## GOING TO STICK THEM

Barbed Wire Fences for the Insurgents.

RESOLVED TO TEAR MACEO'S PANTS

The Gypsy Would Not Heed the Warning and Is to Meet a Shocking Fate.

NEW YORK, Dec. 11.—The work of strengthening the fortifications about Havana is being pushed with noticeable energy. Guns are being placed on the heights around the city, all pointing toward the sea. The fortifications of the port of Matanzas also are being strengthened.

The government sent 500 laborers to Guanabacoa to construct entrenchments and erect new barricades as a precaution against a fresh insurgent raid. It is understood that the whole town is to be enclosed with a barbed wire fence.

Brigadier-General de Cardenas and Lieutenant-Colonel Raoul Arango, the Cuban leaders to Havana province, reported wounded early in November, are both convalescent. Lieutenant-Colonel Arango was in command ten days ago, and directed the late attack at Guanabacoa, across the bay from Havana.

### THE VIEWS OF SPAIN.

Memorial Upon the Cuban Question Being Prepared.

DABRID, Dec. 11.—The Spanish government will frame a long memorandum on the Cuban question, it is said, in political and diplomatic circles, fully setting forth Spain's views regarding her rights and giving the whole history of the relations between this government and President Cleveland, since the beginning of the revolt. This memorandum will be a sort of indirect reply to the president's message. It will be communicated simultaneously to the American and European governments.

The present Spanish cabinet and the leaders of all political parties agree in thinking that Spain must continue to avoid giving America the slightest pretext for taking offense. They also agree that Spain should maintain her present friendly disposition towards America in official relations, so that the whole responsibility of a rupture, if brought about by the intervention threatened, should rest entirely with the United States.

### MACEO IS NOT DEAD.

Cubans Contend That Contrary Reports Are False.

NEW YORK, Dec. 11.—Delegate Tomas Estrada Palma, when asked if the additional information regarding General Maceo's death had in any way influenced his former opinion as to the veracity of the news, said:

"Not in the least. I cannot accept the reports so far published as conclusive evidence of General Maceo's death. I have just received a Key West cable dispatch from my agent in Havana, saying: 'Maceo passed the trocha December 6. Report of death absolutely false. You may contradict it upon my responsibility.'"

Besides the above telegram, Senor Palma exhibited several other dispatches from places in Europe and America, asking him for information regarding Maceo. Among the cablegrams one received from a wealthy Cuban in Paris, reads: "Cable us about Maceo. I place \$10,000 at your disposal. Let us not dismay. Go ahead."

Another cable dispatch from Porto Plata, San Domingo, says: "Cubans and sympathizers request further information as to Maceo's fate. Accept

Grocers, who will give your money back (without grumbling) if you don't like Schilling's Best tea, are helping us.

It is good business for all concerned.

**ELEPHANT TO BE ELECTROCUTED.**  
Famous "Gypsy" Must Suffer the Death Penalty.

CHICAGO, Dec. 11.—Gypsy, the famous old circus elephant which has killed four keepers, is soon to suffer for her terrible past at the hands of the executioner. The monster, which has for the last several years been running the Harris Nickel-Plate circus to suit herself, will be wiped off the earth with a stroke of lightning. Mr. Harris believes that Gypsy will be of more use to humanity when made into soap, so the animal will be electrocuted at Tattersall's as soon as a date can be decided upon.

Gypsy is well known all over the United States, and is considered the most dangerous elephant in captivity. She has toured the county with the Harris combination for 10 years and is at present at the winter quarters of the circus. Last winter the animal escaped from its home and caused great excitement on the West Side by running through the streets, damaging everything she came in contact with. Before she was captured Frank Scott, her keeper, was killed, the elephant stepping on him and crushing out his life. Since then she has had a dozen keepers. The men stay a week and resign rather than risk their lives in caring for the animal. Yesterday the last man put in charge of Gypsy threw up his job and the big circus man who is unable to find another keeper, has been poking food into the animal with a clothes pole. Tiring of this, he has decided to turn Gypsy over to science and lightning. Manager Willis, of the Harris show, applied yesterday to the collector for a permit to electrocute the brute, providing the city authorities thought there was enough electricity in the sky. If there is not, he declares he will tap all the trolley wires in the city and send her to her fathers on the rapid-transit plan.

**CANADA WANTS HER FREEDOM.**  
Sentiment Favoring Independent Government is Spreading.

MONTREAL, Dec. 11.—The strong under-current of sentiment throughout Canada favorable to a separation from Great Britain and the establishment of an independent Canadian republic on this continent has begun to take tangible shape. The organization of independence clubs has been in active progress during the past five or six months and a convention has been called to meet in this city in March next, with the object of federating all groups and clubs of the domain. Until then the chief work will be to group individuals favoring the independence movement throughout Canada; that is, to effect the co-operation of all those who favor national independence by pacific means.

The Associated Press correspondent is informed that the movement is gaining ground rapidly in the rural districts, especially in Port Neuf, Drummond, Granby and the most remote districts. Two organizers are traveling in the interest of Canadian independence clubs throughout the Canadian centers in the United States in the Eastern townships, where the idea seems to meet with great favor. An important meeting was held last night in Montreal. The meeting was secret, but the Associated Press obtained a copy of the by-laws and constitution which were adopted. The preamble,

which is perhaps the most important part of the document, reads as follows:

"This association shall be known as the Independence Club of Canada, and shall be composed of all persons desirous of obtaining political liberty and the independence of Canada.

"Its object shall be:  
"First—The study of the Canadian people, and of the resources of the country.

"Second—The encouragement of a true national spirit amongst the population.

"Third—To obtain the liberty and independence of Canada by legitimate and pacific means."

He will leave here late Saturday night or Sunday morning by rail for Georgetown, S. ### Mrs. McKinley at Chicago.

CHICAGO, Dec. 11.—Mrs. William McKinley arrived at Chicago today, accompanied by Mr. and Mrs. Morse, of San Francisco; and Mr. and Mrs. Lafayette McWilliams, of Chicago. After telegraphing her husband of her safe arrival, she was driven to the McKinley residence on Lake avenue.

Her visit is for the purpose of securing rest. While here Mr. McKinley will do her Christmas shopping and buy her inaugural gowns. There is a probability of President-elect McKinley coming to Chicago in about a week and accompanying his wife back to Canton; though this is not yet fully decided.

## CUTICURA REMEDIES

Relief in First Application.  
Completely Cured in  
Three Months.

For five years, I had on both my legs three very bad ulcers, two on one, and one on the other just into the bone above the ankle, as large as a five cent piece, which hurt me so much night and day, that I could not sleep for the itching and burning. I had to get up three or four times a night. Did not know what to do with myself as I could not work. Called a doctor, but he did me no good, and in all, had six of the best doctors I could get, but they could do nothing, and I gave up all hopes of ever getting cured. Nothing did me any good, until I tried CUTICURA REMEDIES. The first application, the itching, smarting, and burning stopped. I kept on with them, and in three months was entirely cured. Five years I suffered, and can prove it by people where I now live. If anyone doubts this, write to me, and I will tell them with the greatest of pleasure what CUTICURA REMEDIES have done.
