HOUSE IS ORGANIZED

Moody of Umatilla Bounced From the Chair.

CONFIDENTIAL SPRINGS A SURPRISE

Moody is Elected Permanent Speaker. Supreme Judge Moore Swears in the Officers of the House.

Jan. 21.—The house met at 2 o'clock, and immediately upon assembling, Moody, of Morrow county, moved that he be removed from the chair and that Smith be made temporary speaker. This was seconded by Sommers. Riddle moved against such action as revolutionary, and read an opinion of General

Moody, that the house could not organize with less than forty members. Moody retired from the house after denouncing the action. Brown put the question, which was carried, and appointed Stanley, of Lake, to escort Moody to the speaker's chair. He then came up and introduced Smith, who took a seat to the left of Davis. Smith recognized Somers, who offered a resolution that Moody be removed and R. R. Moore be appointed chief clerk. It was then moved that the report of the committee on credentials be read, but the report not being present, the committee report was read and adopted.

Crawford introduced a resolution, which was adopted, that Hudson, Moore and Brown be appointed a committee to invite the governor, secretary of state or supreme judges to swear the members in. The committee brought in Chief Justice F. A. Moore, who proceeded to perform that duty. A motion to proceed to permanent organization was then carried. Benson was nominated for permanent speaker and all, including Nosler, voted for him. The rules of the last session were adopted. Benson moved that the speaker appoint three pages and doorkeepers. The motion was carried.

A joint resolution to inform the governor that the house and senate was now ready for business was adopted, and the house adjourned until 10 o'clock tomorrow. No violence was attempted, but there is no probability that the governor or senate will recognize the house as organized.

WHAT WAS DONE IN CONGRESS

Senate Agrees to House Indian School Resolution.

WASHINGTON, Jan. 21.—The senate today made a feeling reference to the affliction of Senator Harris, of Tennessee, in the death of his wife and the infirmity of his own health, and to the continued illness of Senator Warren.

The house joint resolution authorizing the building of a railroad through Omaha and the Winnebago Indian reservation of Nebraska.

In the House.

WASHINGTON, Jan. 21.—The house today resumed consideration of the Yost-Kearney contested election case from the Virginia district. According to an understanding reached yesterday, a vote was to be taken at 4:30 this afternoon.

Harmond, of Missouri, a member of the selections committee, took the floor in support of the majority report, which favored the contestee, Tucker. Dearborn argued that the house should be governed by the Virginia law, which was the purpose of the case, was a federal law. He admitted the house could disregard the Virginia law in order to determine the intentions of the voters, but to do so, he contended, would be to establish a dangerous and far-reaching precedent.

STARVE IN SIGHT OF RELIEF.

Miserable Condition of Affairs at Chicago.

Chicago, Jan. 21.—Men, women and children are starving in Chicago in sight of relief, because the county commissioners, blind and deaf, do not allow the city agents enough help to distribute supplies. The county treasury is rich in surplus, and there are an accumulation of appeals from hungry families.

ROYAL BAKING POWDER

Absolutely Pure.

Celebrated for its great leavening strength and healthfulness. Assures the food against all and all forms of adulteration common to the cheap brands.

ROYAL BAKING POWDER CO., NEW YORK.

Hundreds of these applications are more than two weeks old. The heads of the families were discouraged then, and as a last resort appealed to the county for aid. They have seen their wives and children grow weaker and colder, and no aid has come, no bread, no coal. These men are desperate now.

The county agent is helpless to save these famine-stricken men, women and babies. He has relief on hand, but no way to distribute it, because the commissioners have tied his hands, and are deaf to the cries of the hungry.

A warning has been given that the deserving poor are becoming dangerous and that hunger is likely to drive them to deeds in which their cry will be "bread." Men who gave this warning know whereof they speak. They see gaunt hunger at its worst, the glassy eye of a strong man who hears the cry of his wife and babies for bread and warmth and is powerless to give it to them. The men tell an appalling story but nobody on earth can tell of the misery as it exists in Chicago today.

Girl Burned to Death.

SAN FRANCISCO, Jan. 21.—Katie Kearney, the 13-year-old daughter of John Kearney, a longshoreman, met with a horrible death while playing about the kitchen. Her dress caught fire from the stove, and in a moment she was enveloped in a sheet of flame. Before assistance could be rendered she received burns which resulted in her death a few hours later.

Russian People Fear the Plague.

NEW YORK, Jan. 21.—A Herald special from St. Petersburg says:

The fear of the Indian plague reaching here grows rapidly. The Navoe Vremya says that on account of England's methods in permitting the population of the stricken districts to emigrate, the plague will soon be rife all over the country.

The Mirovye Otgloski says:

"Italy, France and Austria have taken precautions. History has shown that Russia is always the country that suffers most from the pest. Russian doctors should go at once to the plague-stricken districts and find out the truth and study the disease, as we cannot rely on the reports of the English, whose commercial interests have eaten into the humanitarian instincts of all nations. The world should unite to form a cordon around the devastated plague districts."

Here all precautions for maritime and land quarantine are under consideration. Doctors have been sent to keep a proper guard on the Persian and Afghan frontiers.

If your tea is good, it is cheap; if it is not good, it is dear, no matter what you pay for it—you had better drink water.

But good tea is better than water sometimes, because it tastes good, and whatever tastes good makes the stomach work right.

So good tea—Schilling's Best—is cheap.

McKENNA TO BE OFFERED A PLACE

He Will Probably Be a Cabinet Member.

SAN FRANCISCO, Jan. 21.—United States Circuit Judge Joseph McKenna has just arrived from Canton, O., where he went to visit President-elect McKinley. It was this visit, very suddenly made, that disclosed the fact that Judge McKenna will in all probability be offered a cabinet portfolio by the president-elect. Judge McKenna left here a week ago last Monday, went to Canton, remained 12 hours and returned to San Francisco, the trip consuming ten days. The return of Judge McKenna was as sudden and unexpected as his departure.

Though fatigued from the long journey across the continent, the judge had much of interest to say of the purpose of his flying trip and the prospect of his becoming a member of the cabinet. He was, however, very cautious in his statements. He admitted, nevertheless, that the situation, particularly in relation to himself, called him to Canton. While he qualified all of his remarks in relation to his acceptance of a proposed portfolio, he is very certain that California will have a representative in the official family of the president-elect. He said:

"I consider that too much significance has been attached to my visit. Many changes may occur. There is perfect freedom on the part of Major McKinley to do as he may wish, and perfect freedom on my part. It is difficult to state the exact situation. There are some difficulties in the way of my acceptance of the portfolio. I explained that very fully and they are not definitely settled. Neither the vacancy on the supreme bench nor my present position are in any way involved in the question of my acceptance of a place in the cabinet. There are other difficulties in the way of my appointment to a cabinet position."

Mr. Harris' Platform.

TOPEKA, Jan. 21.—State Senator and ex-Congressman W. A. Harris, whom the Populists have agreed upon for United States senator, today said:

"I want to see the government, according to the law of 1862, take possession of the Pacific railroads. This is a matter of justice to the people and would prove a valuable object-lesson in transportation affairs."

He also expressed himself as in favor of an income tax, the free and unlimited coinage of silver, and a tariff for revenue.

Eight Ballots Without Result.

PIERRE, S. D., Jan. 21.—Eight more ballots were taken for United States senator in the Populist caucus tonight, and show no change, except the loss of a few votes to Kyle, who went as low as 20 in one ballot.

Still Balloting at Boise.

BOISE, Idaho, Jan. 21.—J. W. Ballantine, Populist, got the bulk of the Democratic vote and 26 on the second. T. E. Nelson, Populist, got the bulk of the Populist votes. Dubois got 26 on each ballot.

The progressive ladies of Westfield, Ind., issued a "Woman's Edition" of the Westfield News, bearing date of April 3, 1896. The paper is filled with matter of interest to women, and we notice the following from a correspondent, which the editors printed, realizing that it treats upon a matter of vital importance to their sex: "The best remedy for group, colds and bronchitis that I have been able to find is Chamberlain's Cough Remedy. For family use it has no equal. I gladly recommend it." 25 and 50 cent bottles for sale by Blakeley & Houghton.

New Mexicans Sympathize.

DENVER, Jan. 21.—A special to the Republican from Santa Fe says:

In the territorial council today, a joint resolution was adopted expressing sympathy with the patriots fighting for the independence of Cuba.

A Cure for Lame Back.

"My daughter, when recovering from an attack of fever, was a great sufferer from pain in the back and hips," writes Loudon Grover, of Sardis, Ky. "After using quite a number of remedies without any benefit she tried one bottle of Chamberlain's Pain Balm, and it has given entire relief." Chamberlain's Pain Balm is also a certain cure for rheumatism. Sold by Blakeley & Houghton.

DRY THIN AND FALLING HAIR

Is due, in the majority of cases, to imperfect action of the sebaceous or oil glands. Deprived of its proper nourishment, the hair becomes harsh and brittle, the scalp dry and scaly, and the roots choked and lifeless in a hard, dry skin. The purest, sweetest, and most effective treatment is warm shampoos with

CUTICURA SOAP

followed by light applications of Cuticura (ointment), the great skin cure.

They clear the scalp and hair of crusts, scales, and dandruff, allay itching, soothe irritation, heal eruptions, destroy microscopic insects which feed on the hair, stimulate the hair follicles, and supply the roots with nourishment.

Sold throughout the world. Price, CUTICURA, 50c.; SOAP, 25c.; RESOLVENT, \$1. POTTER DRUG AND CHEM. CORP., Sole Props., Boston, U. S. A. "All about the Hair and Skin," free.
