The Wool Growers Want Him.

DEPUY, Or., Jan. 28, 1897. EDITOR CHRONICLE:

In the Farmer and Stockman of Jan. 15, 1897, I find a letter from Hon. Wm. Lawrence, president of the National Wool Growers' Association;

He says, as to Senator Mitchell:

I have no disposition to interfere in the local politics of Oregon, but as a wool grower I share in common with others an earnest desire that all the states shall elect senators and representatives in congress who will be able and willing to stand up for the most ample protection for the wool industry.

President of the National Wool Growers' Association.

Bellefontaine, O., Dec. 25, 1896.

Judge William Lawrence is a man of national reputation, and I presume no one will dispute his integrity and honesty of purpose, and I should be pleased to have this reproduced in your columns in order that the people of Wasco and Sherman counties may see how well Mr. Jones is representing their interests in assisting the minority in holding up the organization of the house of representatives at Salem.

Respectfully, W. H. H. DEPUY.

Uses of Olive Oil.

Besides being more largely used medicinally, it enters into various processes of cooking much more extensively than it did. It is well known that good eggs fried in olive oil are much better flavored than when any other kind of fat has been used.

Old People.

Old People who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate and contains no whiskey nor other intoxicant, but acts as a tonic and alternative.

HUNTINGTON MAY BE SUPERSEDED

Changes Expected in the Southern Pacific Management.

SAN FRANCISCO, Jan. 28.—The annual meeting of the stockholders of the Southern Pacific Company will be held in April, and it is rumored in railroad circles that the event will be marked by several important changes in the general offices of the company.

There are some who profess to believe that the rumors concerning a change of administration are without foundation and that the changes will not come nearer a realization than have similar rumors in the past.

MRS. MARY E. FLOOD IS DEAD

Was the Widow of the Late Millionaire James Flood.

SAN FRANCISCO, Jan. 28.—Mrs. Mary E. Flood, widow of James C. Flood, the late multi-millionaire and bonanza king, died last night here at her residence on California and Mason streets, after an illness lasting only two days.

The death of James C. Flood occurred on February 21, 1889, at the Grand Hotel Heidelberg, Germany, to which country the millionaire had gone the previous October in quest of health.

Long previous to his journey across the ocean, Flood had made deeds to his wife and two children conveying to them property valued at \$13,000,000.

Passed the senate.

CARSON, Nev., Jan. 28.—The glove contest bill passed the senate by a vote of 9 to 0, and only wants the governor's signature to be a law.

"I was taken sick," said Mr. Shepard, "on the 17th of August, 1895. As I had all along been of the opinion that I was made of iron, you may well believe that it was hard for me to entertain the thought that I was to be laid up for more than a day or two."

"I am 58 years old, and for 40 years up to the time of my attack, I had not had a day's sickness. The doctors who diagnosed my case saw at once that it was something serious. They at first said that it was lumbago, then sciatic rheumatism. They finally came to the conclusion they did not know what was the matter with me. I experienced no pain, my head was clear, my appetite good, but I lost the use of myself from my hips down. This was a hard stroke to an active man who has always had an easy going pair of legs."

"Before he came, however, a day or so before I had begun taking Dr. Williams' Pink Pills for Pale People. That was on the 20th day of last October. I read an article in the Indianapolis News and saw testimonials describing cases cured that were similar to mine. It struck me that the remedy could not do me any harm and I began to take the pills."

"Before I began taking them I could not stir a peg, but had to be carried from place to place. I had not got far into the first box when I felt that deliverance from my enforced inaction had come. Before I finished the second box I was able to walk alone with the aid of a cane. About home I do not use a cane now when I come out on the slippery pavements I feel that I need a little support to make my footing sure."

"I am still using Williams' Pink Pills, but I have reduced the dose to one after each meal. It seems that I have been able to throw some discredit on the predictions of my doctors thanks to the pills. They said I could never walk again but here I am, and I think the credit must be given to the pills. It is said the pills are stimulating, but I cannot say that they give me any sensations that I have above mentioned. They merely cure and that is quite enough for me."

"Since I have been out I have been a walking advertisement for Williams' Pink Pills. I suppose I have recommended them to at least a hundred persons. What! You want to print all this? Why, my dear Sir, I never gave a recommendation to any proprietary medicine before in my life. Perhaps it may not be a bad thing to do this time if it will help any sufferer to regain health and bodily activity."

Carlos F. Shepard has been a resident of Indianapolis for over twenty years. He lives at No. 720 East Ohio Street. He has always been an active, enterprising man, and his many friends will rejoice that he has finally been put upon his feet again. He is not only well-known locally but to grain shippers all over Indiana and Illinois.

Dr. Williams' Pink Pills for Pale People are an unailing remedy for all diseases arising from a poor and watery condition of the blood, such as pale and sallow complexion, general muscular weakness, loss of appetite, depression of spirits, lack of ambition, mania, chlorosis or green sickness, palpitation of the heart, shortness of breath on slight exertion, coldness of hands or feet, swelling of the feet and limbs, pain in the back, nervous headache, dizziness, loss of memory, feebleness of will, ringing in the ears, early decay, all forms of female weakness, leucorrhoea, irregular or irregular periods, suppression of menses, hysteria, paralysis, locomotor ataxia, rheumatism, sciatica, all diseases depending on vitiated humors in the blood, existing scrofula, swollen glands, fever sores, rickets, hip-joint diseases, lumbago, acquired deformities, decayed bones, chronic erysipelas, catarrh, consumption of the bowels and lungs, and also for invigorating the blood and system when broken down by overwork, worry, disease, excesses and indiscretions of living, recovery from acute diseases, such as fevers, typhoid, pneumonia, spermatorrhoea, early decay, premature old age. These pills are not a purgative medicine. They contain nothing that could injure the most delicate system. They act directly on the blood, supplying the blood its life-giving qualities by assisting it to absorb oxygen, that great supporter of all organic life. In this way the blood, becoming "built up" and being supplied with its lacking constituents, becomes rich and red, nourishes the various organs, stimulating them to activity in the performance of their functions, and thus to eliminate diseases from the system.

These Pills are manufactured by the Dr. Williams' Medicine Company, Schenectady, N. Y., and are sold only in boxes bearing the firm's trade mark and wrapper, at 50 cents a box, or six boxes for \$2.50, and are never sold in bulk. They may be had of all druggists, or direct by mail from Dr. Williams' Medicine Company. The price at which these pills are sold makes a course of treatment inexpensive compared with other remedies.

CURED OF PARALYSIS

Carlos F. Shepard, a Member of the Indianapolis Board of Trade, is About Once More.

A Case of Weighty interest to Anyone Suffering With Nervous Complaints, for the Patient was Cured by "Feeding" the Nerves. This is a New Term in Medicine.

From the News, Indianapolis, Ind.

One of the best known men about the Indianapolis Board of Trade is Carlos F. Shepard, who for several years has been connected with the house of H. E. Kinney, grain broker.

Mr. Shepard is a bluff, hearty, old gentleman of medium height, gray-headed and with a mustache like a French veteran. He is a man of very decided views on all subjects and is especially orthodox in politics and medicine.

Notwithstanding his firmness in his convictions and the vigor with which he maintains them he is a man of many friends for many men, even though sometimes obstinate in their opinions, have the force of character that win admiration and friendship.

A few months ago when the news came to his old associates on the Board of Trade that Mr. Shepard had received a stroke of paralysis and that the probabilities were that his days of usefulness were over, and that perhaps, his hours were numbered, the deepest sympathy went out to the stricken man and his family.

It seemed to all his friends almost impossible that this rugged old man, always so wholesomely hearty and cheerful, always a picture of health for

HIS CHEERS WERE LIKE THE ROSE IN THE SNOW; could have been so suddenly laid low. But it was true and many weeks passed before his well-known form and kindly face returned to his former business haunts.

His reappearance was made the occasion of a hearty welcome and the story of his illness and recovery is well worth the telling.

"I was taken sick," said Mr. Shepard, "on the 17th of August, 1895. As I had all along been of the opinion that I was made of iron, you may well believe that it was hard for me to entertain the thought that I was to be laid up for more than a day or two."
