NO 278

HIS FINAL MESSAGE

President Cleveland Getting Ready for Congress.

AWAITING CUBAN DEVELOPMENT

Among Other Things He Will Recommend the Retirement of the Greenbacks and the Sherman Notes.

WASHINGTON, Nov. 27.—President Cleveland has been devoting a great deal of time to his annual message during the last week, and now has it well in hand so that it can be finished in a couple of days.

The message is expected to be one of the ablest documents Mr. Cleveland has written during his two terms. It will be in a sense his farewell to the American people as their chief executive, and there is little doubt that he will embrace the opportunity to mark out the course he believes ought to be followed by the national government for the maintenance and development of the honor and prosperity of the country.

Foreign affairs will naturally claim considerable attention, and the president will have an opportunity to congress and the country upon the solution of the Venezuelan-boundary controversy in America in an honorable and satisfactory manner, alike to the United States and to Great Britain and Venezuela. The condition of affairs in Turkey will be discussed in detail, and the president will be able to show that the ordinary diplomatic agencies have sufficed for the protection of American life and property in the Turkish empire.

The last paragraphs of the message to be written will be those dealing with the situation in Cuba. He will avail himself of the latest possible information as to the military situation in the island, and the prospect for early settlement or failure of the insurgents may have much to do with shaping his policy. The present indications are that he will make no radical recommendations on this subject. Other foreign complications in which the United States is interested will be touched upon briefly.

Secretary Carlisle is preparing data looking to the increase of revenue by imposing revenue duties on tea and coffee, and by increasing the internal revenue tax on beer, and the president will doubtless express his approval of these recommendations.

The financial reform recommendations of the message will be along the line of Mr. Cleveland's former recommendations, and will have as their basis the advocacy of the single gold standard as the foundation of the monetary system of the country.

The retirement of the greenbacks and the Sherman notes will be recommended, so as to take the government entirely out of the business of issuing promissory notes. Banking reform will be recommended at the same time, to enable the banks of the country to issue circulating notes which can be expanded or contracted in volume to meet the needs of the business of the country.

Mr. Cleveland is alive to the necessity of continuing the expansion of the navy, and of constructing coast defenses to put the country in a condition to resist foreign aggressions, and the recommendations on these lines made by Secretaries Lamont and Herbert in their annual reports will be seconded in the message.

AMBITION OF THE PHILADELPHIA

The Cruiser Wants to Own a Speed Record.

SAN FRANCISCO, Nov. 27.—The United States cruiser Philadelphia wants to

own a record, so navy gossip has it, and she fondly hopes to secure it on her coming trip to Callao. It is said that her officers have firmly determined that the vessel shall break all existing records for armored cruisers. Notwithstanding that the officers refuse to corroborate the report, it comes from a good source and would seem to be borne out by the nature of the preparations made for this voyage. No stop will be made on the way down, though it is usual for warships bound to South America to recast at Panama.

In anticipation of the long voyage, 1500 tons of coal has been put aboard the cruiser, and every inch of available space is being economized, encroachments being made on the officers' quarters. The polished floor in the ward-room has been taken up and a coal chute passes through the apartment. The Philadelphia has all the coal she can carry. Tomorrow has been set as the sailing date.

WEYLER WAS DEFEATED.

News of Maceo's Rubi Mountain Victory Confirmed.

NEW YORK, Nov. 27.—The Cuban junta in this city claims to have received confirmation via Key West of the report that Maceo had defeated Captain-General Weyler in the Rubi mountains of Pinar del Rio. The following account of the battle was furnished by the secretary of the junta last night:

General Weyler's forces, while marching through the Rubi mountains, about thirty miles from Havana, were attacked by Maceo's army. The charge was so sudden and played such havoc with the troops that the insurgents were able to pour several volleys into the Spanish ranks before the latter could rally and return the fire. The battle was short and desperate, and General Weyler, seeing that his men were fighting at a disadvantage and were being slaughtered, ordered a retreat, leaving over 1000 dead and taking his wounded with him.

After leaving the mountains General Weyler proceeded to Artemisa, where he stopped to allow his army to rest.

Policy of White-Metal Senators.

SALT LAKE, Nov. 27.—The Tribune publishes an interview with Senator Dubois, of Idaho. The senator says that he has no idea that there will be any attempt to pass the Dingley bill at this session of congress, it is a piece of legislation that failed at the last session and ought to fail at any session. When asked about the policy of the silver senators in the next congress, he said:

"They will hold the balance of power in the senate and will, no doubt, continue their aggressive fight for silver, making all other issues subordinate to that. There can be no prosperity under the McKinley administration, any more than there was under Cleveland. McKinley wants a high tariff and a gold standard. No matter what kind of a tariff we have, there can be no prosperity except for a few, under the gold standard. One more trial of the Republican party will convince the people of this, in my judgment, and the silver advocates will win the congress in '98 and the presidency in 1900."

Senator Cannon, of Utah, leaves for Washington this morning.

BURNED LIKE FIRE

Speedily Cured by CUTICURA REMEDIES

I was a sufferer for eight years from that most distressing of all diseases, Eczema, but can now say truthfully that I am entirely cured. I tried some of the best physicians in the country, but they did me little good. The palms of my hands were covered, and would become inflamed; little white blisters at first would appear, then they would peel off, leaving a red, smooth surface which would burn like fire and itch; well, there is no name for it. On the inside of the upper part of both my limbs, great red blotches not unlike hives would appear, and as soon as I became warm, the burning and itching would begin. Night after night I would lie awake all night and scratch, and almost go wild. I heard of CUTICURA remedies, got a box of CUTICURA (ointment), a bottle of CUTICURA RESOLVENT (blood purifier), and gave them a thorough trial, and after a few applications I noticed the redness and inflammation disappear. Before I had used one box there was not a sign of Eczema left. I can truthfully assert that \$2.00 worth of CUTICURA REMEDIES cured me. Any one I meet who has Eczema, I do not hesitate a moment in recommending your remedies.
