Nevada Enacts a Law Licensing Prize-fighting.

DIFFERENT FROM THE EARLY DAYS

Then They Fought to a Finish with Guns. Without Color of Legal Authority.

CARSON, Nev., Jan. 29.—Carson, and it is safe to say, nearly the whole of the western portion of Nevada, is all excitement, and all one can hear on the streets is talk of the probabilities of Corbett and Fitzsimmons coming to Nevada to settle the world's championship. Governor Sadler was interviewed, but declined to say anything further than that the bill had not reached him yet, and that he supposed it had been enrolled in time.

The matter of location between Reno and Carson is still a cause of considerable speculation, taking it for granted that the contest will come to some point in Nevada. The Carson people claim they have many more advantages than Reno.

Mr. Wheelock and A. Livingston, a local business man, to whom a good deal of credit in passing the bill is due, went out to Shaw's hot springs yesterday, and it is conjectured that they were looking that place over with a view to making it the training quarters for one of the principals. Corbett and Fitzsimmons will be notified of the action taken today, and they will probably start for the coast in a day or two.

DAYS DOINGS IN CONGRESS.

Bacon Presents Pence Resolutions in the Senate.

WASHINGTON, Jan. 29.—Senator Bacon, of Georgia, presented in the senate today resolutions declaring that the United States desires to maintain peace with all the world and favoring international arbitration for the settlement of all differences with any other nation, where they fail to adjust a diplomatic negotiation.

The resolutions declare that the United States avows this method of avoiding war as its future policy and invites all civilized nations to make corresponding declarations. The resolutions were referred to the committee on foreign relations.

In the House.

WASHINGTON, Jan. 29.—The house has been engaged all day in a discussion of the conference report of the senate bill to define the rights of the purchasers of the Atlantic & Pacific railroad under mortgage foreclosure. Considerable opposition was developed to the report, arising out of objections to the pro-

posed plan of reorganization and to the conferees abandoning the house amendment requiring the reorganization to relinquish all claims to land grants unearned July 6, 1896.

Army Appointments.

WASHINGTON, Jan. 29.—The president today sent the senate the following nominations: Lieutenant-Colonel S. T. Cushing, assistant commissary, to be colonel and assistant commissary general of subsistence; Captain H. B. Osgood, commissary of subsistence, to be major and commissary of subsistence; Captain T. H. Carter, Sixth cavalry, to be major and assistant adjutant-general; Captain T. H. Barry, First infantry, to be major and assistant adjutant-general; Captain J. L. Bullis, Twenty-fourth infantry, to be major and paymaster; First Lieutenant George B. Davis, Fourth infantry, to be captain and commissary of subsistence; S. H. Bell, of Pennsylvania, to be post chaplain.

Canal Bill to Be Forced.

WASHINGTON, Jan. 29.—Morgan, in charge of the Nicaragua canal bill, today endeavored to have Tuesday next at 5 p. m., fixed as the time for a vote. Turple objected. Morgan then announced that he would press the bill to a conclusion on Monday.

To Vote on Conference Bill.

WASHINGTON, Jan. 29.—The senate will vote on the international monetary conference bill at 4 o'clock this afternoon.

Talks Without a Tongue.

NEW YORK, Jan. 29.—Henry Chenoweth, of Brooklyn, has recovered from a surgical operation in which his tongue was removed. The case attracted attention by reason of the fact that he now talks almost as well as before he lost his tongue. He had a cancer and the physicians decided the only way to save Chenoweth's life was to cut out his tongue.

For some time after the operation he was compelled to take liquid food by a tube, but as his mouth healed he discarded the tube and now can eat better and talk better than he did for two years previous to the removal of his tongue. Local physicians say Chenoweth's recovery is one of the wonderful triumphs of modern surgery.

LANGLEY'S FLYING MACHINE.

The Professor Reports Great Progress Toward Its Perfection.

WASHINGTON, Jan. 29.—The report of Professor Langley, secretary of the Smithsonian institution, just submitted to the board of regents, contains the following about his flying machine:

"The writer has, during the intervals of his official duties, continued to experiment in this manner until he has reached a measure of success which seems to justify him in making the statement here that mechanical flights have now been attained.

"On May 26th last a mechanism built chiefly of steel and driven by a steam engine made two flights of over half a mile. Since that time the result has been nearly doubled. In each case there was no support from gas. The machine was 1,000 or more times heavier than the air in which it was made to move. Dr. Alexander Graham Bell witnessed the first of these, and communicated the statement of results to the academy of France.

ACCORDING TO ARRANGEMENT.

Turner is Elected U. S. Senator from Washington.

OLYMPIA, Wash., Jan. 29.—Only one ballot was taken in the joint session of the legislature today and George Turner was declared elected United States senator to succeed Watson C. Squire. Turner received the full vote of last night's caucus, but the bolters, with two exceptions, voted for G. H. Westcott, ex-mayor of Blaine. Williams voted for Squire.

The return was: Turner, 68; Denny, (Rep.) 25; Westcott, 14; Squire, 1; Kreitz, 1.

Before the election could be announced, Williams attempted to trick the legislature by moving an adjournment. He was yelled down by excited friends of Turner, and Yeend asked that Williams be allowed to retire. He did so.

Judge Turner was sent for and made an eloquent address.

THE SAME OLD STORY.

Broker Left His Wife to Elope With His Typewriter.

PALATKA, Fla., Jan. 29.—Hugo Benedix and a pretty brunette named Madeline Elder, of Indianapolis, were two of the principals in a sensational affair in Justice Cox's court yesterday. Benedix was engaged as a stock-broker in New York three years ago, and Madeline Elder was employed as his typewriter. The two eloped, going to Indianapolis, where they remained until three months ago, although Mrs. Benedix was searching for them.

Yesterday they were confronted by the deserted wife, who made an attack on Miss Elder, and would have injured her severely if the sheriff had not interfered. Benedix and Miss Elder were held in bonds of \$500 each.

Wheat Made a Break.

CHICAGO, Jan. 29.—In the wheat pit today the last hour was the most sensational in months. On a break from 75 to 73, several big houses sold great lines of wheat. The trade was stampeded. Everybody tried to sell. Bid line went over for New York account. It was contended in the pit that a big baker line was thrown by several houses.

After the break some houses doing big selling were the best buyers until the May price got over the 74 cents again. It was a whip-saw for hundreds in the trade. New York added to the force of the rally, reporting 800,000 bushels sold for export.

COVERED WITH HUMOR

Face, Head, Ears, and Body Terribly Affected. Hair Came Out. Thinks

SHE WOULD HAVE DIED

But for the Wonderful Cure at a Cost of \$6.25, Made by the CUTICURA REMEDIES

When I was thirteen years old I began to have sore eyes and ears, and from my ears a humor spread. I doctored with five different skillful doctors, but they did not do me any good. By this time it had gone all over my head, face, and body. Nobody thought I would live, and would not but for CUTICURA REMEDIES. My disease was Eczema. No doctor could tell me what it was, they were at a loss to know. My hair all came out at that time, but now it is so thick I can hardly comb it. I am sixteen years old, weigh 150 pounds and am perfectly well. It has been one year since I took CUTICURA, and am perfectly satisfied that Eczema will never trouble me again. I took four boxes of CUTICURA, five cakes of CUTICURA SOAP, and three bottles of CUTICURA RESOLVENT.

Miss IREAN GRANDEL, Clayton, N. Y., Box 29.

The cures daily made by CUTICURA REMEDIES astonish physicians, druggists, and those who have lost faith and hope. No statement is made regarding them not justified by the strongest evidence. They are the most speedy, economical, and infallible skin cures, blood purifiers, and humor remedies of modern times.
