PENALTY OF DEFAULTING.

Recorder Lash Gets Three Years Imprisonment and \$4000 Fine.

PENDELTON, Jan. 25.—This morning George R. Lash, the defaulting city recorder, appeared before the court for the passing of sentence. His counsel, Colonel J. H. Railey, made a statement, asking leniency and the court imposed a sentence of 3 1/2 years in penitentiary, and a fine of \$4000.

Judge Lowell then instructed that the grand jury be brought, and delivered a charge to them, which demanded that they make a searching investigation to discover others, if any were implicated, whether of high or low degree, and bring them to justice. The investigation will be most thorough, and the matter probably fully cleared up to the satisfaction of all the people and the court.

FACTS ABOUT THE "BLACK DEATH"

How the Dread Disease Germinates and Spreads.

NEW YORK, Jan. 25.—Dr. Walter Wyman, surgeon-general of the marine hospital service, has been making a study of the "black death" or bubonic plague, now racing in India, the deadliest scourge that ever afflicted the earth. It has already been brought by infected seamen to Marseilles. In an interview he says:

"In general the disease is spread in the same manner as cholera, except that the cholera germ must enter the intestinal tract, while the germ of the plague may attack any part of the mucous membrane or be detected by even the minutest abrasion of the skin. While the germ is so virile and so easily taken into the system, it is one of the most easily killed by disinfection.

"In the experiments now being carried on in the laboratory of the hospital service, it is found that but one pathogenic organism that is easily destroyed by formaldehyde gas is the plague bacillus namely the staphylococcus pyrogenaeus. One per cent of quicklime will also destroy it.

"There are known to be two forms of the disease. One is the fulminating form called 'pestis major,' in which form the disease acts very quickly and is very fatal. The other, pestis minor, in which the symptoms are mild, the patient not being confined to bed, whence this class are called ambulant cases.

"The period for incubation for the acute cases appears to be pretty well fixed at under ten days, while in the 'ambulant cases' the apparent period of incubation may be very much longer. In other words, ambulant cases may be afflicted for a period of ten to thirty days before the symptoms have developed which call attention to the disease. The acute form of the infection may cause mild attacks, while on the other hand the ambulant cases may cause acute attacks. The ambulant cases are, therefore, the more to be dreaded."

Something to Depend On.

Mr. James Jones, of the drug firm of Jones & Son, Cowden, Ill., in speaking of Dr. King's New Discovery, says that last winter his wife was attacked with LaGrippe, and her case grew so serious that physicians at Cowden and Pana could do nothing for her. It seemed to develop into Hasty Consumption. Having Dr. King's New Discovery in store, and selling lots of it, he took a bottle home, and to the surprise of all she began to get better from the first dose, and half dozen dollar bottles cured her sound and well. Dr. King's New Discovery for Consumption, Coughs and Colds is guaranteed to do this good work. Try It. Free trial bottles at Blakeley & Houghton's Drug Store.

On the fifteenth ballot Turner had 28, Cline 36, Squire 7, Windsor 3, Daniels 5, Rogers 1, Denny 22, Gerry 1, Range 1, absent eight.

Killed by a Falling Tree.

MARQUETTE, Mich., Jan. 25.—Joe Martin, Jack Ford and Pat Donohue were returning to their lumber camp in a blinding snow storm, when a tree fell on them, killing the first two outright. Donohue was horribly mangled.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Price 75c. per bottle. Sold by Druggists.

CARE OF MATTRESSES.

How to Wash Blankets Before Putting Them Away.

The feather bed is, of course, a thing of the past. It is probably not lamented in many quarters, as it is certainly unhealthful, difficult to care for, and not pleasant to sleep on. Mattresses, blankets, pillows, and other articles of bedding, however, require much care, to be kept odorless and clean.

The main enemies to mattresses are dust, damp and moth, and frequent brushing must be given them, for in an incredibly short time they will harbor dust all along the edges and where the button is fixed. A loose cotton cover over the mattress, made to button neatly at one end, also goes a long way toward keeping it clean. This can be washed and changed as often as need be without much trouble or expense. It is very important to air all the bedding thoroughly. Every article should be daily taken off and laid separately over a chair and a strong current of air should be allowed to circulate through the room before the clothes are replaced. The mattress should be turned daily and from end to end, as this insures it being worn more evenly, and not sinking in the middle.

Blankets are a difficulty to many people, mostly because they cannot make up their minds as to how often they should be washed, nor how they should be treated. In many houses they are washed only once a year; but somehow that does seem rather too rare a proceeding. On the other hand, it is really not necessary to have them washed more than twice a year; but they must have proper care in the interval in the shape of airing, shaking, etc. A washing machine is very good for the purpose, especially as they should never be rubbed by the hand. The water should be only lukewarm, and a little soap well lathered in the water is all that will be required. Wring the blankets very dry through a wringer, shake them out and wash again in the same way, wringing each time, until they are quite clean. Do not rinse them, but pull them into shape and hang them out in the sun, which is a great help to preserving a good color.—Boston Globe.

CURED OF PARALYSIS

Carlos F. Shepard, a Member of the Indianapolis Board of Trade, is About Once More.

A Case of Weighty Interest to Anyone Suffering With Nervous Complaints, for the Patient was Cured by "Feeding" the Nerves. This is a New Term in Medicine.

From the News, Indianapolis, Ind.

One of the best known men about the Indianapolis Board of Trade is Carlos F. Shepard, who for several years has been connected with the house of H. E. Kinney, grain broker. Mr. Shepard is a bluff, hearty, old gentleman of medium height, gray-headed and with a mustache like a French veteran. He is a man of very decided views on all subjects and is especially orthodox in politics and medicine. Notwithstanding his firmness in his convictions and the vigor with which he maintains them, he is a man of many friends for manly men, even though sometimes obstinate in their opinions, have the force of character that win admiration and friendship.

So a few months ago when the news came to his old associates on the Board of Trade that Mr. Shepard had received a stroke of paralysis and that the probabilities were that his days of usefulness were over, and that perhaps, his hours were numbered, the deepest sympathy went out to the stricken man and his family. It seemed to all his friends almost impossible that this rugged old man, always so wholesomely hearty and cheerful, always a picture of health for

HIS CHEEKS WERE LIKE THE ROSE IN THE SNOW;

could have been so suddenly laid low. But it was true and many weeks passed before his well-known form and kindly face returned to his former business haunts. His re-appearance was made the occasion of a hearty welcome and the story of his illness and recovery is well worth the telling. "I was taken sick," said Mr. Shepard, "on the 17th of August, 1895. As I had all along been of the opinion that it was made of iron, you may well believe that it was hard for me to entertain the thought that I was to be laid up for more than a day or two. I am 58 years old, and for 40 years up to the time of this attack, I had not had a day's sickness. The doctors who diagnosed my case saw at once that it was something serious. They at first said that it was lumbago, then sciatic rheumatism. They finally came to the conclusion they did not know what was the matter with me. I experienced no pain, my head was clear, my appetite good, but I lost the use of myself from my hips down. This was a hard stroke to an active man who has always had an easy going pair of legs. My brother-in-law, who is a physician, came from a neighboring city to see me. He pronounced my affliction to be locomotor ataxia. I am of the opinion that he diagnosed the case correctly for I was absolutely paralyzed from the hips down.

"Before he came, however, a day or so before I had begun taking Dr. Williams' Pink Pills for Pale People. That was on the 20th day of last October. I read an article in the Indianapolis News and saw testimonials describing cases cured that were similar to mine. It struck me that the remedy could not do me any harm and I began to take the pills. "Before I began taking them I could not stir a peg, but had to be carried from place to place. I had not got far into the first box when I felt that deliverance from my enforced inaction had come. Before I finished the second box I was able to walk alone with the aid of a cane. About home I do not use a cane now but when I come out on the slippery pavements I feel that I need a little support to make my footing sure. "I am still using Williams' Pink Pills, but I have reduced the dose to one after each meal. It seems that I have been able to throw some discredit on the predictions of my doctors thanks to the pills. They said I could never walk again but here I am, and I think the credit must be given to the pills. It is said the pills are stimulating, but I cannot say that they give me any sensations that I am aware of. They merely cure and that is quite enough for me. "Since I have been out I have been a walking advertisement for Williams' Pink Pills. I suppose I have recommended them to at least a hundred persons. What! You want to print all this? Why, my dear sir, I never gave a recommendation to any proprietary medicine before in my life. Perhaps it may not be a bad thing to do this time if it will help any sufferer to regain health and bodily activity. "Carlos F. Shepard has been a resident of Indianapolis for over twenty years. He lives at No. 720 East Ohio Street. He has always been an active, enterprising man and his many friends will rejoice that he has been able to put upon his feet again. He is not only well-known locally but to grain shippers all over Indiana and Illinois. "Dr. Williams' Pink Pills for Pale People are an unfailing remedy for all diseases arising from a poor and watery condition of the blood, such as pale and sallow complexion, general muscular weakness, loss of appetite, depression of spirits, lack of ambition, anemia, chlorosis or green sickness, palpitation of the heart, shortness of breath on slight exertion, coldness of hands or feet, swelling of the feet and limbs, pain in the back, nervous headache, dizziness, loss of memory, feebleness of will, ringing in the ears, early decay, all forms of female weakness, leucorrhoea, tardy or irregular periods, suppression of menses, hysteria, paralysis, locomotor ataxia, rheumatism, sciatic, all diseases depending on vitiated humors in the blood, causing scrofula, swollen glands, fever sores, rickets, hip-joint diseases, hunchback, acquired deformities, decayed bones, chronic erysipelas, catarrh, consumption of the bowels and lungs, and also for invigorating the blood and system when broken down by overwork, worry, disease, excesses and indiscretions of living, recovery from acute diseases, such as fevers, etc., loss of vital powers, spermatorrhoea, early decay, premature old age. These pills are not a purgative medicine. They contain nothing that could injure the most delicate system. They act directly on the blood, supplying to the blood its life-giving qualities by assisting it to absorb oxygen, that great supporter of all organic life. In this way the blood, becoming "built up" and being supplied with its lacking constituents, becomes rich and re-nourishes the various organs, stimulating them to activity in the performance of their functions, and thus to eliminate diseases from the system. "These Pills are manufactured by the Dr. Williams' Medicine Company, Schenectady, N. Y., and are sold only in boxes bearing the firm's trade mark and wrapper, at 50 cents a box, or six boxes for \$2.50, and are never sold in bulk. They may be had of all druggists, or direct by mail from Dr. Williams' Medicine Company. The price at which these pills are sold makes a course of treatment inexpensive—compared with other remedies.

Notice of Sheriff's Sale.

Notice is hereby given that by virtue of an execution and the order of sale issued out of the Circuit Court of the State of Oregon for Wasco County on the 12th day of January, 1897, upon a decree and judgment rendered and entered therefor therein in a suit wherein J. J. Spencer was plaintiff and Wilson K. Winans and Mary Winans, his wife and J. M. Huntington were defendants, I did duly levy upon and will sell at the front door of the county courthouse in Dalles City, Wasco County, Oregon, on Saturday, the 13th day of February, 1897, at 2 o'clock in the afternoon of said day, at public auction, to the highest bidder for cash in hand, the following described real estate, described in said execution and order of sale, and described as follows, to-wit: Lots four (4), five (5), six (6) and seven (7), in section No. six (6) in township No. one (1), north of range ten (10) east of Williams' Meridian in Wasco County, Oregon, containing 162.71 acres of land, together with the tenements, improvements and appurtenances thereunto belonging, or in any wise appertaining, or so much thereof as shall be necessary to satisfy the amounts due upon said writ, to-wit: 1079.85, together with interest thereon at the rate of eight per cent per annum from the 28th day of December, 1896; and the further sum of \$100 for attorney's fees; and the further sum of \$20 costs in said suit, together with accruing interest and expenses of said suit, and the costs and disbursements of said suit taxed at 4 1/2%. Therefore, in compliance with said execution and order of sale, I will on Saturday, January 30, 1897, at the hour of 1 o'clock p. m. at the courthouse door in Dalles City, Wasco County, Oregon, sell at public auction, to the highest bidder, for cash in hand, for the purpose of satisfying the judgment above mentioned the following described lands and premises, to-wit: Sixty-three (63) acres of the east side of the North half of the Southeast quarter of Sec. 20 in Township 1 North, Range 10 East, W. M., commencing at a rock at a point on the North line thence East to East line of said section; thence South one-quarter mile; thence West to a point due South of said rock (the place of beginning); thence North to the place of beginning. Dated this 30th day of December, 1896. T. J. DRIVER, Sheriff of Wasco County, Or.
