MRS. CAREW IS GUILTY

Sentenced to Death for Killing Her Husband.

DIPHTHERIA CURE DISCOVERED

The Virus of the Vaccine, it is Said, Vanquishes the Toxins of the Diphtheria.

YOKOHAMA, Feb. 1.—Mrs. L. Carew, who has been on trial here since January 5th, charged with causing the death of her husband, Walter Raymond Hallowell Carew, secretary of the Yokohama United Club, by the administration of arsenic, has been found guilty and was today sentenced to death. The jury was only out half an hour. The sentence is subject to revision by the British minister.

The summing up of the judge was against the prisoner.

The prosecution of Mary Jacobs, the nursery governess, arrested January 10th on suspicion of being the mysterious veiled woman who figured in the case, has been dropped.

A CURE FOR DIPHTHERIA.

Alleged Startling Discovery of an Oakland Physician.

OAKLAND, Cal., Feb. 1.—An interesting problem is suggested to the medical world by a recent experience of Dr. F. Wolsey. He was called to treat two children suffering from the fever which follows vaccination, and while they were under his care both developed diphtheria, from which they recovered quickly.

The physician is now almost convinced that there was a clash between the two ferments in the blood, and that the virus of the vaccine vanquished the toxins of the diphtheria. He watched the cases very closely, and felt so certain of the correctness of his conclusion that in the notice of the cases which he sent to the health office he announced that the diphtheria had been lightened by vaccination. The patients are now strong and well at a time when such sufferers are usually weak from the effects of the disease.

In discussing the matter, Dr. Wolsey said:

"The thought suggested by the recent cases of mine is the antagonism of one disease for another, like erysipelas to cancer, which is an entirely new idea as applied to diphtheria. Whether or not it will prove of any practical value is a question, upon which I feel rather doubtful, but it is nevertheless of great interest scientifically and throws new light on such subjects. It may incidentally be a point of vantage for experiments in other directions."

REMEDY FOR HARD TIMES.

Eckels Says Banking Laws Must Be Revised.

WASHINGTON, Feb. 1.—Controller of Currency Eckels had a second conference with the committee on banking and currency today. Eckels expressed the opinion that the only remedy for existing financial troubles was a complete revision of the banking system which would amount almost to a new system. The discussion was an informal one in which all the members took part.

Eckels thought no more gold for redemption purposes would be needed under a proper banking system than now. The only use for metallic money was for redemption purposes.

Representative Newlands, of Nevada, the principal representative of free silver on the committee, asked many questions. In response, Eckels said that countries which had the best developed systems of credit were England. The banks did not need such large reserves so much to protect their currency as their deposits. Russia had been hindered in its endeavors to reach the gold standard. Eckels said, by adverse business conditions and heavy taxation. The characteristics of the Russian people were such that more gold is required for redemption than in countries where the people were more used to banking methods.

Confirms the Report.

CHICAGO, Feb. 1.—An Associated Press representative saw Mr. Gave this morning. He was very busy, having before him about a thousand letters, but took time to say regarding the New York World interview, sent in these dispatches last night.

"Those are my views, subject to such modifications, as further thought may seem to require. I must decline to go into a declination of my views now as I have not time to formulate them and I do not think it would be proper or advance the interests of the country."

Cleveland Will Veto It.

CHICAGO, Feb. 1.—A News Washington special says President Cleveland has decided veto the immigration bill passed by congress. He told Senator Palmer his intentions today. The chief executive will accompany the veto with a strong message pointing out the alleged eccentricities of the bill. The president is very bitter in denunciation of the immigration bill.

Dawes for Controller.

CHICAGO, Feb. 1.—Charles G. Dawes said to an Associated Press representative today:

"I have been tendered and have accepted the appointment of controller of the currency. I have much regretted the early publicity which has unavoidably attached to the matter, for it seems to have given rise to the inference that I had some desire of succeeding Eckles prior to the expiration of his commission in 1898. I can say for myself and I think I speak for all concerned, that I sincerely hope that Eckles may see his way clear to the retention of his position until the expiration of his commission. His distinguished services as controller of the currency, rendered amid so many embarrassments and complications, have earned him the gratitude of the nation."

Russia Will Not Interfere.

NEW YORK, Feb. 1.—A dispatch to the Herald from St. Petersburg says:

The Glasnost, which of late seems to have been especially inspired concerning the "little Eastern question," as the Turkish question is called here in contradistinction to the greater Eastern question, speaking of Corea says:

"Russia cannot descend to the pillage of Turkey together with Turkey's other creditors. Russia has given Turkey a hundred years to pay her war indemnity of 3,000,000 roubles a year. Russia has shown she knows how to be magnanimous. Nor does France wish to exchange the interests in her pocket for Russia's friendship. Russia always shows the same traditional policy—namely not to interfere with the international affairs of other countries."

Bryan on a Duck Hunt.

GALVESTON, Feb. 1.—William J. Bryan, accompanied by ex-Governor Hogg and Speaker Dasher, arrived last night. Mr. Bryan was received by a large crowd at the union station, and was heartily greeted by Congressman Towne, Berry, and others of the congressional committee now here. After an impromptu reception, he was taken to the residence of Colonel W. L. Moody, whose guest he will be while here.

In the morning, in company with Governor Hogg, Speaker Dasher and Mr. Moody, Bryan will go on a duck hunt. He will return Wednesday, when a public reception will be tendered him, and he will lecture at night.

Here is a diamond, here a piece of charcoal. Both carbon; yet between them stands the mightiest of magicians—Nature. The food on your table, and your own body; elementally the same; yet between the two stands the digestion; the arbiter of growth or decline, life or death.

We cannot make a diamond; we cannot make flesh, blood and bone. No. But by means of the Shaker Digestive Cordial we can enable the stomach to digest food which would otherwise ferment and poison the system. In all forms of dyspepsia and incipient consumption, with weakness, loss of flesh, thin blood, nervous prostration the Cordial is the successful remedy. Taken with food it relieves at once. It nourishes, and assists nature to nourish. A trial bottle—enough to show its merit—10 cents.

Laxol is the best medicine for children. Doctors recommend it in place of Castor Oil.

Accepted by Wilson.

DES MOINES, Ia., Feb. 1.—James Wilson, of Ames, professor of agriculture in the Iowa agricultural college, and director of the government experiment station, gave out positively today that he had been offered and accepted the secretaryship of agriculture.

COVERED WITH HUMOR.

Face, Head, Ears, and Body Terribly Affected. Hair Came Out. Thinks

SHE WOULD HAVE DIED

But for the Wonderful Cure at a Cost of \$0.25, Made by the

CUTICURA REMEDIES

When I was thirteen years old I began to have sore eyes and ears, and from my ears a humor spread. I doctored with five different skillful doctors, but they did not do me any good. By this time it had gone all over my head, face, and body. Nobody thought I would live, and would not but for CUTICURA REMEDIES. My disease was Eczema. No doctor could tell me what it was, they were at a loss to know. My hair all came out at that time, but now it is so thick I can hardly comb it. I am sixteen years old, weigh 130 pounds and am perfectly well. It has been one year since I took CUTICURA, and am perfectly satisfied that Eczema will never trouble me again. I took four boxes of CUTICURA, five cakes of CUTICURA SOAP, and three bottles of CUTICURA RESOLVENT.

MISS IREAN GRANDEL, Clayton, N. Y., Box 29.

The cures daily made by CUTICURA REMEDIES astonish physicians, druggists, and those who have lost faith and hope. No statement is made regarding them not justified by the strongest evidence. They are the most speedy, economical, and infallible skin cures, blood purifiers, and humor remedies of modern times.

SPEDDY CURE TREATMENT.—Warm baths with CUTICURA SOAP, gentle applications of CUTICURA (ointment), and mild doses of CUTICURA RESOLVENT (blood purifier).

—FOR—
All the Family.

With the close of the Presidential Campaign THE TRIBUNE recognizes the fact that the American people are now anxious to give their attention to home and business interests. To meet this condition, politics will have far less space and prominence, until another State or National occasion demands a renewal of the fight for the principles for which THE TRIBUNE has labored from its inception to the present day, and won its greatest victories.

Every possible effort will be put forth, and money freely spent, to make THE WEEKLY TRIBUNE pre-eminently a National Family Newspaper, interesting, instructive, entertaining and indispensable to each member of the family.

We furnish "The Chronicle" and N. Y. Weekly Tribune one year for only \$1.75.
