BOLIVIA RECOGNIZES CUBA

Wheat Goes Climbing Towards the Dollar Mark—Coast Fortifications Being Pushed.

WASHINGTON, Nov. 13.—While the navy is being placed on a war footing in anticipation of possible trouble with Spain, growing out of the Cuban rebellion, the army is equally active in its warlike preparations, especially along the South Atlantic coast. General Craighill, chief of engineers of the army has just returned from a hurried inspection of the fortifications now in course of construction at Galveston, Fort San Philippe, on the the Mississippi river below New Orleans, Mobile, Pensacola, Key West, and further islands.

These works of coastwise defense have been quietly but rapidly pushed toward completion, and General Craighill has reported to the secretary of war that all or nearly all of them will be ready for occupancy by December 15.

General Craighill would not say that work on these fortifications and the orders for their immediate completion had any bearing upon the Cuban question, but he placed a significant emphasis upon the remark that, "Just now we are exerting all the energy of the engineer corps in the work upon these fortifications."

At the last session of congress an appropriation of \$5,000,000 was provided for immediate expenditure upon the coast defenses from Maine to Texas, besides as much more for contracts. This being an unusually liberal amount, orders were given to exercise all due haste in the work along the Southern coast.

General Craighill says the work on the fortifications has been pushed forward to the exclusion of other business of the engineering department. He is gratified to report that they will be ready to receive their armament not later than the middle of next month.

CUBANS RECOGNIZED.

Sensation Caused in Peru by the Action of Bolivia.

LIMA, Peru, Nov. 13.—Something of a sensation has been caused here by the news received yesterday from Sucre, Bolivia, of a favorable report made by the committee on foreign affairs of the Bolivian chamber of deputies on a decision to recognize the Cuban insurgents as belligerents.

Upon hearing the news, the Spanish envoy to Peru, Senor Devanello, who is also accredited to Bolivia, immediately set out for Sucre to look after Spanish interests in that capital, and presumably to lodge a protest on behalf of his government against the proposed action.

Further advices received today from Sucre show that the congress had an exciting and stormy session to consider the resolution. The president of the chamber declared the resolution adopted, and the senate proceeded to approve it in the midst of loud protests from excited senators and great confusion in the senate chamber, so that the session finally had to be suspended.

Climbing Up Toward the Dollar Mark

SAN FRANCISCO, Nov. 13.—Wheat in the local market reached the highest point this morning since 1891, and five cents higher than the highest point reached three weeks ago. It opened strong and closed at the end of the first morning session very much excited.

May opened at \$1.60 per cental and closed at \$1.63 3/4; December opened at \$1.56 1/2 and closed at \$1.57 1/2. A large amount of deep water tonnage in port

The New York Market.

NEW YORK, Nov. 13.—Wheat made another long reach towards the dollar mark this morning. December in the first hour sold up to 90 1/2. Trade was very active for a time, including a fair volume of European buying, stimulated by strong cables. The bulge started heavy realizations and towards noon prices eased off. Unfavorable crop reports from France and Argentine helped the bulls.

Gov. Atkinson Withdraws.

ATLANTA, Ga., Nov. 13.—Governor Atkinson this afternoon announced his retirement from the senatorial race. This leaves the contest between Clay and Howell unless a dark horse is introduced.

It is expected Atkinson's strength will be thrown to Clay.

Stands at the Head.

Aug. J. Bogel, the leading druggist of Shreveport, La., says: "Dr. King's New Discovery is the only thing that cures my cough, and it is the best seller I have." J. F. Campbell, merchant of Safford, Ariz., writes: "Dr. King's New Discovery is all that is claimed for it; it never fails, and is a sure cure for Consumption, Coughs, and Colds. I cannot say enough for its merits." Dr. King's New Discovery for Consumption, Coughs and Colds is not an experiment. It has been tried for a quarter of a century, and today stands at the head. It never disappoints. Free trial bottles at Blakeley & Houghton's drug store.

The Delaware Case Settled.

WILMINGTON, Del., Nov. 13.—Governor Watson issued a proclamation today declaring that all the votes cast for James G. Shaw and James G. Shaw, sr., for presidential elector, shall count for James G. Shaw. This will send the three McKinley electors from Delaware to the electoral college.

THE RESULT IN KENTUCKY.

Bryan Secures One Out of Thirteen Electors.

FRANKFORT, Ky., Nov. 13.—The Official count of the vote shows that Cash, the first elector on the ticket for McKinley and Hobart, has 218,054; Smith, the highest on Bryan and Sewall ticket, 217,796. Smith defeats the lowest McKinley elector. McKinley's plurality is 258, taking the two highest votes.

Several Small Engagements.

MADRID, Nov. 13.—A number of engagements have taken place in the provinces of Matanzas, Havana and Pinar del Rio, in Cuba. The rebels at Tenerife were dispersed (the latter is a hamlet near Consolation del Sur, in the province of Pinar del Rio). General Aroles reports having heard firing near Loma, probably from the division under General Weyler.

The hills of Rubi have been captured after a serious engagement. The Spaniards had a general, six officers and fifty-four soldiers wounded.

No Truth in This Story.

LONDON, Nov. 13.—Officials at the foreign office deny that there is any true in the story published by a New York newspaper, that the British ambassador, Sir Julian Pauncefote, tendered the good offices of Great Britain with a view to averting trouble between the United States and Spain. Officials say that beyond newspaper rumors they have no knowledge of any difficulty between the United States and Spain.

When four days old my babe broke out over one side of his head and body with watery blisters, which turned to a complete scab. The hair is on thick, and you would never think there was anything the matter with him, he is so fat, good, and hearty, and I do not know how to praise CUTICURA REMEDIES enough for the good they did my child.
