A RUNAWAY TRAIN

Beats the Record for Accidents of the Kind.

THE CARS THROWN ON ALL SIDES

Moving Snow by Dynamite in Dakota—A Fuel Famine Threatened in Many Towns.

MISSOULA, Dec. 1.—A runaway train unequalled in the annals of railroading in Montana occurred this afternoon about 4 o'clock, east of the Mullan tunnel on the east side of the main range of the Rocky mountains.

The fatal train was an extra freight which left Missoula early this morning in charge of Conductor John McBean. At Elliston a change of engines was made, with John Flynn at the throttle of the fresh engine.

The train passed through the tunnel all right, and began to make the descent down the winding mountain grade, beset with deep rock cuts and high winding trestles. The distance from the tunnel to the first station, Butler, is about seven miles.

Before the train went far it got out of control and began the descent with lightning rapidity. Long before Butler station was reached the speed and roar of the train were equalled only by a cyclone.

The train broke in two, throwing cars right and left. The front part of the train was dived into the Butler yard, smashing the cars into kindling wood. Engineer John Flynn of Helena received a broken leg and was badly injured. Reports say nothing about the fireman, but it is supposed he was badly injured or killed outright.

Conductor John McBean of Missoula was badly injured. Ed Jarboe, one of the brakemen, is reported missing.

A wrecking train with Superintendent E. J. Peareon, W. S. Clarkson, master mechanic, and Mrs. McBean, wife of the injured conductor, left for the scene of the smash-up at 7:45 p. m. Reports are meager. At division headquarters it is claimed no one was killed, but all the train crew were badly hurt.

DYNAMITING THE SNOW DRIFTS.

A Fuel Famine Threatened in Many Dakota Towns.

ST. PAUL, Nov. 30.—News from the great blizzard has been meager today. So far as learned only five lives have been lost. Of course nothing has yet been heard from the remote distances beyond the reach of the telegraph, and it may be another week before it can be positively stated that there has not been more serious loss of life.

The streets of the snowbound Dakota towns are being cleared as rapidly as possible. The extremely cold weather has frozen the snow until the immense drifts have reached the proportions of gigantic icebergs, and dynamite is being used to blast these out of the way, ordinary picks and shovels being unable to make any impression on them.

Stock on the ranges has undoubtedly suffered heavily, and a fuel famine is threatened in many of the smaller towns in the Dakotas. This is by no means a trivial matter where the mercury is ranging from 15 to 30 degrees below zero.

The railroads are beginning to get their trains running again. The Great Northern got its first train into St. Paul from the snowbound districts this morning and the Northern Pacific reports that its

Mr. Grocer: we can't get along without you. Here are thousands of people who want good tea, and tons of Schilling's Best for them.

Will you say to your customers for us: "Here is a tea that I am sure of. I'll give your money back if you don't like it?"

line is now open from Portland to St. Paul. Delayed westbound transcontinental trains on this road which were being held at Tower City and Fargo left those points at 5 o'clock this evening, and the eastbound trains held at Mandan are moving and will be due here tomorrow. The Northern Pacific officials do not anticipate any further trouble and expect to have trains running on schedule time.

DEATH OF WALLA WALLA PIONEER

Had Lived in the County for About Forty Years.

WALLA WALLA, Wash., Nov. 30.—A. S. Van Horn, an old pioneer, died in the hospital in this city last night of congestion of the liver. He was born in Pennsylvania in 1833, crossing the plains in 1849, and settled at Salt Lake. He came to Walla Walla in 1859, and was one of the best known pioneers in eastern Washington.

Joe Tryman, another old-timer, 75 years of age, was found dead in a house five miles west of the city this morning. He lived alone on what is known as the Coe farm. As he had not been seen for several days, his neighbors went to his home this morning and found him lying dead on the floor. He lay near a stove, an arm load of wood beside him, and his white locks covered with the snow which had drifted on him. He had gloves on his hands and socks wrapped around his feet, indicating that he entered the house just before he died. The supposed cause was heart disease. Tryman had lived in the county forty years, and at one time was well-to-do, but it is said he gave away most of his property to a woman with whom he was infatuated, who abandoned him shortly after she secured possession.

OLD WORLD CROP PROSPECTS.

Reduced Acreage Between the Vistula and Bay of Biscay.

LONDON, Nov. 30.—The Mark Lane Express today, discussing the crop prospects, says: "Severe frosts in France and central Europe have stopped plowing and sowing and we anticipate a somewhat reduced wheat acreage in the entire region between the Vistula and the Bay of Biscay. Winter has set in throughout Russia. The Sea of Azov was closed to navigation November 4th, and the navigation of the Baltic is dangerous on the northern and eastern coasts, where there is already much severe weather. "Owing to the rainfall in India, the deficiency in the wheat acreage is reduced. But, while famine no longer threatens, a scarcity seems bound to be felt until the spring of 1898. English wheat maintains a good price in London, but the country markets are less firm."

For the Independence of Cuba.

ATLANTA, Ga., Nov. 30.—United States Senator Bacon arrived in Atlanta this afternoon. He said: "Unless opinion has changed very materially, and I do not believe it has, there is an undoubted majority in the present house and senate for what some might call radical action—that is, the independence of the republic of Cuba being recognized by the American congress. I am not a member of the foreign relations committee, and do not know whether the Republican majority will prevent action until McKinley is inaugurated, but I am in favor of the independence of Cuba, will so vote, and I believe that the majority will do likewise if the opportunity is presented."

One Bryan Elector in California.

SACRAMENTO, Cal., Nov. 30.—Final returns from Santa Clara county, completing the state returns, show that Martin, a Bryan elector, has defeated Flint, a McKinley elector, by 432. This gives McKinley eight electors from California and Bryan one.

STATE OF OHIO, CITY OF TOLEDO, Lucas County.

Frank J. Cheney makes oath that he is the senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and state aforesaid, and that said firm will pay the sum of One Hundred Dollars for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure. Stands at the Head.

Aug. J. Bogel, the leading druggist of Shreveport, La., says: "Dr. King's New Discovery is the only thing that cures my cough, and it is the best seller I have." J. F. Campbell, merchant of Safford, Ariz., writes: "Dr. King's New Discovery is all that is claimed for it; it never fails, and is a sure cure for Consumption, Coughs, and Colds. I cannot say enough for its merits." Dr. King's New Discovery for Consumption, Coughs and Colds is not an experiment. It has been tried for a quarter of a century, and today stands at the head. It never disappoints. Free trial bottles at Blakeley & Houghton's drug store.

Old People.

Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate and contains no whiskey nor other intoxicant, but acts as a tonic and alternative. It acts mildly on the stomach and bowels, adding strength and giving tone to the organs, thereby aiding Nature in the performance of the functions. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price 50 cents and \$1.00 per bottle at Blakeley & Houghton's Drug Store.

Shot by the Spaniards.

HAVANA, Nov. 30.—Quintin Hernandez, classed as a "rebel incendiary," was shot this morning outside the Cabenas fortress.

This Is Your Opportunity.

On receipt of ten cents, cash or stamps, a generous sample will be mailed of the most popular Catarrh and Hay Fever Cure (Ely's Cream Balm) sufficient to demonstrate the great merits of the remedy.

ELY BROTHERS, 56 Warren St., New York City.

Rev. John Reid, Jr., of Great Falls, Mont., recommended Ely's Cream Balm to me. I can emphasize his statement, "It is a positive cure for catarrh if used as directed."—Rev. Francis W. Poole, Pastor Central Pres. Church, Helena, Mont.

Ely's Cream Balm is the acknowledged cure for catarrh and contains no mercury nor any injurious drug. Price, 50 cents.

BURNED LIKE FIRE

Speedily Cured by CUTICURA REMEDIES

I was a sufferer for eight years from that most distressing of all diseases, Eczema, but can now say truthfully that I am entirely cured. I tried some of the best physicians in the country, but they did me little good. The palms of my hands were covered, and would become inflamed; little white blisters at first would appear, then they would peel off, leaving a red, smooth surface which would burn like fire and itch; well, there is no name for it. On the inside of the upper part of both my limbs, great red blotches not unlike hives would appear, and as soon as I became warm, the burning and itching would begin. Night after night I would lie awake all night and scratch, and almost go wild. I heard of CUTICURA remedies, got a box of CUTICURA (ointment), a bottle of CUTICURA RESOLVENT (blood purifier), and gave them a thorough trial, and after a few applications I noticed the redness and inflammation disappear; before I had used one box there was not a sign of Eczema left. I can truthfully assert that \$2.00 worth of CUTICURA REMEDIES cured me. Any one I meet who has Eczema, I do not hesitate a moment in recommending your remedies. JOHN D. FORTE, Gen'l Real Estate and Insurance Broker, 1115 Carson St., Pittsburg, Pa.
