GREECE MAKES REPLY

The Identical Notes Are Answered Diplomatically.

LITTLE OR NO DANGER OF WAR NOW

The Dakotas Have Had a Tremendous Snowfall. There Being Now Four Feet on the Level.

LONDON, March 8.—The reply of Greece to the identical notes of the power, delivered at Athens Thursday last, insisting upon the withdrawal of the Greek troops from Crete and the Greek fleet from Cretan waters, was received here at noon. It conforms to the forecast cabled exclusively by the Associated Press. A cabinet council was immediately held, after which the Marquis of Salisbury went to Windsor to consult the queen. There was great animation in the foreign office. Nearly every ambassador called during the day.

The reply of Greece to the identical notes of the powers is regarded in official circles here as of a most favorable nature. It is believed the crisis will soon be past, as the Greek note at least furnishes a basis upon which a compromise satisfactory to all concerned can be speedily reached.

The stock exchange here and the bourses on the continent reflect the confident feeling.

Cemeteries Desecrated.

CANEA, March 8.—Turkish officials are allowing the Mussulmans to desecrate the cemeteries and monasteries. Coffins are being forced open and remains being thrown into fields, the object being to steal valuable buried with the dead.

Turks to Be Restrained.

CONSTANTINOPLE, March 8.—In reply to representations of Prince Haurorodate, the Greek minister here, on the subject of interference by Turkish officials with a party of Greek engineers repairing a road near the frontier, in Thessaly, Tewfik Pasha, the Turkish minister of foreign affairs, assured the prince that orders had been sent to the authorities on the Turkish frontier to avoid such provoking incidents.

Will Fight for King George.

SAN FRANCISCO, March 8.—In response to queries relative to the number of Greeks resident upon the Pacific coast who are ready and fit for active service, the president of the local Hellenic Society says:

"There are about 1000 Greeks on the coast. They are engaged in various business pursuits. Out of this number at least 600 are willing to serve their country, and here in this city 150 men have notified the consul that they are ready to leave for Greece or Crete at a day's notice. Several of these are married, but that will not interfere with their departure. One and all say that they will make any sacrifice for their king and country.

"We fear that our nation is so poor, owing to the heavy cost of transporting. However, some of us intended to go to Greece and fight, even if we have to pay our own passage."

Confidence Is Returning.

LONDON, March 8.—It is reiterated here that a complete agreement exists between the powers as to an effective measure to be immediately taken against Greece in the event of her declining to comply with the demands of the powers in the withdrawal of the Greek troops from Crete and recall of the Greek fleet in Cretan waters.

The Princess of Wales feels great anxiety regarding the position of her brother, King George, and instead of returning to Sandringham, is remaining in London.

It is learned on good authority that the Greek reply to the identical note of the powers will offer to withdraw the Greek fleet from Cretan waters. While pointing out that it is impossible to withdraw the Greek troops from Crete, it will offer to place them under the control of the powers to restore order. Finally the reply will suggest that the Cretans be allowed to choose their own government.

WEYLER'S WAY OF MAKING WAR.

Complete Devastation of Cuba His Ultimate Object.

NEW YORK, March 8.—Sylvester Scovel, the World's Cuban correspondent, in prison at Sancti Spiritus, writes from his cell under date of March 1:

"Some idea of how Spain is making war here may be gained from Weyler's own words. Two weeks ago this captain-general of all Cuba had the aldermen of the town and the townspeople assemble in the public square. Addressing them, he said:

"Last year Gomez and Maceo went west, destroying right and left; this year I am coming east to finish what they left, I am going to make grim war, and before I get through the country will be as bare as the palm of my hand."

"The troops in the town have acted like vandals. They are in many instances quartered on private families. Twenty were allotted to the house of a mulatress of good repute. I am informed that they horribly abused the hostess. Although General Weyler has hitherto sternly prohibited and mercilessly punished such atrocities of his soldiers, they have been rare. Cattle for this large number of soldiers have been killed on the public streets and their entrails left to fester and rot under the hot Cuban sun, spreading disease.

"Robbery by soldiers has become prevalent. At last a Spanish clerk in a Spanish store pursued one thieving soldier who had stolen a hat and killed him. The clerk will, of course, be shot. He is in jail now.

"All about town the skies are dark with the smoke of burning property. Five newly built houses of American estates at Tuinco, near here, have been devastated. All the corn was burned by the troops four days ago. Farmhouses were razed to the ground. As I have no means of verifying them. I make no mention of the stories of wholesale slaughter of farmers in the country around about.

"Whoever the Cuban chief near here has been, he has been in some hot fighting. Fully 500 wounded have been brought back to town by ox team. I can see hospitals from my cell window. The Spaniards and Cubans have been maltreated here."

Railroad Trains Cannot Be Moved.

ST. PAUL, March 8.—Minnesota and North and South Dakota are in a nervous condition over the prospects of the next few days. It has snowed every day this month, Sunday's storm being the greatest in weeks. Railroad trains are tied in every direction and many small branches are abandoned. The legislature at Pierre, which adjourned on Friday, is tied up as tightly as if under siege. Not a train is running into or

out of Pierre. There is almost the same state of things at Aberdeen, Blount, Gettysburg, Millbank and Chamberlain. General Superintendent Harding, of the Great Northern, came in last night from a trip to the Pacific coast. Speaking of the snow, he said:

"In all my career I never saw anything like it. A conservative estimate would place the snow in North Dakota at three feet on the plains. It is probably nearer four feet."

Telegrams indicate another storm is on.

A Walk-out in New York.

NEW YORK, March 8.—The first of a series of strikes that will probably involve 10,000 mechanics of the building trades was ordered by a committee of the board of walking delegates at the new Columbia college buildings. Over 500 workmen quit. The committee proceeded to other large buildings to order strikes.

It is said work will be stopped on every large structure now in course of construction in this city. The strike is the outgrowth of a dispute between labor organizations as to which should control the work on elevators.

Dangers of the Grip.

The greatest dangers from La Grippe is of it resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy is taken, all danger will be avoided. Among the tens of thousands who have used this remedy for la grippe, we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that this remedy is a certain preventive of that dread disease. It will affect a permanent cure in less time than any other treatment. The 25 and 50 cent sizes for sale by Blakeley & Houghton.

The Flood in Illinois.

CARLEISLE, Ill., March 8.—The river is still rising. The water is now at a stage within one foot of the unprecedented flood of 1892. The suspension bridge across the river at this point is threatened with destruction. An additional rise of two feet will sweep away the bridge, and will entail a loss of \$25,000. Thousands of logs and rafts are lost in the swift current. One hundred thousand bushels of corn which is stored in cribs in the overflowed district will be a total loss.

Thomas Condt. Missionary.

BELOIT, Wis., March 8.—Thomas Condt, aged 90, is dead. From 1836 to 1856 he was a missionary to the Hawaiian islands. He was the last of a company of 30 missionaries who left for the islands in 1836. He was the first white person the natives of Maui island ever saw.

Indian Sealers Strike

VICTORIA, March 8.—Indians on the west coast are reported to have refused to ship as sealers for less than three dollars a skin. Nearly all the schooners are tied up on the coast trying to arrange matters.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. MRS. BEECHER DEAD.

Died at Her Old Home in Stamford, Connecticut.

STAMFORD, Conn., March 8.—Mrs. Henry Ward Beecher died today, the 10th anniversary of the death of her husband. She was 85 years of age. Mrs. Beecher had been sinking steadily since Saturday noon and during the 24 hours preceding her demise had been unconscious. William Beecher, one of her sons, reached Stamford Saturday evening and remained until last night, when he left for New York.

At the bedside this morning were gathered Mr. Scoville, his wife, a daughter of Mrs. Beecher; Mrs. Scoville, two children and Mrs. Bullard, a niece of Mrs. Beecher.

The funeral arrangements, which were practically completed tonight, will include private services at the residence of Mr. Scoville on Wednesday afternoon. Thursday the remains will be taken to Brooklyn, and from 10 a. m. to noon will lie in state in Plymouth church. At 2 p. m. public services will be held under the direction of Rev. Lyman Abbott.

Something to Depend On.

Mr. James Jones, of the drug firm of Jones & Son, Cowden, Ill., in speaking of Dr. King's New Discovery, says that last winter his wife was attacked with LaGrippe, and her case grew so serious that physicians at Cowden and Pana could do nothing for her. It seemed to develop into Hasty Consumption. Having Dr. King's New Discovery in store, and selling lots of it, he took a bottle home, and to the surprise of all she began to get better from the first dose, and half dozen dollar bottles cured her sound and well. Dr. King's New Discovery for Consumption, Coughs and Colds is guaranteed to do this good work. Try it. Free trial bottles at Blakeley & Houghton's Drug Store. (5)
