There is more Catarrh in this section of the country than all othe diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and there-fore requires constitutional treatment. Hall's Catarrah Cure, manufactured by melicit F. J. Cheney & Co., Toledo, Onio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the bood and mucous surfaces of the senter. Then, offer a surfaces of the L.F. Balnes, Plaintiff. system. They offer one hundred dollars for any case it fails to cure. I was spared the operation, and I have fairly good use of my hand and arm now. "Shortly after the process of healing of arm and hand, my stomach commenced to give me trouble. I did not then realize what it meant. After each meal I was seized with a cramping sensation, and then in a few days there were frightful pains, which threw me into clammy perspiration. The pills are doing for me more than any medical aid I have ever received, and they have stopped my suffering to a very great extent. I do not think nor do I expect that they will cure me, because all physicians are agreed who have examined me that it is are agreed who have examined me that it is impossible. Past experience however has shown me that they will to a great extent make my life bearable. This I believe is doing wonders, and I feel that if they have done this much for me, there must be many people who are sufficiency whom they can threw me into clammy perspiration. I know quite a number of people on the west side, and have told them of the marvelous side, and have told them of the marvelous relief I have gained by taking Dr. Williams' Pink Pills for Pale People; and if any one should like to hear more of the details of my suffering and more of the details of the relief gained by the Pink Pills, I shall be glad to have them call at my home, 46 Wal-put Strast Chicago. glad to nave thicago. nut Street, Chicago. found that gastric ulcers of the stomach had formed, which he said were incurable, and were liable to produce cancer at any time. While in Grand Rapids the ulcers which had formed in the stomach broke, which produced vomiting of large quantities of blood and pus. This confined me to a sick bed for several weeks. When I became sufficiently strong to get up I came back here to die, as the doctor told me I might last one week, possibly one month. But I determined to make as strong a fight as I could, and get all the medical aid there was in Chiengo. for Pale People state that they are not a patent medicine but a prescription used for many in Chicago. This examination all forms of weakness arising from a watery condition of the blood or shattered nerves, two fruitful causes of almost every ill to which proved what my physician in Grand Rapids told me viz, that there were gastric ulcers of the stomach. The opinion of the college physicians was that my chances of a cure were not one in one thousand. This was in May 1894 : in June I was taken down with gastric fever, caused by fresh ulcers forming, and I hay in bed nine weeks. From June to September in that year I also suffered ad-ditionally from thirty abscesses forming on My arms and shoulders, produced by the con-dition of the stomach and blood circulation.
