ABSENTEES TO BE BROUGHT IN

Utah Reports a Volcano as Having Broken Out in the Middle of Great Salt Lake.

SALEM, March 1.—The house temporary organization was called to order at 11:30 o'clock this morning. The roll was called, and the following 21 members answered present:

Barkley,	Howser,
Bayer,	Jones,
Bourne,	Maxwell,
Buckman,	McAllister,
Davis of Umatilla,	Misener,
Davis of Multnomah,	Munkers,
Dustin,	Ogle,
Emery,	Povey,
Gill,	Swindeth,
Guild,	U'Ren.
Hill,	

Hill moved that a committee of three be appointed to inform the chief justice that the members were ready to be sworn in. Hill, Emery and Misener were appointed, and conducted Chief Justice Moore to the speaker's chair. The roll was again called, showing 21 members present.

Misener stated that he had been sworn in. The other members subscribed to the oath and were sworn in by Chief Justice Moore.

A resolution offered by Hill that the house take steps to bring in absent members was adopted. A resolution by Povey that the speaker appoint assistant sergeants-at-arms, if necessary, to bring in the absentees, was adopted.

U'Ren then read an opinion by C. E. S. Wood, of Portland, to the effect that the organization has power to compel the attendance of absentees.

The speaker named as assistant sergeants-at-arms, J. J. Sturgill, L. H. McMahon, M. K. Cunningham, Frank Williams, C. D. Parmeter, J. E. Povey, D. H. Weyant, P. J. Cotton, John D. Daly. The speaker announced others would be appointed if necessary. The house then adjourned to 3:30 p. m. tomorrow.

VOLCANO IN GREAT SALT LAKE.
It Causes the Waters to Seeth and Boil.

SALT LAKE, March 1.—What appears to be a genuine volcano has burst forth in the Great Salt Lake a short distance south of Promontory station, on the Central Pacific road. The phenomenon recently appeared in the shape of a small cloud hovering over the water about a mile from shore. It gradually increased in dimensions and shot up so high in the air that it is now visible a great distance, and the water in the vicinity boils and seeths and the spray is thrown in

the air for hundreds of feet. The volcano is situated in the big arm of the lake, on the west side of a range of mountains and is distinctly visible from Brigham City.

The phenomenon is accounted for by the fact that for six months there have been felt several slight shocks of earthquake in these regions, and it is supposed the fire and lava which have been confined in the subterranean depths have now found an outlet and are spreading their force. A number of people have witnessed the phenomenon, which causes great anxiety in the vicinity.

CLEMENCY IS DENIED.

The Santa Fe Murderers Must Pay the Death Penalty.

WASHINGTON, March 1.—The president has refused to interfere further in the case of the murderers at Santa Fe, N. M. February 20th he granted a stay of the death sentence for thirty days, or until March 23d. Now, having investigated the case, he refuses a pardon, saying:

"I am quite clear that these convicts are not entitled to executive clemency in any form. I believe the homicide of which they were convicted was a cold-blooded and deliberate assassination, and that every consideration in favor of peace, good order and personal safety demands the execution of their sentence."

President Woodruff's Birthday.

SALT LAKE, March 1.—An immense crowd gathered at the tabernacle to witness the ceremonies and celebration of the 90th birthday of President Woodruff, of the Mormon church. The venerable president received an ovation when he took the stand to deliver his address of welcome. Touching upon politics, President Woodruff said:

"I want to say upon this occasion, before God, the angels and all men that are before me, that I never in one instance have known any leader of this church to attempt to dictate the affairs of state as a member of the church."

At the conclusion of the exercises a reception was given, lasting an hour. The anniversary exercises were attended by several persons, who were baptized by President Woodruff, in Great Britain 30 years ago, when he was filling a mission to that country.

WARLIKE PREPARATIONS.

Government Arranging to Transport Troops to Florida Coast.

CHICAGO, March 1.—A special to the Tribune from Tallahassee, Fla., says:

From an incautious word dropped by a prominent state official here, it is ascertained that the government has been making arrangements for some days past to forward the quick transportation of the federal troops through Florida in case of "necessity." The story is that the railroads have been asked to communicate with Northern lines and have special trains ready at a moment's notice to transport government troops to all points on the seacoast. It is also stated that the Washington authorities have been in communication with the state officers in regard to calling out the state troops if necessary, and to provide for their quick transportation to points needed.

It is understood this has been going on very quietly for the past week, and that all arrangements have been completed, so that at a moment's notice troops could be thrown into Tampa, Key West, St. Augustine and other coast towns and Jacksonville. At St. Augustine, it is said, the troops have been warned to be in instant readiness for movement. The guns at the fort there have been put in working condition and the troops have been practicing with them constantly for the past week or so.

Several torpedoes have been placed in the outer harbor at Key West, St. Augustine and Tampa bay. The state troops' officers have been worked up over the reports of being called up for duty, and several have sent their voluntary offers to the governor. The state troops are composed of twenty companies of about 100 men each, and four batteries.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. WEYLER TO STEP DOWN.

Spanish Captain-General is Reported to Have Resigned.

NEW YORK, March 1.—A dispatch to the Herald from Havana says:

It is learned on the very highest authority that Captain-General Weyler has forwarded his resignation to the Spanish government at Madrid. The captain-general, it is said, will leave the island as soon as possible, probably in about three weeks.

This decisive step General Weyler determined to take as soon as he heard of the release of Julio Sanguilly. The captain-general said he would resign if the crown interfered with his policy with regard to prisoners, especially Americans, and he was incensed beyond measure at being ignored in the negotiations carried on by the Spanish government in the case of the notable captive. Sanguilly, was released on Friday.

It is reported that General Ramon Blancoy Aronas, the Marquis of Pena Plata, may be appointed to succeed General Weyler.
