There she saw a tree of life and a river of life. There were little children in the tree eating the fruit, Each inhabitant wore a crown bearing his or her name. He wanted her to teach his pepie.

Although blind this girl can read by passing her hand over the printed or written page, and can describe persons whose pictures were handed to her. The latter power was first discovered by J. B. Cawthorn, a photographer, whose mother lives in Walla Walla. He told the marvelous story to a Sunday school in Palouse City, and Mr. Gray and wife, hearing it, drove out to the home of the giri to see for themselves. Mr. Gray first handed the sick girl his watch, and she told him that it was a gold watch, and the time of day, by passing her fingers over the glass. To make sure that her power was genuine, a paper was held between her face and a photograph that Mr. Gary handed to her, and she described the picture perfectly as IN THE CIRCUIT COURT of the State of Oregon for Wasco County. that of an old gentleman with gray Alma C. STORY OF ETHEL GILLIAM.

William Gray of Palouse City, Vouches for Its Truth.

William Gray, of Palouse City, who is in Walla Walla undergoing medical treatment, recently told the Statesman, of Walla Walla the story of Ethel Gilliam, a girl who lives with her parents 10 miles east of Palouse. The family is poor, but honest and reliable, the parents being devout members of the Methodist Episcopal church.

Last August this little girl was taken ill, and after three weeks, apparently died, so the story runs, For three hours she had every appearance of death. She then slowly revived, but was totally blind. She told her parents that she

A CYCLING MINISTER'S EXPERIENCE.

THE RESULTS OF LONG, HARD RIDING. FULLY 3,000 MILES ON HIS WHEEL.

He Makes Some Reflections on the Benefits of the Sport and Tells of its Dangers.

The Rev. Wm. P. F. Ferguson, whose picture we give above, will not be unfamiliar ture we give above, will not be untamiliar
by sight to many readers. A young man, he
has still had an extended experience as
foreign missionary, teacher, editor, lecturer
and pastor that has given him a wide acquaintance in many parts of the country.
In an interview a few days ago he said:

"In the early summer of '94 I went upon a tour through Canada on my wheel. My route was from Utica to Cape Vincent thence by steamer to Kingston, and from there along the north shore of the lake to Toronto and around to Niagara Falls. I arrived at Cape Vincent at 5 o'clock, having ridden against a strong head wind all day.

"After a delightful sail through the Thousand Islands, I stepped on shore in that quaint old city of Kingston. A slight shower had fallen and the streets were damp, so that wisdom would have dictated that I, leg-weary as I was, should have kept in doors, but so anxious was I to see the old city that I spent the whole evening in the streets.

"Five o'clock the next morning brought a very unwelcome discovery. I was lame in both ankles and knees. The head wind and the damp streets had proved an unfortunate combination. I gave, however, little

tunate combination. I gave, however, little thought to it, supposing it would wear off in a few hours, and the first flush of sunlight saw me speeding out the splendid road that leads toward Napanee.

"Night overtook me at a little village near Port Hope, but found me still lame. I rested the next day, and the next, but it was too late; the mischief was done. I rode a good many miles during the rest of the season, but never a day and seldom a mile without pain.

"The winter came and I put away my wheel, saying 'now I shall get well,' but to my disappointment I grew worse. Some days my knees almost forbade walking and my ankles would not permit me to wear shoes. At times I suffered severe pain, so severe as to make study a practical impos-

severe as to make study a practical impos-sibility, yet it must be understood that I concealed the condition of affairs as far

in which a good deal of space was taken by an article in relation to Dr. Williams' Pink Pills. I did not at that time know what they were supposed to cure. I should have paid no attention to the article had I not eaught the name of a lady whom I knew. Reading, I found that she, in similar circumstances, had been greatly benefited by the use of Pink Pills, and knowing her as I did I had no doubt of the truth of the statement that she had authorized.

The first box was not gone before I saw a change, and the third had not been finished before all signs of my rheumatic troubles were gone to stay.

troubles were gone to stay.

"I say 'gone to stay,' for though there has been every opportunity for a return of the trouble, I have not felt the first twings of it. I have wheeled thousands of miles and never before with so little discomfort. I have had some of the most severe tests of strength and endurance, and have through them without an ache. For ex-smple, one afternoon I rode seventy miles, preached that night and made fifty miles of the hardest kind of road before noon the next day. Another instance was a 'Cen-tury run,' the last forty miles of which were made in a downpour of rain through much and slush.

"You should think I would recommend them to others? Well, I have, and have had the pleasure of seeing very good result in a number of instances. Yes, I should feel that I was neglecting a duty if I failed to suggest Pink Pills to any triend whom I knew to be suffering from rheumatism.

THE PRESBYTERIAN CHURCH IN WHITES IS PASTOR.

"No, that is not the only disease they cure. I personally know of a number of cures from other troubles, but I have needed them only for that, though it would be but fair to add that my general health has been better this summer than ever before in my
