### PERSONAL MENTION

Mr. Wm. Henrichs, county clerk of Sherman county, is in the city. Mr. B. F. Medler and sons, Ernest and Henry, were in from Waco today making final cash entry proofs. Mr. W. C. Allaway is down at the scene of the wreck of the Dalles City, seeing what can be done towards raising her. Mrs. S. L. Young and son, Marshal, arrived home last night. Mrs. Young has been to Oregon City attending the funeral of her brother.

### The Spanish Students.

The Spanish Students have been here and are gone, leaving only pleasant recollections to those who had the pleasure of listening to them. Mr. Webber is certainly entitled to the thanks of all our music lovers for having brought the company here. The house was decidedly a poor one, due to two or three things, one of which was the cold and disagreeable weather, the other the fact that the audience was disappointed Friday evening by the non-arrival of the company and many of them doubted the curtain going up Saturday evening as the company had not arrived here at 7 o'clock, and they did not care to face the cold a second time with a chance of being disappointed. It would be difficult to say anything of the individual artists, that would not apply with equal force to each of the others. The Spanish Students responded to hearty encores to every selection rendered by them. The Cello solo by Senor F. Brocamonte, and the bandurria solo by Rebagliati were each simply perfect, and little Adie Favart won a storm of applause. It was without a doubt the most meritorious musical entertainment The Dalles has been favored with in many a year, and Mr. Webber would do well to bring the company here again in the near future, for the house would be filled.

### Stands at the Head.

Ang. J. Bogel, the leading druggist of Shreveport, La., says: "Dr. King's New Discovery is the only thing that cures my cough, and it is the best seller I have." J. F. Campbell, merchant of Safford, Ariz., writes: "Dr. King's New Discovery is all that is claimed for it; it never fails, and is a sure cure for Consumption, Coughs, and Colds. I cannot say enough for its merits." Dr. King's New Discovery for Consumption, Coughs and Colds is not an experiment. It has been tried for a quarter of a century, and today stands at the head. Headache, Indigestion, Constipation, Dizziness yield to Electric Bitters. 50c and \$1.00 per bottle at Blakeley & Houghton's drug store.

# RESULTS OF MALARIAL AND TYPHOID FEVERS.

## A Case Cited in Three Oaks, Michigan, that will Interest Delicate Women.

### The Effects of the Fever Were Felt in the Weakest Spots.

## A WARNING TO MOTHERS.

From the Press, Three Oaks, Mich.

What can be more distressing than to see a girl drooping and fading in the spring time of youth? Instead of bright eyes, glowing, rosy cheeks, and an elastic step, there are dull eyes, pale, sallow, or greenish complexion, and a languidness of step that bespeak disease and an early death if proper treatment is not promptly resorted to and persisted in until the impoverished blood is enriched, and the functions of life become regular. Upon parents rests a great responsibility at the time their daughters are budding into womanhood. If your daughter is pale, complains of weakness, is "tired out" upon the slightest exertion, if she is troubled with headache, backache, or pain in the side, if her temper is fitful and her appetite poor, she is in a condition of extreme peril, a fit subject for the development of that most dreaded of all diseases—Consumption. If you notice any of these symptoms lose no time in procuring something that will assist the patient to develop properly and regularly; that will enrich the blood, and restore health's roses to the cheeks; bright eyes and a lightness of step so that danger of consumption and premature death will be averted. Wise and prudent mothers will insist on this upon the approach of the period of puberty, and thus avoid all chances of disease or early decay.

At Three Oaks, Michigan, there lives a woman with a most remarkable history. The following story is given in her own words. DR. WILLIAMS' MEDICINE CO., Schenectady, N. Y. Gentlemen:—There is so much to say about my case I hardly know which would be thought the most important. Seven years ago I had an attack of malarial fever, which turned to the typhoid. After that I never felt as well—my nervous system was completely unstrung. Five years ago last March I felt the first symptoms of rheumatism. The next March I had a grippe, which left me with what the doctor pronounced muscular rheumatism. I became better, but in November had another severe attack. It settled in my back and right hip, and was then called sciatica. I was blistered several times without any relief. I spent all of that winter in bed. The next spring I was able to be out a little, but in August had another attack and was blistered again. This time they kept the blisters sore for over two weeks, but I received no benefit.

"After this I had sixteen boils, or something similar, on the right side. I commenced to get crooked and had to use a cane when I walked. I again got a little better, but in February became worse, and my back gave out completely so that I could not straighten. The doctor said it was the breaking down of the bone structure of the vertebra. I was nearly double. When I became able to walk I was so bent over that I had to walk by pushing a chair, as I could not straighten. I could not sit and lean back in a rocker. There was a large bunch about half-way down on my back which, at times, pained me terribly.

"That fall I took two boxes of Pink Pills, but because they did not help me at once I stopped taking them. The next winter I was in bed, completely helpless. I finally got so I could not sit up long enough to have my bed made. I had chills every night and my hands and feet were like ice all the time. At last I lost all control of my nerves and if I commenced to laugh or cry could not stop.

"I was also subject to severe pains in my head and back which made me nearly wild, and would have spells when it seemed as if I were falling and would become unconscious. The nights were the worst, as I could not sleep. I was in so much pain that they gave me anti-pain powders, and I had to take four or five at night as I would awake nearly every hour in terrible pain.

"A year ago last May I again commenced taking Pink Pills. I could only lie on my right side and was so helpless that I could not turn or get up without being lifted. After I had taken four or five boxes I could turn over on my left side. I then commenced to have some faith in the medicine, and began to take three pills after each meal. I did not have chills any more and my circulation was better.

"After I had taken seven boxes I could sit up. I gained right along after this, walked with the assistance of a cane, and in September threw that aside and have not used it since. I am not strong enough to do hard work, but can do light housework.

"I had also been a sufferer for sixteen years with painful menstruation. Every time I would have to lie down most of the time, as it was impossible for me to stand. At last they nearly disappeared. Every time they should come I would cramp and would have to use hot applications, and would take hot sittings, teas and every known remedy, but of no avail. After using Pink Pills two months they came on without any pain whatever. It had been two years since there had been any color. The doctor said it might be the turn of life, but as I was too young, only thirty-three, he thought it strange if it was. Now I am just as anyone should be at those times.

"Another trouble I had was a weak stomach from a child. Every little while I would have vomiting spells, consequently the doctors found me a very hard patient to treat. My physician said he had spent more time in studying my case than that of any patient he ever had. Several physicians advised me to use an electric battery. We got one and I used it for some time before I commenced using the pills, and continued it for awhile after I began using them, but I found out I could get along as well without it and just depended on the pills.

"When I commenced using them I was so discouraged that I had given up the thought of ever being any better, as after every attack I was so much weaker and more helpless. It seems almost a miracle to me that after trying so many remedies that your medicine should have helped me so much. I can now walk quite a distance without getting very tired, and the bunch on my back is much smaller than it was.

"I can furnish plenty of proof that these statements are all true from friends who have seen me suffer and know just how helpless I was when I commenced using your medicine. I have used in all thirty-two boxes. I am perfectly willing to tell what has helped me and have recommended your pills to several persons who are now using them. I do not believe I would have been alive now had it not been for Dr. Williams' Pink Pills, and am very thankful that there is such a medicine for they have helped me when everything else failed."

Respectfully, Mrs. J. S. FLOWERS, Sworn and subscribed to before me this 19th day of October, A. D., 1895.

DWIGHT WARREN, Notary Public, Berrien County, Michigan.
