THE CLOSING HOURS

Both Houses Worked Hard on Appropriation Bills.

DEFICIENCY MEASURE GOES OVER

Refusal of the House Conferees to Agree to Senate's Proposed Claims Caused Its Defeat.

WASHINGTON, March 4.—The senate, at 3:30 a. m., went into secret legislative session, but in a few minutes the senators dispersed, with the understanding that the presiding officer was authorized to sign bills until the recess began at 6 a. m., so there might be no delay in getting them to the White House. Senator Allison offered a resolution, which was agreed to, continuing in existence the present committees until their successors are selected.

Formal proceedings in the senate continued throughout the morning. A further disagreement on the deficiency bill was reported and it was ordered back to the committee.

At 10 o'clock the venerable Senator Morrill, of Vermont, offered a resolution expressing the appreciation of the senate for the able, impartial discharge of duties of presiding officer by Mr. Stevenson. There was an unanimous hearty agreement to the resolution. Faulkner of West Virginia followed with a complimentary resolution to Frye, president pro tem., which was adopted unanimously.

At 1:30 the formal proceedings were fast nearing an end. On motion of Hoar, the usual resolution was adopted for a committee of two senators to wait on President Cleveland and inform him that the senate had concluded its labors and was ready to adjourn.

WASHINGTON, March 4.—All night the two houses worked incessantly on the appropriation bills, while the corridors and galleries seethed with sightseers. At dawn the last of the appropriation bills, save the general deficiency, had passed the senate stage and gone to the president. There was a commendable lack of rowdiness and drunkenness which has disgraced the close of many congresses.

At 6 o'clock the house took a recess until 8:30 to give the statesmen an opportunity to improve their appearance. At dawn the throngs overran the capitol terraces, crowded into the house wing (the senate wing being kept rigorously closed), and swept up to the galleries to watch the dissolution of congress.

At 10 o'clock Chairman Cannon, of the appropriations committee, reported that after hours of struggling the conferees on the last appropriation bill, the general deficiency, had been unable to agree. Every item had been agreed to except that the house conferees refused to accept the claims tacked on by the senate. It was too late for another attempt to adjust matters in conference.

Cannon was willing to throw the whole matter into the house and let the members themselves take the responsibility for yielding or letting the bill fall.

These Failed to Pass.

WASHINGTON, March 4.—The following appropriation bills failed to become laws, as they were not signed by President Cleveland up to 12 o'clock today, when his term expired: Indian, agricultural and sundry civil. The general deficiency appropriation bill failed in conference.

Five Were Killed.

BOSTON, March 4.—By an explosion of gas in a subway at the intersection of Tremont and Boylston streets today, five persons were killed and a dozen more injured. An electric car which was directly over the center of the spot where the explosion occurred was wrecked and set on fire.

It is thought the explosion was caused by a defective electric light which ignited, the escaping gas. One of the men killed was Rev. Startbuser, of Tufts college.

Big Deal in Stamps.

CHICAGO, March 4.—When Byron W. Ross began to collect postage stamps two years ago he was called a crank by his schoolmates. His parents tried to dis-

snade him from what they thought was a foolish craze. He told his father some day his stamps would bring him a fortune. His dream has come true. A few days ago Ross traded his collection of stamps for a hotel at Hurley, Wis., valued at \$35,000. He bought the property from John E. Burton, a millionaire mineowner of Milwaukee, who is going to establish his son in the postage-stamp business.

This, perhaps, is the first time in history of a deal of such magnitude made with postage stamps.

Suits Were Quashed.

LOS ANGELES, March 4.—B. A. Seaborg, a Washington millionaire packer, has quashed the sensational suits he brought against his wife. After having secured a divorce from his wife Seaborg married Miss Owens, at Portland, Or., conveyed considerable property to her, and finally brought her where she soon found friends, one of whom so fascinated her that she refused to have anything more to do with her husband, who sued her for the gifts and brought other suits which threatened to cause a sensation.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O.

A COUNTER THIEF REWARDED.

Stole a Purse Containing Diamonds and Cash.

CHICAGO, March 4.—Madame Sicott, of Los Angeles, has been robbed of diamonds valued at \$1000 and \$200 in bills, and as a result she has abandoned a trip to Washington to attend the inaugural ceremonies.

Madame Sicott arrived here February 20. She registered at the Auditorium annex. She left California in January and went to northern New York. She then visited Cincinnati, attending the sangerfest. She intended to remain in Chicago for a few weeks and go through to California. On Tuesday she changed plans, and at noon engaged apartments on the "Blaze of Glory" train for Washington.

Madame Sicott visited a down-town store to buy a telescope bag to be used on the Eastern journey. She had the diamonds and several valuable pieces of jewelry in her purse with \$200 in bills, which she thoughtlessly laid on the counter. When she turned to pick it up a few seconds later it had disappeared.

The police have a clew and expect to make several arrests.

The True Remedy.

W. M. Repine, editor Tiskilwa, Ill., "Chief," says: "We won't keep house without Dr. King's New Discovery for Consumption, Coughs and Colds. Experimented with many others, but never got the true remedy until we used Dr. King's New Discovery. No other remedy can take its place in our home, as in it we have certain and sure cure for Coughs, Colds, Whooping Cough, etc." It is idle to experiment with other remedies, even if they are urged on you as just as good as Dr. King's New Discovery. They are not as good, because this remedy has a record of cures and besides is guaranteed. It never fails to satisfy. Trial bottles free at Blakeley & Houghton's Drug Store. (4)

THE PEOPLE WANT WAR.

Greeks Protest Against the Action of the Powers.

ATHENS, March 4.—A great public meeting was held to protest against the action of the powers. At its conclusion the crowd marched to the palace shouting "War, war, war." Before the palace several persons addressed the people, and then, in response to their urgent demands, Crown Prince Constantine appeared on the terrace, wearing the uniform of a general. He thanked those present in the name of the king for the loyal and patriotic sentiment expressed and begged them to retire, saying that, at the present juncture, an attitude of calmness best befitted the dignity of the nation. The prince was loudly cheered. The new minister of war, Colonel Metaxas, has enjoined the greatest activity upon the commanders of the Greek forces. The French volunteers, who have reached here, were received with the greatest enthusiasm.

Extradition of Butler.

SAN FRANCISCO, March 4.—The counsel for Murderer Frank Butler announced that he would file an application for a writ of habeas corpus to release the murderer. The ground upon which the writ will be asked was that Butler was arrested upon British territory in a British ship and that he had committed no offense against the United States laws. The writ will be heard before Judge Morrow of the district court. The evidence in the case was forwarded to Washington last Saturday and the presidential approval of Commissioner Heacock's decision extraditing the prisoner is looked for soon.

Cashier Hatcher Arrested.

GREAT FALLS, MONT., March 4.—B. D. Hatcher cashier of the defunct Northwestern bank, was arrested today by Deputy United States Marshal J. K. Waite, on charges preferred by Bank Examiner Lazard, of misappropriating \$90,000 funds of the bank, which he paid Conrad Brothers. Hatcher was arranged before United States Commissioner Cockrell and bail fixed at \$5000. So far he has been unable to give bonds.

All the Family.

With the close of the Presidential Campaign THE TRIBUNE recognizes the fact that the American people are now anxious to give their attention to home and business interests. To meet this condition, politics will have far less space and prominence, until another State or National election demands a renewal of the fight for the principles for which THE TRIBUNE has labored from its inception to the present day, and won its greatest victories.

Every possible effort will be put forth, and money freely spent, to make THE WEEKLY TRIBUNE pre-eminently a National Family Newspaper, interesting, instructive, entertaining and indispensable to each member of the family.
