all to vote against Bryan. The idea of such farmers as you trying to NEW YORK elect Bryan to cut down the wages of BOSTON AND ALL your hired men! I'm ashamed of you, I POINTS EAST and SOUTH

Never was a more grievous wrong done the farmers of our country than that so unjustly inflicted during the past three years upon the wool growers. Although among our most useful citizens, their in-terests have been practically destroyed. -McKinley's letter of acceptance.
