### Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and a purgative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely counteracting and freeing the system from the malarial poison. Headache, Indigestion, Constipation, Dizziness yield to Electric Bitters. 50c and \$1.00 per bottle at Blakeley & Houghton's drug store.

### The Ideal Panacea.

James L. Francis, Alderman, Chicago, says: "I regard Dr. King's New Discovery as an Ideal Panacea for coughs, Colds and Lung Complaints, having used it in my family for the last five years, to the exclusion of physician's prescriptions or other preparations."

Rev. John Burgess, Keokuk, Iowa, writes: "I have been a Minister of the Methodist Episcopal church for 50 years or more, and have never found anything so beneficial, or that gave me such speedy relief as Dr. King's New Discovery." # RESULTS OF MALARIAL AND TYPHOID FEVERS.

A Case Cited in Three Oaks, Michigan, that will Interest Delicate Women.

The Effects of the Fever Were Felt in the Weakest Spots.

## A WARNING TO MOTHERS.

From the Press, Three Oaks, Mich.

What can be more distressing than to see a girl drooping and fading in the spring time of youth? Instead of bright eyes, glowing, rosy cheeks, and an elastic step, there are dull eyes, pale, sallow, or greenish complexion, and a languidness of step that bespeak disease and an early death if proper treatment is not promptly resorted to and persisted in until the impoverished blood is enriched, and the system becomes regular. Upon parents rests a great responsibility at the time their daughters are budding into womanhood. If your daughter is pale, complains of weakness, is "tired out" upon the slightest exertion, if she is troubled with headache, backache, or pain in the side, if her temper is fitful and her appetite poor, she is in a condition of extreme peril, a fit subject for the development of that most dreaded of all diseases—Consumption. If you notice any of these symptoms lose no time in procuring something that will assist the patient to develop properly and regularly; that will enrich the blood, and restore health's roses to the cheeks; bright eyes and a lightness of step so that danger of consumption and premature death will be averted. Wise and prudent mothers will insist on this, upon the approach of the period of puberty, and thus avoid all chances of disease or early decay.

At Three Oaks, Michigan, there lives a woman with a most remarkable history. The following story is given in her own words.

DR. WILLIAMS' MEDICINE CO., Schenectady, N. Y.

Gentlemen:—There is so much to say about my case I hardly know which to begin with. I had an attack of malarial fever, which turned to the typhoid. After that I never felt as well—my nervous system was completely unstrung. Five years ago last March I felt the first symptoms of rheumatism. The next March I had la grippe, which left me with what the doctor pronounced muscular rheumatism. I became better, but in November had another severe attack. It settled in my back and right hip, and was then called sciatica. I was blistered several times without any relief. I spent all of that winter in bed. The next spring I was able to be out a little, but in August had another attack and was blistered again. This time they kept the blisters sore for over two weeks, but I received no benefit.

"After this I had sixteen boils, or something similar, on the right side. I commenced to get crooked and had to use a cane when I walked. I again got a little better, but in February became worse, and my back gave out completely so that I could not straighten. The doctor said it was the breaking down of the bone structure of the vertebra. I was nearly unable to get up. I had to walk by pushing a chair, as I could not straighten. I could not sit and lean back in a rocker. There was a large bunch about half-way down on my back which, at times, pained me terribly.

"That fall I took two boxes of Pink Pills, but because they did not help me at once I stopped taking them. The next winter I was in bed, completely helpless. I finally got so I could not sit up long enough to have my bed made. I had chills every night and my hands and feet were like ice all the time. At last I lost all control of my nerves and if I commenced to laugh or cry could not stop.

"I was also subject to severe pains in my head and back which made me nearly wild, and would have spells when it seemed as if I were falling and would become uncon-

scious. The nights were the worst, as I could not sleep. I was in so much pain that they gave me anti-pain powders, and I had to take four or five at a time as I would awake nearly every hour in terrible pain.

"A year ago last May I again commenced taking Pink Pills. I could only lie on my right side and was so helpless that I could not turn or get up without being lifted. After I had taken four or five boxes I could turn over on my left side. I then commenced to have some faith in the medicine, and began to take three pills after each meal. I did not have chills any more and my disposition was better.

"After I had taken seven boxes I could sit up. I gained right along after this, walked with the assistance of a cane, and in September threw that aside and have not used it since. I am not strong enough to do hard work, but can do light housework.

"I had also been suffering for sixteen years with painful menstruation. Every time I would have to lie down most of the time, as it was impossible for me to stand. At last they nearly disappeared. Every time they should come I would cramp and would have to use hot applications, and would take hot slugs, teas and every known remedy, but of no avail. After using Pink Pills two months they came on without any pain whatever. It had been two years since there had been any color. The doctor said it might be the turn of life, but as I was too young, only thirty-three, he thought it strange if it was. Now I am just as anyone should be at those times.

"Another trouble I had was a weak stomach from a child. Every little while I would have had vomiting spells, consequently the doctors found me a very hard patient to treat. My physician said he had spent more time in studying my case than that of any patient he ever had. Several physicians advised me to use an electric battery. We got one and I used it for some time before I commenced using the pills, and continued it for awhile after I began using them, but I found out I could get along as well without it and just depended on the pills.

"When I commenced using them I was so discouraged that I had given up the thought of ever being any better, as after every attack I was so much weaker and more helpless. It seems almost a miracle to me that after trying so many remedies that your medicine should have helped me so much. I can now walk quite a distance without getting very tired, and the bunch on my back is much smaller than it was.

"I can furnish plenty of proof that these statements are all true from friends who have seen me suffer and know just how helpless I was when I commenced using your medicine. I have used in all thirty-two boxes. I am perfectly willing to tell what has helped me and have recommended your pills to several persons who are now using them. I do not believe I would have been alive now had it not been for Dr. Williams' Pink Pills, and am very thankful that there is such a medicine for they have helped me when everything else failed."

Mrs. J. S. FLOWERS.
