RUNNING NIGHTS NOW

Canton Has an Immense and Brilliant Parade.

FARMER ALLERTON FOR SECRETARY

McKinley's Election Believed in Europe to Be a Threat to Spain, Over Cuba.

Improved Business in a Manufacturing Town.

LYONS, N. Y., Nov. 8.—The Manhattan silver-plate factory, which has been running irregularly since January last, has commenced running nights on account of large orders conditioned on the election results.

The New Haven silver-plate factory and A. H. Towar & Company's silver-plate factory have both started up on full time. There is even a scarcity of employes at present.

The Fisher pottery, established in 1825, is now running full blast for the first time in many months.

The result of all this is that the produce-handlers are now able to secure money with which to move the big apple crop, which is estimated at 720,000 barrels. There has been an increase in farm produce prices also and collections are said to be improving.

Canton's Last Great Parade.

CANTON, O., Nov. 7.—Much as President-elect McKinley has desired to get his wife away from the excitement about his Canton home, it was decided this evening that it was best for Mrs. McKinley not to attempt the trip before Wednesday or Thursday of next week, instead of Monday, as expected. The scenes of congratulation and jollification have continued without cessation and today thousands of people marched through the streets and gathered about hours before tonight's big jollification began. At the breakfast table Major McKinley was signalled by farmers who have travelled miles to come to Canton and who tapped at the window and beckoned him to their greetings. He responded to their manifestations of good will by securing a jardinoire of chrysanthemums and going to the side door made them happy by giving them such floral beauties as are seldom seen anywhere. All day long the joyous throngs marched through the streets and filled the sidewalks. They came in special trains and special cars, on regular trains and by carriage, on horseback, bicycle and afoot.

Chief Marshal Harry Freese started the final great campaign parade tonight before 8 o'clock and Canton had a pyrotechnical blaze of glory such as she had never enjoyed before in the eventful days which have passed. Republican committees, Republican and Democratic sound money committees, citizens and reception escort committees and the citizens of Canton and Stark county, combined with the people from Eastern Ohio and Western Pennsylvania, made one last grand parade and demonstration. They marched and cheered over the lines of march that have been trod by nearly a million of people and are now historic in the annals of American politics. The echoes of the roar of cannon and the din of cheering reverberated over the city and for miles into the country. Major McKinley and a score of friends reviewed the parade as it passed his house. Owing to Mrs. McKinley's ill health it is expected that will end the jollification parades and the McKinley yell, which for months has reigned supreme, will now take a rest in

McKinley's Election a Threat to Spain in Cuban Matters.

PARIS, Nov. 7.—The Gaulois contains interviews with a number of members of the chamber of deputies, and among others, M. Paul de Chanel, upon the results of Mr. McKinley's election as president, in which he says:

"It will benefit the English capitalists who have lent their gold to the United States and the French agriculturists, but French industries have to fear the protective tariff. The great black spot in the new presidency is the Cuban question."

M. de Lambre, the president of the budget committee of the chamber, expressed the view that he did not think it would prove that the McKinley tariff would greatly affect French trade.

M. Francis echoed the opinion of M. de Lambre. It is to be hoped that Spain will suppress the rebellion in Cuba before McKinley is installed.

A New Colorado Railroad.

VICTOR, Col., Nov. 8.—The Colorado Springs, Victor & Cripple Creek railroad, incorporated several weeks ago, has succeeded in placing its bonds, and work on the line will be pushed as rapidly as possible. The funds were awaiting the result of the election, and after the election was over, they were promptly taken up. The new road will be an electric line, 31 miles in length, and will cost \$300,000. The bonds are 6 per cent semi-annual gold bonds, and they were floated in Boston. The directors expect to have trains running by the first of July, 1897. Tomorrow Mackey & Ross will begin the actual construction of the Victor & Cripple Creek electric line.

Coal Miners Going Out.

JACKSON, O., Nov. 8.—All the coal mines here are idle, the men going out today. President Ratchford, of the Ohio miners, is here holding conferences, and there was a mass meeting today, but no settlement has been reached. The miners are resisting the 45-cent rate, saying they can barely live in that region at the 61-cent rate. The men have been having less than half time for months and are suffering now. The trouble is over the differentials of different districts in the state, and it is feared that the controversy will cause a general strike of many thousands of miners in Ohio.

A Place for Farmer Allerton.

LINCOLN, Neb., Nov. 8.—Livestock men of Omaha, Kansas City and the West generally have inaugurated a campaign to secure for "Farmer" Samuel Allerton the position of secretary of agriculture in McKinley's cabinet. Harvey Ingersoll yesterday received a communication from Secretary Baker, of the National Livestock Exchange, asking him to confer with members of the executive committee of the local exchange on that subject.

Rolling Mills Open.

TOLEDO, O., Nov. 8.—The Mammoth Rolling Mill Company will increase its force by 200 men tomorrow. The sheet-iron mills have been closed for several months, and would not have opened in the event of Bryan's election. The men are all high-priced skilled workmen.

When four days old my babe broke out over one side of his head and body with watery blisters, which turned to a complete scab. We called the family doctor, and he said that "he could heal them up," but "the baby would never have any more hair on his head," and we were completely discouraged. We were told to try CUTICURA REMEDIES and did so. We used two boxes of CUTICURA, two cakes of CUTICURA SOAP, and he now is all right. The hair is on thick, and you would never think there was anything the matter with him, he is so fat, good, and hearty, and I do not know how to praise CUTICURA REMEDIES enough for the good they did my child. MRS. WM. H. SCOTT, Luzerne, Pa.
