TROUBLE AT KEY WEST

Spaniards Want to Celebrate the Death of Maceo.

CUBANS ARE IN ARMS AGAINST IT

An Extra Session of Congress Has Been Agreed On, and Will Be Called Early in April.

KEY WEST, Fla., Dec. 14.—Much trouble has been experienced here the past 24 hours to prevent trouble between Cubans and Spanish residents, as the latter are bound to celebrate Maceo's death. Small riots occurred, and had it not been for the energetic work of the city officials, bloodshed would have followed.

Cubans here have flags at half-mast and houses are in mourning.

At Ybor City serious trouble is feared. The mayor has sent the chief of police to the scene to take prompt action. A body of Cubans have gone from West Tampa to Ybor City, vowing to take the life of any Spaniard found celebrating the death of Maceo.

THE EXTRA SESSION.

Major McKinley's Views, as Expressed by Mr. Kohlsaat.

NEW YORK, Dec. 14.—H. H. Kohlsaat, of Chicago, who since election has been mentioned as a possible member of the McKinley cabinet, is in the city. Mr. Kohlsaat says he is not looking for a cabinet position, and should not accept such a place if offered to him.

"Mr. McKinley's administration," he said, "will, in my judgment, be the most successful the country has ever had. I have talked with Major McKinley about tariff revision. He is in sympathy with the movement to frame a moderate tariff bill this winter so that it may be ready to be introduced as soon as congress is called together in extra session cannot be avoided. I think the extra session will begin before April, and that a new tariff law will be on the statute books before July 1."

HALLS OF CONGRESS.

Business Transacted by the Nation's Lawmakers.

WASHINGTON, Dec. 14.—Teller of Colorado, was on the floor of the senate today for the first time since the session opened. On his desk was a large basket of flowers, tied with red, white and blue ribbons. The vice-president announced Sherman, Elkins and Mitchell of Wisconsin as a committee to arrange for the coming inauguration of the president-elect, in accordance with a resolution introduced by Sherman.

Blanchard of Louisiana presented the credentials of his successor, Samuel Douglass McEnery, for the term beginning March 4 next.

In presenting the Turkish-Armenian memorial, Gallinger, of New Hampshire, said he fully approved the terms of the memorial, including the statement that the great powers of Christendom should intervene even if it resulted in the dismemberment of the Turkish empire.

Peffer, of Kansas, introduced a comprehensive resolution for the appointment of a commission to investigate and report on the establishment of a permanent monetary system.

The resolution recites that the recent election did not show definitely that the people favored any one of the four monetary policies on which the campaign proceeded, viz., gold monometalism, international bimetalism, silver and gold at 16 to 1, or 16 to 1 ratio supplemented by legal-tender notes. The commission proposed is to consist of one National Democrat, one Republican, one Demo-

crat, and one Populist, these to elect a fifth person of recognized learning in finance. They are to be appointed by the president to sit in New York, Chicago, San Francisco, Denver and New Orleans, to receive \$400 each, and to conclude the investigation within 12 months. The resolution proposes an appropriation of \$5000 for the commission.

Hale, of Maine, offered a concurrent resolution for a holiday recess from December 22 to January 5; referred to the appropriation committee.

Call, of Florida, presented the following:

"Resolved, That the killing of General Antonio Maceo, the renowned general in the service of the republic of Cuba, while under a flag of truce and with the assurance of safety from the Spanish captain-general, was a violation of the rules of civilized war, an outrage, base treachery, a murder, cowardly and disgraceful, which demands the execration of every government and all the world, whether civilized or savage.

"Resolved, That the government which authorizes, permits or fails to punish all parties connected in any way with the guilt of this crime, with the extreme penalty of the law, is an outcast from the family of nations and from the pale of civilization and public law.

"Resolved, That the committee on foreign relations be directed to make an inquiry as to the facts and report to the senate at an early day."

Another resolution by Call requests that the president demand the release of all United States citizens confined in the Spanish penal colony, island of Ceuta, off the coast of Africa. A third resolution from Call asks the secretary of state for a list of all the United States citizens imprisoned in Spanish settlements, etc., with the circumstances of their arrest, charges, conviction, etc. The three resolutions were referred to the committee on foreign relations.

Allen, of Nebraska, was then recognized.

REED HAS A SCHEME.

The Silver Senators Must Place Themselves on Record.

WASHINGTON, Dec. 14.—Speaker Reed has a plan for placing the silver senators on record and showing the country where the blame lies for failure to provide revenue for the government. The only question of success lies in whether the ways and means committee will be able to complete a tariff bill before the end of the present session. Should this be done, Reed, it is said, will push the measure through the house and send it to the senate at once. Then the question will depend upon the alignment of the forces there as to the success of the efforts to provide revenue.

The Dingley committee's hard work will commence this week with the hearings to be granted the wool men. The division of the committee into sections to consider the various schedules will facilitate the work and may result in such progress that the bill will be ready by the middle of February. In that case it is now reported that the house will pass it at once under the skillful hand of Reed and then the senate will have a chance to place itself on record. Undoubtedly the measure will be hung up there. No one believes that the senate will be able, under its rules, to do anything soon with the measure, but the object will be accomplished.

Spanish Warships on Florida Coast.

CINCINNATI, Dec. 14.—A Commercial Tribune special from Key West says: It is said by spongers coming in that there is an unusually large number of

Spanish war vessels lying off the Florida keys; that they go to sea during the day, and at night come close to land, throwing search-lights in all directions. They have been sighted several times by people on shore.

MORTON TO CLEVELAND.

The Governor's Views Upon the Cuban Question.

NEW YORK, Dec. 14.—Governor Morton, according to a statement published in the Evening World, sent a telegram to President Cleveland yesterday in relation to the critical condition of Cuban affairs and the assassination of General Maceo in particular. The message contained the novel suggestion that President Cleveland invite President-elect McKinley to Washington to discuss the most feasible plan to be followed by the president concerning the attitude of the United States toward Cuba during the remainder of Cleveland's term.

The World article says: "It is not probable that Governor Morton would have proffered his suggestion unless he thought it would be acceptable to President-elect McKinley; indeed, it is said the governor has had some correspondence with the president-elect on the subject."

United States Consulate at Havana Likely to Be Attacked.

HAVANA, Dec. 14.—The United States consulate in this city is under a special guard of armed policemen. The precaution is taken by the Spanish authorities, owing to the fear that the indignation expressed by Spanish sympathizers against the United States would find vent in an attack upon the consulate. There have been fresh signs of the hostile feeling against the United States, in view of news from there of the ardent sympathy felt with the insurgents over the death of Antonio Maceo, and the allegations there of the manner in which he was killed.

In the absence of Consul-General Lee, the consulate is in charge of the vice-consul, Joseph A. Springer.

Indignation in Chicago.

CHICAGO, Dec. 14.—Deepest indignation is expressed in Chicago over the latest news from Cuba, which states the manner in which the Cuban insurgent leader, Maceo, was entrapped and killed. It was made the topic of widespread discussion, and today's papers contain interviews with many prominent citizens who are outspoken in their condemnation of General Weyler's course.

The consensus of opinion gathered from these interviews was that a universal sentiment for the cause of the Cuban patriots was aroused, which some think will speedily express itself in definite action by our government. Among those interviewed were Luther Laffin Mills, Levy Mayer, ex-Congressman Adams, S. W. Allerton, Martin A. Ryerson and H. N. Higginbotham.

CUTICURA REMEDIES

Relief in First Application. Completely Cured in Three Months.

For five years, I had on both my legs three very bad ulcers, two on one, and one on the other just into the bone above the ankle, as large as a five cent piece, which hurt me so much night and day, that I could not sleep for the itching and burning. I had to get up three or four times a night. Did not know what to do with myself as I could not work. Called a doctor, but he did me no good, and in all, had six of the best doctors I could get, but they could do nothing, and I gave up all hopes of ever getting cured. Nothing did me any good, until I tried CUTICURA REMEDIES. The first application, the itching, smarting, and burning stopped. I kept on with them, and in three months was entirely cured. Five years I suffered, and can prove it by people where I now live. If anyone doubts this, write to me, and I will tell them with the greatest of pleasure what CUTICURA REMEDIES have done. E. R.
