BIG GUNS FOR CUBANS

Expedition Is Successfully Landed on the Island.

ACTIVITY OF INSURGENT FORCES

Famine in the District of Sancti Spiritus. Due to the Failure of Sugar Crops.

HAVANA, via Key West, Marh 27.—An expedition carrying arms, ammunition and heavy field pieces has been landed successfully at Boca de Jaruco, to the northwest of Havana. It is reported that a well-known Havana merchant, Colin de Caidenas, was among those landed with the expedition.

The outskirts of La Peste were raided by the insurgents, who sacked and burned a number of houses, retiring after a light skirmish with the government soldiers. Numerous insurgent forces have been gathering at a point about eight miles from Canajuan, under direct orders from Maximo Gomez.

La Lucha yesterday attacked the military censor at the palace, claiming he "knocks out the news under any pretense," adding that the censor's policy of keeping the papers from printing news will "go against him."

Famine has commenced to invade the district of Sancti Spiritus. The failure of the sugar crop is the principle cause. The planters have abandoned all hope of grinding this season.

Laurada in the Delaware.

PHILADELPHIA, March 27.—The famous filibustering steamer Laurada passed the Delaware capes at 6:30 to-night. The Laurada, after having had her boilers examined and pronounced in an unsafe condition, sailed from Baltimore, ostensibly for Wilmington, Del., for repairs, about February 20 last. It was reported at the time the filibuster had gone on another expedition, but Captain John D. Hart, her owner denied the story emphatically.

Since that time, however, the Laurada has been reported but once. Gurley, which arrived here Wednesday, March 24, from Jamaica. He stated that he had seen the Laurada, March 10, off Watling's island, one of the Bahamas. He said she had a cargo of some kind on board, and was heading to leeward. The captain of the Gurley was positive in his identity of the Laurada, saying he was near enough to read her name.

MISSISSIPPI FLOOD.

A Crisis Prevails at Quincy—News From the Lower River.

QUINCY, Ill., March 27.—A flood crisis prevails here. At 6 o'clock, the Mississippi passed the 14-foot mark, and is still rising at the rate of one-third of an inch an hour, in spite of the fact that the river is from three to eight miles wide above and below here. Ferry-boats moved a number of families and droves of stock from Horton's island, which is now almost covered with water. Residents on the opposite side of Quincy bay were forced to abandon their homes.

Farmers have been fighting the rising water night and day on the levees north of town. It is feared that all the levees will go by the board tomorrow, unless the rise ceases. The first break will mean the flooding of thousands of acres of valuable farm lands.

Danger Threatened at Vicksburg.

VICKSBURG, Miss., March 27.—The rise in the river threatens most serious damage to the levees. The latest reports from as far north as Greenville, Miss., and from both sides of the river, are that the levees are being held at all points.

A special from Lake Province, La., complains of lack of tools and material, of which large quantities, however, are now en route from this city. It is hoped they will arrive in time. The situation is daily becoming more grave, and a crisis seems near at hand. The people everywhere are displaying the most devoted courage and endurance. The river here rose six-tenths in the last 24 hours. The gauge at 6 p. m. read 48.1 feet.

The Situation at Cairo.

CAIRO, Ill., March 27.—The situation

here continues to improve. The gauge shows a fall of about an inch. It reads 51 feet tonight. The winds last night were very severe on the levee in this neighborhood. At Beard's point, the situation is distressing. Twenty-five or thirty houses there have been washed from the foundations. A large amount of the Cotton Belt tracks have been washed away, and from 75 to 100 yards of the levee there is gone. This evening however, the water stands on both sides of the embankment.

WARNED ONCE MORE.

Powers Demand That All Troops Be Recalled From Frontier.

ATHENS, March 28.—The Crown Prince Constantine has arrived at Vohi. During the passage of the canal Egiptos, Prince George went on board and bade his brother a touching adieu.

The ministers of the powers held a conference today and it is stated drew up the terms of a collective note to the Greek government, requesting that the Greek troops be recalled from the frontier. It is understood that a similar note will be presented to the porte, and that, if either power refuses, its principal ports will be blockaded.

A meeting of the Cretan delegates will be held shortly at Athens to draft a reply to the admiral's proclamation of autonomy.

Alleged to Be Greek Strategy.

LONDON, March 28.—The Daily Graphic understands that the British proposal to Greece and Turkey to withdraw their armies from the frontier actually originated at Athens. The Turks now occupy all the passes in the mountains, and the best strategical positions. According to the Daily Graphic, the Greeks proposed a simultaneous withdrawal in order to be able to capture these positions by a rush attack after making a feint of compliance.

Ready to Take Constantinople.

LONDON, March 28.—A Times dispatch from Vienna says that, owing to the keen anxiety felt at St. Petersburg, as to what may occur in the near future at Constantinople, or in the vicinity, the czar has ordered the concentration of 200,000 troops in the four governments of South Russia. The Russian volunteer fleet is now available to transport troops when ever required.

A Valuable Prescription.

Editor Morrison of Worthington, Ind., "Sun," writes: "You have a valuable prescription in Electric Bitters, and I can cheerfully recommend it for Constipation and Sick Headache, and as a general system tonic it has no equal." Mrs. Annie Stehle, 2025 Cottage Grove Ave., Chicago, was all run down, could not eat nor digest food, had a backache which never left her and felt tired and weary, but six bottles of Electric Bitters restored her health and renewed strength. Prices 50 cents and \$1.00. Get a Bottle at Blakeley and Houghton's Drug Store.

CRETANS ARE STARVING.

The Dead Lie Unburied by the Roadside.

LONDON, March 28.—The Daily Mail's correspondent says that Admiral Canavero, commanding the international fleet in Cretan waters, has wired to the Italian government to send immediately a large land force, which is imperatively necessary to cope with the Cretan insurgents.

Admiral Canavero, it is said, asserts that conditions in the interior of the island are so terrible as the result of famine that even the lepers are leaving the lazar house; the inhabitants are panic-stricken, and the dead lie by the roadside unburied.

A Times' dispatch from Athens says that when it became known Saturday that Crown Prince Constantine would leave the city in the evening for the Greek camp at Larissa, to take command of the Greek armies in the field, a large crowd gathered on Constitution square adjoining the palace. As the evening approached, the crowd increased to a multitude, and the streets adjoining were filled with an excited throng, cheering, singing patriotic songs and firing revolvers. The populace shouted "For union and war!" and cheered continually for the crown prince and the army.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. Corned the Onion Market.

KANSAS CITY, March 28.—James McKinney, a produce dealer of this city, is credited with having cornered the onion market of the country. Within the past month the price of onions has moved up from 60 and 80 cents per bushel to \$1.50 and \$1.75 and the person reaping the lion's share of the profit is said to be McKinney.
