## DEBATE ENDS TODAY

Last of the General Discussion on the Tariff.

NO NEW ARGUMENTS ADVANCED

Simpson of Kansas Entertained the House--Senate Refers Credentials of Henderson of Florida.

WASHINGTON, March 25.—This was the last day of the general debate on the tariff bill in the house. Talbert, democrat, of South Carolina, in the presence of a scant audience, opened the debate. The house rapidly filled. Talbert talked a great deal about robber barons.

Champ Clark, democrat, of Missouri, followed. He said as a democratic politician he rejoiced in the passage of the pending bill, because after it had become a law every storekeeper would be obliged to make a democratic speech every time he made a sale. The passage of this bill, he said, would give the democrats a hundred majority in the next congressional election.

After brief remarks by Maguire, democrat, of California, and Gunn, populist, of Idaho, Tawney, republican, of Minneapolis, member of the ways and means committee, took the floor for 20 minutes. Tawney defended the lead schedule, which had been attacked by Gunn. The latter said he had no criticism to make of the rates. He only asked that they be collected.

Tawney asserted that the classification of this schedule was such that the duties could not be evaded. The purpose of the framers of the schedule was to give American labor employment in smelting Mexican and Canadian ores, and at the same time fully protect the American lead miner.

Simpson, populist, of Kansas, entered the house for five minutes. He read from McKinley's speech at the Minneapolis convention a declaration that the foreigner paid the tax, which he ridiculed. The last congress he said increased the appropriations \$50,000,000, and now, according to McKinley's theory, taxes on foreigners were to be increased to pay for extravagance. The foreigner should be glad, he said, that the last congress had not been a two-billion-dollar congress. If the taxes of the foreigner could be sufficiently increased, he observed sarcastically, the surplus would be distributed among our people and every day would be Sunday here. (Laughter.)

Simpson said he was himself a farmer, who farmed farms, not farmers. If the republicans had desired to do something practical for the farmers, why, he asked, had they left hides on the free list? Simpson announced himself a free trader.

### WATERS ARE RISING.

Ice Georges Block the River at Mankato, Minn.

MANKATO, Minn., March 25.—The river has risen slightly. The gorge has become firmer and the pressure of the water above has forced the cakes of ice to stand edgewise, giving the river a strange and wild appearance. Ineffectual blasting with dynamite was done at one gorge.

The officials of the Omaha road paid the city a visit to see the river and its effect on the embankment on which the road has built along the river front. This work is uninjured and it is not thought to be in danger. The union depot is five feet above the water. The water has backed into the basement of the city hall and flooded the heating apparatus so that stoves had to be placed in the various offices.

A mighty flood courses through the center of North Mankato, and more people have moved out bringing their household goods to the bridge in boats. The ice in the river above the city is still intact.

### Two Votes Were Lacking.

FRANKFORT, Ky., March 25.—The third ballot for United States senator was taken today. Rumors of bribery have been afloat all day. It was said at 11 o'clock the Hunter forces had brought two republican bolters in line and Hunter, the nominee, would certainly win. During the voting, Representative Nance,

a bolting Republican, arose and hotly denied he had been bought, bribed or monkeyed with. He eluded by voting for Hunter, who, however, received only 67 votes, 68 being necessary to choose Blackburn (silver Democrat) received 49; Davis (sound-money Democrat), 13.

### BROTHERS FIGHT A DUEL.

One Is Killed and the Other Badly Wounded.

GREENSBURG, Ind., March 25.—George and Calvin Holmes, brothers, fought a duel to the death near Moore's Hill, yesterday. They were twins 22 years old. They were members of a prominent and wealthy family.

Miss Higgs, over whom they fought, is 20 years old, the daughter of one of the wealthiest families in the country. About a year ago George Holmes began paying attentions to Miss Higgs, and was favorably received. Last Christmas his brother Calvin returned from college and met the young lady at a neighborhood dance. They at once seemed smitten with each other, and this aroused the jealousy of the girl's lover. Nothing was known of his feelings, however, until Sunday night when Miss Higgs jilted him for his brother, and a quarrel ensued.

Yesterday the brothers met in the road. They quarreled and struck each other, when Calvin fired. Several shots were exchanged, when George dropped dead. Calvin is wounded over the heart.

### A Valuable Prescription.

Editor Morrison of Worthington, Ind., "Sun," writes: "You have a valuable prescription in Electric Bitters, and I can cheerfully recommend it for Constipation and Sick Headache, and as a general system tonic it has no equal." Mrs. Annie Stehle, 2025 Cottage Grove Ave., Chicago, was all run down, could not eat nor digest food, had a backache which never left her and felt tired and weary, but six bottles of Electric Bitters restored her health and renewed strength. Prices 50 cents and \$1.00. Get a Bottle at Blakeley and Houghton's Drug Store. (6)

### Pracht May Go to Alaska.

WASHINGTON, March 25.—It is given out pretty straight that Max Pracht will be appointed governor of Alaska. It is also understood that Pracht's nomination will not be charged to Oregon, but will be on account of general services rendered the party. The intimation is made that no other selections will be made for Oregon outside the state until existing differences are adjusted.

### Bismarck's Condition.

FRIEDRICHSHAGEN, March 25.—Prince Bismarck is still confined to his home by nervous depression and a gastric disorder. He receives few visitors, but his condition is not regarded as serious.

Confucius said to his followers:

"Be good and courteous to all, even to the stranger from other lands. If he say unto you that he thirsteth, give unto him a cup of warm tea without money and without price."

### TROOPS TO LEAVE CUBA.

Spain Will Shortly Withdraw Ten Thousand Men.

WASHINGTON, March 25.—According to advices received at the state department, presumably from General Lee, there will soon follow a big withdrawal of Spanish forces from Cuba in order to satisfy the constant demands for additional service in the Philippine islands, where the present force is said to be inadequate to cope with the insurrectionists. These advices say that Weyler has been directed to dispatch 10,000 of his best soldiers to Spain, whence they will shortly afterward be transported to the Spanish possessions in the Philippine group.

The demand for troops there is said to have been so incessant that the cortes has been compelled to weaken its Cuban forces in order to meet the demand. There are said to be no troops at home that can be spared for duty abroad, and the army in Cuba is the only source of supply left for it to draw upon.

General Weyler, according to reports received here, has protested against the withdrawal of any part of his force, but orders from the home government are believed to be imperative and must be obeyed.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c.

### Trans-Missouri Decision.

OMAHA, March 25.—Frederick R. Couderc, one of the receivers of the Union Pacific, is here. In speaking of the court's decision on railroad associations he said:

"There can be no doubt but that the effect of this decision of the supreme court, declaring the Trans-Missouri Freight Association illegal, will be very far-reaching. It may be that all freight and passenger associations will be dissolved because of the decision.

"It looks as though the Union Pacific and all other railroads in the hands of receivers will be most keenly affected by the decision. The receivers of a railroad are really a part of the court and no part of the court can take a position adverse to that of the supreme court.

"The whole matter is of such very great importance that I should not care to give an opinion until I have read the full text of the decision."

If asked the question "Have you got a stomach?" it would be safe on general principles, to answer "Yes." But, if you are sure of it, that is, if you ever feel any distress after eating or any pains of whatever description in the region of the stomach, you have got something else besides an ordinary stomach; in other words you have got a diseased stomach. The stomach is a powerful muscle, and the proper remedy for a tired muscle is rest. Try the Shaker Digestive Cordial, for this product not only contains digested food, which will nourish the system without any work on the part of the diseased organs, but it aids the digestion of other foods as well. You can test its value in your case for the trifling sum of 10 cents. Sample bottles at this price are carried by all druggists. 12

M. J. WOODCOCK, Agent, Wamic, Or.

When my little girl was one month old, she had a scab form on her face. It kept spreading until she was completely covered from head to foot. Then she had boils. She had forty on her head at one time, and more on her body. When six months old she did not weigh seven pounds, a pound and a half less than at birth. Then her skin started to dry up and got so bad she could not shut her eyes to sleep, but lay with them half open. About this time, I started using CUTICURA REMEDIES, and in one month she was completely cured. The doctor and drug bills were over one hundred dollars, the CUTICURA bill was not more than five dollars. My child is now strong, healthy, and large as any child of her age (see photo), and it is all owing to CUTICURA. Yours with a Mother's Blessing, Mrs. GEO. H. TUCKER, JR., 632 Walker St., Milwaukee, Wis.
