### WAYSIDE GLEANINGS.

Random Observations and Local Events of Lesser Magnitude.

Forecast—Tonight and Friday, rain and warmer.

License to marry was issued today to William H. Arbuckle and Mary Miller.

There will be rehearsal at Schanno's hall tonight by those taking part in the minstrel show.

"Evenings with Dickens" entertainment, evenings of 25th and 26th inst. Cut this out and paste in your hat.

The special with the O. R. & N. officials went to Heppner yesterday, arriving here on its return this morning.

The favorite resort of Dickens, "The Old Curiosity Shop," in London, is now being torn down to make room for more modern buildings.

Mr. F. W. Wilson's trunk got into the Oregonian all right. There is no denying the fact that it was worthy of special mention in the columns of the city press.

The state school superintendent put up a hard examination for teachers this quarter. At Baker City there were fourteen applicants and only three passed.

Eggs are down to two dozen for a quarter and marriage licenses are getting more numerous. There are, besides these, some other indications of spring's approach.

Tomorrow afternoon at 1:30, the senior class of The Dalles High School will give a number of rhetorical exercises at the brick school house. An invitation is extended to all to attend.

The 11th grade (graduating class) will furnish the rhetorical exercises at the high school department tomorrow, be-

ginning at 2 p. m. Similar exercises will be held in all the various rooms.

Mrs. J. E. Dean will meet all those who would like to take shorthand lessons, at the brick schoolhouse next Friday afternoon at 4 o'clock. Terms, 25 cents per lesson. 15-19

A few such days as today will assist materially in putting the roads south of us in passable condition. For some time they have been a thing of terror to those who were compelled to pass over them.

The regular meeting of the Oregon legislature, any and all houses, will take place at the Vogt Tuesday night, Feb. 23d, at 8 o'clock. This is going to be an occasion that will be long remembered, and if you miss it you will always have something to regret.

Monday being the anniversary of the birth of the father of this country, no school will be held on that day. Of course the school children are all mourning because this is so, but as they can't help it, they will submit as cheerfully as possible.

Tuesday evening Feb. 23d, the following program will be given at the Congregational church: First, song. Debate, "Resolved, That Washington as a Military Leader Was Superior to Napoleon." The affirmative will be supported by Walter Reavis, Violet Kent, Ann Mann and Charles Campbell; the negative by Edward Baldwin, Elizabeth Bonn, Clyde Riddell and Martha Schooling. Closing song.

J. L. Kelley has three carloads of cattle and Mr. Willard of La Grande two of cattle and one of hogs, which will all be shipped in the morning to Omaha. There has been an unusual demand for cattle this winter, and the country has been pretty well stripped of them. Those mentioned are being taken back as feeders, and will help use up some of the cheap corn of Nebraska before they are killed.

The Salvation Army band was out this afternoon with a banner containing an enlarged photograph of his satanic majesty, the devil. The original photograph is from a selection owned by Jonathan Bourne, and is said to be true to nature. Whether the army has switched, or whether the winged picture of the gentleman, who is to be given his due, is one of the things we know not. The man with the big drum seemed to be immensely proud of the banner and cast affectionate glances at the photo. thereon.

In a lecture before the winter school for the farmers at the agricultural college at Pullman last Friday, Professor C. V. Piper, of the college, announced that the experiments made with ground squirrels at the experiment station last year had resulted in the discovery of a disease which it is thought can be introduced successfully among the animals in their native state and promises to solve the squirrel problem. The disease germs were secured first from specimens of diseased squirrels sent to the station during the summer from the western part

of the county, where the disease killed the animals off by the thousands in June and July.

### A Water Haul.

Our reporter took in the East End this morning, as usual, and found even that generally busy part of town stagnant. The warehouses are doing but little, just waiting for the wool season to commence. The stockyards had five carloads stock of cattle for shipment, and that was all; Joe Worsley was good natured as usual; Murchie was running buggies out on the sidewalk to give his place the appearance of business; Collins was smiling a retrospective smile as he thought of Fred Wilson's trunk; Skibbe was taking a sun bath; Saltmarsh, ditto; Justice Filloon was sitting on the small of his back with his feet on the stovepipe. At the depot Ross was checking up papers, and Miss Enright demurely cogitating on railroad officials, special cars, cattle trains and other evidences of approaching spring. Ed. Howell was insisting that he did not ornament the trunk yesterday, and that a certain pretty, young lady who answers to the name of May did. At Pease & Mays the work of remodeling was going on, the immense store being still littered up, but doing business as usual, and so the weary scribe drifted home as barren of items as a Polled Angus steer of horns, and hence this item.

### He Kills Cats in the Pulpit.

The announcement that the Rev. W. L. Laufman, assisted by Dr. C. E. Miller, would kill two cats in the pulpit of the Methodist church at Cadillac, Mich., to illustrate Laufman's sermon on tobacco, was sufficient to pack the church. Prominent on the pulpit were packages of finecut and plug chewing tobacco. Holding aloft a pound plug of tobacco, he assured his hearers that it contained enough grains of nicotine to kill 200 men. Then the cats were brought up by Dr. Miller. An assistant held them while the doctor administered the nicotine. The first one died in a minute and a half, while the attendant held it, and three drops of nicotine were placed on its tongue. The next cat, a large one, was administered only two drops, the purpose being to illustrate the sickness and spasms which the first dose of tobacco creates. A second dose of two drops and in a minute and a quarter the cat was dead. The Rev. Laufman announced that on next Sunday he would kill some more cats to show the effect of alcohol, and also have an exhibition the stomach of a drunkard.

### Dalles-Moro-Antelope.

A new stage line will be inaugurated in and out of Moro Monday, March 1st, connecting with The Dalles-Moro line, forming an entirely new route long and sadly needed, connecting The Dalles with Antelope. The promoters of this new line, Messrs. Douglas Allen and L. D. Holder are well-known citizens, abundantly qualified for successfully

carrying out any enterprise of this character in which they may become interested. The time-table, schedule of passenger and freight rates, etc., will be arranged on the return of the promoters to Moro this week from Antelope. The plan will be to leave The Dalles and Antelope both on the morning of the same day tri-weekly at first, connecting at Moro, completing each through trip in twenty-four hours traveling time. The passenger will have the benefit of a night's rest in Moro, and the expense of the whole trip, including meals and lodging need not exceed \$6.25.—Moro Observer.

### Foreign Crop Notes.

France—The young crops are now reported to be under a thick covering of snow, which assures adequate protection to the plants. Some seeding was done before the snow came, and farmers are said to be preparing to sow freely in the spring.

Argentina—Crop news is not more favorable, and people take even gloomier views as to the Santa Fe harvest. Mail advices received yesterday mention that the crops in the south of Buenos Ayres were suffering from drouth, and the cable of Saturday reported drouth to be causing much damage to corn.

Uruguay—Mail advices still report swarms of locusts, and the outlook for the corn crop must be considered gloomy.

Chili—Crop prospects are again reported to be quite favorable.

India—Fair rains reported in the Punjab, where the moisture will be of much use, by enabling growers to continue seeding. Condition of standing crops fair to good in Central provinces, Behar, and Northwest provinces, except in Bundelkhand districts. In the affected districts of Bombay, the crops are suffering from want of rain. This report is from the last telegram of the viceroy.

Russia—A recent report to the Daily News from Odesa more than confirmed the bad accounts of crop conditions in many of the Southern governments mentioned in our last. The report referred to states that over 2,000,000 acres of winter wheat have been destroyed in Pondolia and Bessaradia, and the same conditions, only less widespread and disastrous, obtain throughout the majority of the Southern governments. This is certainly the most pessimistic report we have yet seen, though others have been pretty bad. On the other hand, our correspondent at Theodosia wrote last week that the outlook was pretty satisfactory in his district, though nothing could be said as to wide areas of the Steppe.

### It's All in the Cooking.

The following is a list of contributors to the men's social, to be given in the church tomorrow evening. Just size up these cakes. "Yum, yum," ain't they good?

### Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

### Sheriff's Sale.

By virtue of an execution, issued out of the Circuit Court of the State of Oregon for Wasco County, in an action entitled J. W. Blakeney vs. Andrew Ganger and Mary Ganger, and to me directed and delivered, I did on the 11th day of February, 1897, levy upon, and will sell at public auction, to the highest bidder for cash in hand, on Monday, the 15th day of March, 1897, at 2 o'clock p. m. of said day, at the front door of the courthouse in Dalles City, in Wasco County, Oregon, the following described property, to-wit:

Commencing at the Northeast corner of the Northwest quarter (NW 1/4) of the Northwest quarter (NE 1/4) of section seventeen (17) in Township two (2) North of Range thirteen (13) East of the Willamette Meridian in the state of Oregon; thence south twenty-four chains and seventy links (24.70); thence in a Northwest direction fourteen chains and seventy links (14.70) to the Oregon Railway and Navigation Company's Railroad track limit; thence westerly along the north side of said railroad limit to the north line of said section seventeen (17); thence east along said section line to the place of beginning; or so much thereof as shall be sufficient to satisfy the sum of \$635.55, less \$2.70, paid on said judgment August 9, 1896, with interest thereon at the rate of 8 per cent per annum from June 13th, A. D., 1896, and \$41.68 damages and costs.

Taken and levied upon as the property of Andrew Ganger and Mary Ganger to satisfy said sum of \$622.85, less \$2.70 paid on said judgment, and interest thereon, in favor of J. W. Blakeney, and \$51.68 damages and costs, together with costs and accruing costs.

T. J. DRIVER, Sheriff of Wasco County, state of Oregon. By ROBERT KELLY, Deputy. Dated at Dalles City, Oregon, Feb. 11, 1897. K13-34-11
