DID NOT ASK SUPPORT.

Castillo Denies That He Sounded the European Powers.

MADRID, Nov. 12.—With regard to dispatches from Washington on the subject of a possibility of trouble between the United States and Spain, it is officially denied that the Spanish premier, senor Canovas del Castillo, has communicated with the powers with a view to seeking support against the United States. It is explained that the story is probably a revival of the report circulated in August last, when Spain prepared a memorandum on Cuban relations with the United States, suggesting that the powers assist Spain in bringing amicable pressure to bear on the United States.

On the occasion indicated and by the advice of the ambassadors of the powers, the Spanish minister of foreign affairs consulted with the United States minister at Madrid before sending a memorandum. It was the view of Minister Taylor that a dispatch of such note directly after President Cleveland's proclamation calling for the observance of the neutrality laws would be calculated to seriously affect the relations between Spain and the United States, and in deference to that expression, the Spanish minister of foreign affairs assured Minister Taylor that the memorandum would be withheld, also stating that no offense was intended to President Cleveland or the government of the United States, and that Spain only desired to sound the powers with a view to the contingencies which might arise out of the presidential election.

It is now added that the possibility of war between the United States and Spain is regarded as most remote. It is pointed out that Spain remained perfectly neutral during the presidential election.

CAME INTO HIS OWN AGAIN.

Richard Pilkey's Transition from Sailor to Capitalist.

LOCKPORT, N. Y., Nov. 12.—Richard Pilkey, a young man formerly employed on the Erie canal, gave up the life of a fresh-water sailor today, and boarded the noon train for the West, with a letter in his pocket which proclaimed him the heir to property in Michigan worth \$2,000,000.

When 17 years old, he was sent to Chicago to college, and had money without stint. In 1892 he got into trouble, the nature of which he did not care to state, and his father disowned him. He found himself in the big city, without money and without friends. As a last resort he shipped on a lake steamer for Buffalo. When the boat arrived there he was paid off and was told that he was no longer wanted. When his money was gone he got a job on the canal, shipping with Captain Brinker, of the steam canal-boat Sidney. He ran on the canal until November, 1896, when the Sidney was levied on and sold.

On the morning of the sale of the boat

Tea is better fresh—if it isn't, what does the grocer mean by telling you that he has some tea just come from abroad?

Fresh doesn't mean just picked; it means just roasted. *Schilling's Best* is roasted as fast as your grocer wants it—no faster—in San Francisco.

Pilkey got a letter from a Mr. Simpson of Michigan telling him to come home, that his father and mother were both dead. The young man had no money with which to travel, and wrote to that effect, and yesterday he received another letter informing him that his father had not left any will, and that he was the sole heir to his estate, worth \$2,000,000.

Russia Collecting a Large Force at Vladivostok.

SAN FRANCISCO, Nov. 12.—The Bulletin says:

"A letter containing a duplicate of mail advices sent by the regular correspondent of the Hong Kong Press, at Vladivostok, and was turned over to the Bulletin today. The communication shows that the czar is massing troops in the Vladivostok district, and has a large number of naval vessels in northern waters. The principal details of the situation are contained in the following paragraphs:

"Although the Russian government explains that the massing of troops in the Primorsk and Eastern Siberia is due to 'exchange of army divisions,' it is learned that in all the divisions of Vladivostok there are not less than 112,000 men of arms, which monster army is looked upon as a menace to the peace of Asia."

"The correspondent, commenting on the situation says:

"While it is confessed that Russia is entitled to some outlet to the Pacific, the continuous and warlike preparations are anything but reassuring. The frequent presence of Russia's engineers at Port Arthur, and their operations in Manchuria, with the tacit consent of China, are highly significant indications of the relations between Russia and China, and point unmistakably to the common object of Russia's warlike preparations."

"It behooves the British government to thoroughly investigate this very important matter."

The Venezuelan Decision

LONDON, Nov. 12.—The St. James' Gazette publishes a leading article headed "An Historic Moment," in which it says: "Lord Salisbury's great admission of the principle that the United States have the right to intervene in the frontier disputes of American powers and to compel the disputants to arbitrate, altogether transcends in importance the question of the Guiana boundary. It is a formal recognition of the hegemony of the United States on the American continent, and gives the president of the United States a power which the medieval popes and emperors tried vainly to claim in Europe."

Bolivia Will Accord the Insurgents Belligerent Rights.

SUCRE, Bolivia, via Galveston, Tex., Nov. 12.—The committee on foreign affairs in the chamber, of deputies has reported in favor of the recognition of the Cuban insurgents as belligerents.

The Argentine minister has been instructed to demand of Bolivia the evacuation of the district of San Antonio, lately occupied by the Bolivians.

Trunk Lines May Be Called Upon to Move Troops.

CHICAGO, Nov. 12.—A special to the Inter Ocean from Washington, says:

The war department has called on the leading trunk line roads running to Key West, New Orleans and other gulf ports for an immediate statement of their capacity to move troops, supplies and heavy war material. The information demanded is complete to the most minute detail, and embraces such questions as, "If you are requested to move 5,000 troops over your lines with necessary equipment and supplies, how long after notification will you require to perform the service?" Caution as to secrecy is imposed on all roads called on for information.

Hair Thick, Child Fat, Good, and
Hearty.

When four days old my babe broke out over one side of his head and body with watery blisters, which turned to a complete scab. We called the family doctor, and he said that "he could heal them up," but "the baby would never have any more hair on his head," and we were completely discouraged. We were told to try CUTICURA REMEDIES and did so. We used two boxes of CUTICURA, two cakes of CUTICURA SOAP, and he now is all right. The hair is on thick, and you would never think there was anything the matter with him, he is so fat, rosy, and hearty, and I do not know how to praise CUTICURA REMEDIES enough for the good they did my child.
