## READY TO SELL CUBA

Weyler Authorized to Treat With the Insurgents.

## MARTIAL LAW DECLARED IN BRAZIL

John L. Sullivan Wants to Fight, and Will Challenge the Winner of the Carson Battle.

Chicago, March 11.—Crittenden Marquette, the Record's correspondent in Havana, declares General Weyler has received positive orders from Madrid to end the Cuban war at once, even going to the extent of selling the island to the insurgents if need be. Weyler set out for Villa Clara to find General Gomez and undertake negotiations. Weyler himself said the war will end within three weeks.

The fear of President McKinley's position is given as the leading cause for the Spanish change of policy.

## MARTIAL LAW IS DECLARED.

Brazilian Government Adopts Drastic Measures in Bahia.

New York, March 11.—The Herald's correspondent in Rio Janeiro telegraphs that martial law has been declared in the state of Bahia, where Conde de Saldanha is engaged in a serious rebellion. The government has dispatched General Santuzia to Bahia with a large force of artillery, the rebels in the last battle with the Brazilian troops having captured many of their guns. Within eight days the government will send 3,000 infantry and cavalry reinforcements to Bahia.

The war department has received information that the fanatics are now more than 15,000 in number, and that their strength increases daily. Business in Bahia is completely paralyzed, and the government is much agitated at the prospect, especially since the disastrous defeat of the federal troops.

It is stated that Colonel Tamarindo was not killed at Canudos, and that he is now in Montezanta.

While there is less excitement in Rio Janeiro, monarchists are threatened when they appear on the streets. Many of them have taken refuge in the legations.

The newspaper offices are guarded by troops, and cavalry and mounted police patrol the highways.

A special from Montevideo says the government has not yet decided to adopt an offensive policy in suppressing the rebellion. It is believed that to remain on the defensive will at the present time best serve the interests of the country.

Invasion from the Brazilian border continues and it is admitted that at least 7,000 revolutionists are under arms. They are advancing into the more populous country and a battle is looked for at any time. The government has received a large cargo of arms.

A special from Valparaiso says the official returns of the elections which took place Sunday, will show the following complexion in congress:

The senate's new members are 12 conservatives, 7 Errazurites, 8 Balmacedists, 2 liberal doctrinaires and 2 radicals. In the house of representatives are the following new members: One independent, 20 conservatives, 20 Errazurites, 19 Balmacedists, 16 radicals, 6 liberal doctrinaires, 2 democrats and 2 doubtful.

President Errazuriz, with a party including Bishop Casanova, will sail on the Capitan Monday for the island of Juan Fernandez. The minister of the interior, Carlos Antunez, will act as vice-president. Owing to the new composition of congress, the cabinet will resign as soon as the president returns.

## Insurgents Were Victors.

Montevideo, Uruguay, March 11.—In the conflict which has just taken place in the interior between the government troops and insurgents, the latter were victorious. Diplomatic relations between Uruguay and Argentina are strained, owing to the allegation that correspondence of the governments of the two re-

publics has been violated by postoffice officials. Commerce is paralyzed on account of the revolution.

## THREE WOMEN WANT OFFICES.

Mariella Ricker, Cora Weed and J. Ellen Foster.

WASHINGTON, March 11.—Miss Mariella Ricker, of New Hampshire, is seeking an appointment as minister to Columbia, and Miss Cora C. Weed, of Muscatine, Ia., has applied for one of the European consularships. There is nothing in the law to prevent the appointment of a woman to a consular or diplomatic place, but it is doubtful if a foreign nation would receive such an envoy.

Miss Ricker was formerly a resident of Washington and a partner of Belva Lockwood. She is a large, fine-looking person, 40 years old, with short, curly hair and rather a masculine air. She was a familiar figure on the streets of New York city. Miss Weed is said to be a bright young woman, and has held several appointments under the state government of Iowa.

Mrs. J. Ellen Foster, formerly of Iowa, is a daily visitor of the White House. She asks the appointment of her husband as governor of New Mexico, and bases his claim upon her services to the Republican party in campaigns. She has not been able to see the president, but has been at the interior department and has had several interviews with Secretary Morton.

## Sullivan Is Coming.

CHICAGO, March 11.—John L. Sullivan, the ex-champion, who is to report the Corbett-Fitzsimmons contest for a New York newspaper, will arrive in Chicago on Saturday morning, and will leave at 5:30 o'clock in the evening on the "Davies special" over the Rock Island route for the battle ground.

Sullivan has challenged the winner, and will be accompanied by a party of Boston sporting men, including George Gay, Frank Stevenson, Frank Dunn and Larry Killian. Among the prominent New Yorkers who will accompany John L. Sullivan are Tom O'Rourke, Joe Vendig, Jim Wakeley, Len B. Sloss, Frank Keeney, John Eckhart and Warren Lewis.

## Dangers of the Grip.

The greatest danger from La Grippe is of it resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy is taken, all danger will be avoided. Among the tens of thousands who have used this remedy for la grippe, we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that this remedy is a certain preventive of that dread disease. It will affect a permanent cure in less time than any other treatment. The 25 and 50 cent sizes for sale by Blakeley & Houghton.

## RIVER BURSTS ITS BONDS.

The Underground Course of an Indiana Stream Discovered.

INDIANAPOLIS, March 11.—For many years the invisible course of Lost river, which sinks from view at a point near the town of Orleans, has excited scientific inquiry. No trace of the underground river has been discovered until the recent heavy rains.

It is now believed that Lost river runs directly under the town of Orleans. This belief is based mainly on the fact that during the recent flood the water burst forth from what was supposed to be a small cave in such volumes that the town was flooded. The water has now ceased to flow from the cave, but any one standing near the entrance can hear the rushing torrents, apparently hundreds of feet below.

The explanation of the sudden appearance of the water at the cave is that owing to the great volume caused by the rain, the subterranean channel was insufficient to carry it off, and the pressure became so great that it sought relief through the cave.

This is confirmed, because some years ago there were some persons boring for gas at Orleans. After a depth of 500 feet had been reached, water gushed forth with terrific force and flowed for many months.

## ALTGELD SLATE WAS NOMINATED.

Democrats of Chicago Hold their City Convention.

CHICAGO, March 11.—The Democratic city convention was called to order at noon by Chairman Thomas Gahan, of the Democratic central committee, who introduced Charles S. Thornton as temporary chairman. Ex-Governor Altgeld was not present, but it was well known that he was to dominate the gathering.

A long wrangle took place in the committee on resolutions over the financial plank. The platform as presented by the committee, made no direct reference to free silver coinage, but ascribed the prevailing business depression as due to the present monetary system, which it condemned, and ended by lauding William J. Bryan and ex-Governor Altgeld. Municipal reform was advocated. The resolutions commit the party to franchise compensation and the anti-department store movement. The platform practically as presented was adopted.

Carter Harrison was placed in nomination by his chief ex-rival, A. S. Trude, and the nomination made by acclamation.

Ernest Hummel was nominated by acclamation for treasurer. William Loeffler was nominated for city clerk. Miles J. Devin was nominated by acclamation for city attorney.

There was no deviation from the Altgeld slate, prepared 24 hours in advance.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. ## POWERS ARE IN HARMONY.

Sentiment Is Undivided Upon the Greco-Cretan Question.

LONDON, March 11.—The stock exchange continues very firm. Consols and foreign securities are strong, on evidence that in spite of rumors to the contrary the powers are absolutely united on the Greco-Cretan question. Even Grecophiles are wearying of the obstinacy of the Hellenes and are disgusted with the perfidy of the Greek commander, Refnek, since recalled, who, it appears, assumed the responsibility of suppressing the joint remonstrance of Europe, which he had undertaken to make known to the insurgents.

The foreign admirals at the conference with the insurgent leaders at Akroliri yesterday learned that Commodore Refnek never imparted to the latter the proclamations of the admirals, forbidding them to attack the towns, although he accepted the commission to do so.

It is thought possible that some concession will be made to Greece, but only after that country has made complete submission to the demands of the powers. There are signs that Greece is anxious the powers should apply pressure upon her in order to give the Greek government an excuse to retire from its impossible position.

## Old People.

Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate and contains no whisky nor other intoxicant, but acts as a tonic and alternative. It acts mildly on the stomach and bowels, adding strength and giving tone to the organs, thereby aiding Nature in the performance of the functions. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price 50 cents and \$1.00 per bottle at Blakeley & Houghton's Drug Store.
