THE CUBAN BUTCHER

Takes the Field and Gets Whipped.

HIS CASE SHROUDED IN MYSTERY

A Judge Hides Fifty Miles in a Snow Storm to Get a Prisoner Reprieved.

St. Louis, Nov. 12.—A special to the Globe-Democrat from Key West, Fla., says:

Captain-General Weyler has at last met the Cubans on the field, and has suffered a repulse, according to the advices per Steamer Olivette, from Havana, last night. Weyler, it is said, was attacked while encamped in the Gobernado hills, in Pinar del Rio province, by Cubans, under Perico del Bado and Perico Diaz. The Cubans surprised the Spanish outposts, and, for a time, great confusion prevailed in Weyler's camp. Weyler is said to have fallen back about eight miles. During the retreat, the Cubans killed thirty-four Spaniards and wounded sixty others.

American Supervision Over Cuba.

New York, Nov. 11.—The Journal's London cable says:

"I am told that the attitude of England favors an agreement that America should hold future supervision over Cuba. She knows that the other powers will not object to this mode of ending the impotent reign of Spain in that island, and she also knows that she will not be allowed by either Europe or America to exercise this suzerainty herself. It is said that the British government has sounded the chief chancellors of Europe as to their attitude toward American interference between Spain and Cuba and has satisfied herself that no great power will object to this course."

DRAWING NEAR A CRISIS.

Important Developments in the Cuban Affairs Expected.

New York, Nov. 12.—A special to the Herald from Washington says:

Important developments in Cuban affairs may be expected at an early date, but not from this end of the line. The administration thoroughly understands the situation in Cuba, as it exists today, and does not regard the time as ripe for any action by this country.

Many sensational reports are afloat about immediate intervention by the United States and extensive military preparations for prospective trouble with Spain. It can be stated authoritatively that the president regards the military situation in Cuba as far too critical to warrant any action by the United States at this time. It is the firm conviction of the administration officials that a real crisis is approaching in Cuban affairs, and that the only safe course for this country to pursue is to await developments.

A DRIVE FOR A LIFE.

Judge's Efforts to Save a Convicted Murderer.

FARGO, N. D., Nov. 11.—The chances that Myron Kent will not hang Thursday grow brighter. Governor Allen has wired Judge McConnell for the reason for asking executive clemency. The latter telegraphed back: "The reason I request you to commute the death sentence of Myron Kent is that his case is shrouded in mystery, and his conviction is based merely on circumstantial evidence which does not preclude all possible doubt."

Coming, as this does, from the man who presided over the trial, it is strong language, and may influence the governor. Immediately on receipt of this

the governor wired Judge McConnell to come at once to Bismark. The judge was at Sherbrooke, in Steele county, and a telegraph says he missed the Great Northern train at Hope, but started to drive 50 miles across the Snow-aden prairie with the temperature below zero, to reach the main line of the Northern Pacific in time to catch the midnight train to Bismark. It is a ride to save a man's life, and if he reaches the capital in time to confer with Governor Allen, the sentence will probably be commuted. Sheriff Barns will have everything in readiness for the execution Thursday morning unless executive clemency is exercised within the next 24 hours.

WHERE THEY STAND.

Republican Silver Senators Will Abide by the Caucus.

New York, Nov. 11.—Senators Clark and Warren, of Wyoming; Senators Brown and Cannon, of Utah, and Senator Perkins, of California, whose future positions of finance and the tariff have been in doubt, may control by their votes the action of congress this winter on all financial legislation. They have removed the uncertainty, however, by telegraphing to the World where they stand. All but one of them will participate in the Republican caucus and abide by its decision as to bills increasing the public revenues. Three of them are as much opposed to the single gold standard as ever, but none of them, except Senator Cannon, a representative of Utah, will insist upon a free-silver rider to the Dingley or any other tariff bill.

New Tariff Law Must Be Passed at Once.

New York, Nov. 11.—Senator Sherman, of Ohio, who is at the Fifth-avenue hotel, talked freely with an Evening Post reporter today about the outlook for legislation in congress.

"It will be necessary to pass a tariff measure at once," he said. "The Dingley bill with some changes will do for the present. The Democrats made a great mistake in not permitting that bill to pass at the last congress. It was only a temporary measure, intended to raise the revenue the government absolutely needed, and if the Democrats had let it go through they would have escaped a great deal of censure and criticism that was heaped upon it. I doubt if the Democrats in the senate will oppose the bill."

"I am sure the silver senators would not obstruct legislation. I understand all the silver men except Teller and Dubois are opposed to the policy of obstruction. If the Dingley bill is passed at the coming session of congress there will be no necessity for an extraordinary session after March 4. Considering everything I think the outlook for the passage of the bill is bright."

"It is doubtful if the Republicans will have a majority in the senate. No-body can tell yet whether Republicans or Democrats will go to the senate from Kentucky and North Carolina. Until these states elect senators it will be impossible to say which side will have a majority."

Act of an Enraged Negro.
GUTHRIE, O. T., Nov. 11.—During the progress of a petty case in the county court here, I. E. Saddler, a negro lawyer, attacked and severely wounded Thomas H. Jones, a prominent attorney and ex-member of the Kansas legislature. Saddler became enraged at something Jones said, knocked him down with an iron court seal, and jumped on to him before others could interfere. Saddler had just been elected justice of the peace on the Republican ticket. He is in jail.

When four days old my babe broke out over one side of his head and body with watery blisters, which turned to a complete scalp. We called the family doctor, and he said that "he could heal them up," but "the baby would never have any more hair on his head," and we were completely discouraged. We were told to try CUTICURA REMEDIES and did so. We used two boxes of CUTICURA, two cakes of CUTICURA SOAP, and he now is all right. The hair is on thick, and you would never think there was anything the matter with him, he is so fat, good, and hearty, and I do not know how to praise CUTICURA REMEDIES enough for the good they did my child.
