Cissy Sideways Demurs.

To the Committee of Thirteen Indignant Damsels: As I was not credited on the posters or programs of our late minstrel show with the honor of living in Dufur, nor did I make any such pretensions, being too modest to assume a virtue when I had it not. I am at a lose to know the one whose fertile imagination located me in your city. Perhaps he is someone insanely enamored with my irresistible, bewitch ing loveliness, and seeks to win me with extravagant adulation, faucting no more fitting abode for such a cynosure of beauty. On the other hand, he may be some rejected, disappointed, love-sick swain, whose affections some member of your "sweet sixteen" did not reciprocate, and feeling for the first time the pangs of "despis'd love," vowing the meladramatic revenge of the rejected sultor in "Calamity Jane," he doubtless thought it sufficient revenge for his injured feelings and unrequited love to place my domicile in your city. "Cissy Sideways," so well pictured in your "whereas," suggests to his mind a Dufur damsel! Alas for his poetic fancy! "A long, lanky individual with a month like 15-mile creek and a foot like the foot of Mt. Hood," brings to his disordered brain visions of a maiden from your number! What a perverted taste, hideous your prototype I should learn nightmare and distorted imagination! My fancy, to be thus aroused, demands sight of one of whom Burke said : "Sure ly never lighted on this orb, which she hardly seemed to touch, a more delightful vision." Long and lanky? No; the maiden from Dufur, no matter what your size is, is just tall enough to reach your heart; and her mouth, with lips distilling nectar, resembling 15-mile creek only as possessing a voice of exquisite music attuned to the limpid purlings of this stream in its mellifluent meanderings. "A foot like the foot of Mt. Hood" suggests to his imagination that Cissy is from Dafur; if he regards the snowy whiteness of its ermine covering, he may be right in thus recalling your "Trilbies." Since your committee in your "whereas" whereased that one without a moustache, and as hairless as the ordinary door knob is disqualified from properly assuming to be of your number, should it ever be incumbent upon me to portray by proxy any one of your committee, I shall not neglect to cultivate the proper hiraute appendages and change my facial orifice from the state of a hairless door knob to that of a bristling cocoanut. Whoever

also permitted his imagination to sug-

Sordid the taste of the gourmand whose ideal of Dufur's female honeyed lusciousness is aroused at the semblance of a ginger snap; my fancy rather craves some undiscovered ambrosial delicacy, whose invention awaits the birth of some future Edison of epicares. Your informant is still further unhappy in his conceits when his fancy tells him that one capable of being encircled with fishing rod cases as substitutes for pants, hails from among the sweet sixteen of Dufur; no such lingerie, if rumor can be relied on. has ever done flag duty on the clotheslines of Dufur on washday, while the playful zephyrs from Tygh Ridge vainly attempt to solve the problem of serial navigation by inventing bifurcated bal-

Though I do not know who informed you that I came from Dufur, yet I suggest that you take one of the matches above mentioned, split the same into quarters, shave them as thin as the fibres will allow, submit the ginger snap to hydraulic pressure, insert the quartered match for legs, then resolute on the restenetur divinare.
