SHE IS AT LIBERTY

Tears, Doctors and Wealth Set Mrs. Castle Free.

COXEY MAKES A NEW PLATFORM

Altgeld Will Be Nominated for Senator by the Illinois Democracy, Just for Discipline.

LONDON, Nov. 10.—Mrs. Walter M. Castle, of San Francisco, sentenced at the Clerkenwell sessions Friday last to three months' imprisonment without hard labor, after having pleaded guilty by advice of her counsel to a charge of shop-lifting, was released from Wormwood Scrubs prison today on medical grounds, by order of the home secretary, Sir Matthew White Ridley. The commissioner of prisons, it appears, directed the medical board to inquire into and report upon the health of Mrs. Castle, whose condition was causing anxiety to prison authorities. She was watched day and night by special attendants at the infirmary and shown every attention possible. The commissioners after receiving the report of the medical board on the state of Mrs. Castle's health, communicated with the home secretary, who promptly ordered her release from prison and that she be placed in the care of her husband, who has undertaken to take her back to the United States with the least possible delay.

Mr. Castle called at the home office at 11 o'clock and was informed that his wife would be released at 1 o'clock. Accompanied by a nurse he entered a carriage and drove to Wormwood Scrubs prison, where he arrived at 12:45 p. m. The jailers ushered him into the waiting-room, and after a brief delay Deputy Northy granted the unusual permission for the carriage to enter the gates and drive to the door of the hospital prison.

Mr. Castle and nurse alighted and went to the door, and a few moments later Mrs. Castle, dressed in black, was almost carried out of the hospital by the female attendants. She was deathly pale, and her face was tearstained. She appeared to be on the verge of a collapse, and sank fainting into her husband's arms. He tenderly embraced and tried to console her. The nurse enveloped Mrs. Castle's face in a heavy veil, wrapped her up in a shawl and assisted her to the carriage, where her head fell on her husband's shoulder, and she sobbed hysterically. As the carriage passed out of the prison gates the driver applied the whip and drove rapidly away.

While Mr. Castle was in the waiting-room of the prison he was interviewed by a representative of the Associated Press. He said:

"I feel twenty years younger and as though the nightmare of the past month had vanished. My wife was informed last night that I would come for her today. She was utterly prostrated yesterday. I shall immediately retire to the country, place my wife under a doctor's care and endeavor to restore her health in order to permit her speedy return to America. I desire especially to thank the Associated Press for its kindness to me and mine for the manner in which it has placed the matter before the American newspapers."

Bernard Abrahams, of the counsel for Castle, received the following note from the home office last evening: "Prisoner, Ella Castle, will be released on account of her mental and physical condition and other circumstances. (Signed), DEAN, Under Secretary."

Shot a Fellow Hobo.
ROSEBURG, Or., Nov. 10.—A quarrel among hobos this afternoon resulted in one of them purchasing a Winchester at a second-hand store near the railroad station. He passed through the station.

yard a short distance, met one of a party and deliberately shot him in the lower part of the body. He would have shot him again, but bystanders begged him not to do so. The hobo then shouldered his gun and crossed the Umpqua bridge toward Coos bay. After some delay a deputy sheriff started in pursuit. The names of those concerned are unknown. This is the second tramp that has been seriously injured here this week, and the man who did the shooting today is supposed to have committed the first crime.

Coxey's New Platform.

CLEVELAND, Nov. 10.—J. S. Coxey has a new doctrine for 1900. His platform declared for the demonization of gold as well as of silver, state ownership of railroads, highways, waterways, telegraph and telephone lines; municipal ownership of street-cars, water works, market-houses, electric light and gas plants; employment of surplus labor in public works; woman's suffrage; state control of the liquor traffic and the election of president by direct vote of the people.

Coxey had called a conference of all the friends of the initiative and referendum and advocates of the above principles at the Lindell hotel, St. Louis, for January 12 next.

Strange Disease Killing Young Salmon.

OREGON CITY, Nov. 19.—A strange disease has developed in the young salmon at the Clackamas hatchery, by which about half of the 2,000,000 brought from the Salmon river have been destroyed. The only visible sign of the disease is a white spot on the belly of the young fish, and in every case it appears to be fatal. Superintendent Hubbard will send specimens that have died of the strange malady to Washington for examination.

Harney County for Bryan.

BURNS, Or., Nov. 8.—The official count of this county will not be made for several days, but all the precincts are now in but one, and that will give most of its vote for the Bryan electors, which will make the county about 255 majority for Bryan. TO MAINTAIN DISCIPLINE.

Illinois Democrats Will Nominate Altgeld for Senator.

CHICAGO, Nov. 10.—Governor Altgeld will be nominated for United States senator by the Democrats of the general assembly next January. This action, although merely complimentary, is intended to be the response of the regular Democratic organization to the talk about dropping Altgeld from the silver movement. The original intention had been to compliment Samuel P. McConnell with the Democratic vote for senator, but the predictions of Governor Altgeld's enforced retirement have led to the change of program. The announcement of the change was formally made at the Democratic county headquarters yesterday.

Aside from other considerations the nomination of Altgeld is expected to maintain discipline among Democrats in a way that no other nomination, not even of McConnell would. That is, the governor's nomination is looked upon as certain to result in every Democratic vote being cast for him, and in none being bartered to a Republican aspirant in case a break-up should occur in the Republican forces.
