### Council Meeting.

Regular meeting of the council Saturday night. Present, Mayor Menefee and Councilmen Kuck, Wood, Thompson Nolan, Champlin and Ross.

Minutes were read and approved. The finance committee reported through its chairman, M. T. Nolan, that about \$2500 of the city funds could be loaned, and was given further time.

The committee on streets and public property reported concerning sewer petitioned for by H. W. French, and was given further time.

Judiciary committee reported concerning the taxing of laundries, unfavorable to same.

Committee on fire and water reported recommending the marking of the streets.

Mr. Schanno presented verbal petition that a committee be appointed to investigate the matter of furnishing apparatus for Hook and Ladder Co. Referred to committee on fire and water.

Special committee to look after road tax collected by county reported that they had interviewed the county judge, who will meet them again soon in regard to the matter.

Monthly reports of officers received, read and approved.

Claims as reported by the marshal were allowed and warrants ordered drawn for the same, and also for officers' salaries.

The matter of the ordinance licensing drug stores, was laid over to adjourned meeting, and on motion it was ordered that when council adjourn, it adjourn to meet April 10th.

Ordinance No. — in reference to house numbering, was read, placed on final passage and lost, the vote being 3 to 3. On motion the matter of labeling streets was referred to committee on streets and public property, with power to act.

The ordinance concerning street numbering was referred to judiciary committee to report Monday. The marshal being instructed to stop the numbering of houses until further orders.

On matter of ridding the city of surplus dogs, marshal was instructed to enforce dog ordinance, and recorder to have the same published.

### Another Great Flood Predicted

The unusual and unprecedented late spring has made many people predict high water this summer. The snow in the mountains this winter has been very deep. In the past month all previous records have been broken. The rain which has been so plentiful hereabouts has been snow in the mountains and hevy snow at that. But the amount of snow on the hills and on the mountains does not alone determine the high water. High water is governed by the quantity with which the snow melts rather than by its quantity. Some time when the snow is deep it goes off gradually and the rivers do not rise rapidly. At other times a light snow fall may go off with great rapidity during a week or two weeks steady warm weather and bring the river up very much. What induces the belief that the water this year will be very high, is the late spring. Generally before the end of March much of the snow has been melted away and

has run off. This year it is all in place and is still falling on the lower foothills. Hence when the warm weather comes, if it should be reasonably steady, the water will come pouring down from the hillsides in great floods. Many believe this will be the case this year and that the high water will be greater than the great floods of three years ago. They say the only hope is that the warm weather will come very quickly, but not too intense, and that some of the snow on the lower mountains will melt away and run off before the time comes for the vast bodies of snow far back in the mountains to give way before the summer heat.—Klekittat Agriculturist.

There is a greater snowfall than ever before known in the country around Baker City. At Robinsonville it is now seven feet, in Greenhorn nine feet and still increasing, it snowing nearly every day. There is undoubtedly snow enough to make a tremendous flood, it all depending on the manner in which it melts.

A citizens' meeting was held in the school house, Tuesday night last, to nominate candidates for town officers for the ensuing official term. The present mayor, G. W. Johnston, called the assembly to order and placed A. J. Dufur in nomination for chairman, who was unanimously chosen and H. S. Turner was made secretary. On taking the chair Mr. Dufur stated the object of the meeting, and called for nominations for the various town offices to be filled, which were made as follows: Commencing with treasurer, for which office S. H. Edmouson was the unanimous choice. A. J. Brigham was nominated for recorder. Edward Bohna, Jos. Douglass, A. S. Dufur, H. M. Pitman, E. H. Johnston, J. C. Johnston, C. H. Stoughton, E. W. Hinman, M. J. Anderson for councilmen. For mayor, W. R. Menefee, Wm. Heisler and L. J. Klinger were nominated. Everything passed off pleasantly and without friction. While there are only four councilmen to be elected, nine candidates were placed in nomination, thus enlarging the opportunity of choice.—Dufur Dispatch.

### BETTER THAN CANNING THEM.

Japan Said to Offer a Market for Oregon Range Horses.

SAN FRANCISCO, April 3.—It is more than probable that a new market is about to open for the great herds of range horses of the Pacific coast. Since the close of the China-Japanese war, the Japanese government has been re-organizing its army and from now on a large cavalry force is to be maintained. Previous to the war the Japanese cavalry was about 20,000 strong, and was supplied from government horse-breeding establishments. When, however, at the outbreak of hostilities, drafts were made upon these establishments, it was found that only five per cent of the animals were really serviceable.

Officials at Tokio have recently been considering the small, weedy range animals of Australia, and it is said that when United States Consul Kell, at Melbourne, learned of this fact, he called attention to the needs of the Japanese government.

Several Japanese residents in this city, who are considered authorities on the matter, and who have made a study of Japanese horses and the Japanese horsemen, are emphatic in their indorsement of the American range horse.

President Tetsutaro Aoki, of the Yokohama Specie bank, of this city, said today that undoubtedly the American horse will fill all requirements.

"The horse most suitable for the Japanese cavalry," he said, "should be as tough as rawhide, not over gentle and not too dainty in the matter of fodder. I would unhesitatingly recommend that the best horses for the home government could be selected from herds that thrive so well on the plains of Eastern Washington, Eastern Oregon, California and the other mountain states. It only remains for those most interested to bring the matter properly before the Japanese government in order to open up a big market for these animals."

Mrs. A. Inveen, residing at 720 Henry St., Alton, Ill., suffered with sciatic rheumatism for over eight months. She doctored for it nearly the whole of this time, using various remedies recommended by friends, and was treated by the physicians, but received no relief. She then used one and a half bottles of Chamberlain's Pain Balm, which effected a complete cure. This is published at her request, as she wants others similarly afflicted to know what cured her. The 25 and 50 cent sizes for sale by Blakeley & Houghton.

Two years ago R. J. Warren, a druggist at Pleasant Brook, N. Y., bought a small supply of Chamberlain's Cough Remedy. He sums up the result as follows: "At that time the goods were unknown in this section; to-day Chamberlain's Cough Remedy is a household word." It is the same in hundreds of communities. Where ever the good qualities of Chamberlain's Cough Remedy become known the people will have nothing else. For sale by Blakeley & Houghton.

### Heavy Damage Suit.

HELENA, Mont., April 3.—The decision of Judge Knowles in the United States court in the injunction suits of the Boston & Montana Company and E. Rollins Morse, chairman of the Butte & Boston Ore Purchasing Company, in which it was sought to stop the latter from working the Michael Devitt and Pennsylvania lodes, will be followed, by the heaviest damage suit ever tried in the country.

Manager McGinnis, of the Montana Ore Purchasing Company, stated last night that as soon as the necessary papers could be prepared suit would be instituted against the Boston & Montana Company for \$2,200,000, which it is claimed is the net value of the ore extracted by the latter company through the Mountain View shaft from the west 100 feet of the Rarus lead.

This is said to have been the principal ore supply of the Mountain View, and it is said nearly all of the ore has been taken out. The Montana Ore Purchasing Company claims the value of the ore thus unlawfully extracted was more than \$3,000,000, and the net value is \$2,200,000.

A Valuable Prescription.

Editor Morrison of Worthington, Ind., "Sun," writes: "You have a valuable prescription in Electric Bitters, and I can cheerfully recommend it for Constipation and Sick Headache, and as a general system tonic it has no equal." Mrs. Annie Stehle, 2025 Cottage Grove Ave., Chicago, was all run down, could not eat or digest food, had a backache which

never left her and felt tired and weary, but six bottles of Electric Bitters restored her health and renewed strength. Prices 50 cents and \$1.00. Get a Bottle at Blakeley and Houghton's Drug Store.

The man who eats because he is hungry, is thus far, on the level with the brutes. The man who stops eating the moment his hunger is appeased is the wise man. Nature needs no more food than he calls for. Continued excess brings about indigestion or dyspepsia, with loss of flesh, strength, sleep, ambition and mental power, and an accumulation of aches, pains and many dangerous local maladies.

The stomach now can do nothing alone. We must appeal to some artificially digested food which can also digest other foods. That is to say, we must use the Shaker Digestive Cordial. The effect is prompt and cheering. The chronic pain and distress ceases. Appetite presently revives. Flesh and vigor gradually comes back, and the sufferer recovers. But he must be careful in future. A trial bottle for 10 cents.

Laxol is the best medicine for children. Doctors recommend it in place of Castor Oil.
