GOVERNMENT TO SEIZE WORKS

Plants to Be Returned After Being Used—Chandler's Scheme Presented to the Senate.

WASHINGTON, April 13.—Senator Chandler today introduced bills empowering the secretary of the navy to take possession of the armor plants of the Bethlehem and Carnegie companies.

The principal section of the bill authorizes and directs the secretary of the navy to forthwith take possession of such land buildings and machinery as constitute the armor-making plants of the two companies.

The bills provide for the adjudication of any claims against the government by the court of claims, whose judgment in the case shall be final.

These measures are the sequel to the recent effort of the navy department to secure bids from the Carnegie and Bethlehem works for armor plate within the rate specified by congress, \$300 a ton.

MISSOURI IS RAGING.

Lowlands Along Its Shore Are Likely to Be Flooded.

KANSAS CITY, April 13.—Weather Observer Connor today predicts that the Missouri river will rise quite rapidly, crossing the danger line by Wednesday noon, and will be about one foot above that point on Thursday night.

At noon today the gauge reads 19.6, a slight rise since yesterday. At Leavenworth a rise of six inches has been experienced since daylight, and the water is still climbing.

New Channel at Omaha.

OMAHA, April 13.—The Missouri river is changing its channel past Omaha, and in doing so, threatens to destroy property to the value of several million dollars.

From Florence lake the water is pouring into Cut-Off lake, and it now seems only a question of a few hours until East Omaha is moved into Iowa, and all the property in the line of the flood is swept away.

Floods in the South.

VICKSBURG, Miss., April 13.—Today the gauge registers 51.35, a rise of 4.1 in twenty-four hours, the highest water ever known.

Information received today is discouraging. The fine plantations at Brunswick are all under water. Boats were wanted everywhere to rescue people and save stock.

Situation at Davis Island.

ST. JOSEPH, La., April 13.—The steamer St. Joseph arrived here, having been detained at Ursulina plantation, on Davis island, taking on women and children and mules, cattle and other domestic animals.

the boat that the planters were moving. It was ascertained, however, that it was feared the levees would not stand much longer, though every effort had been made to hold them.

Davis island is not within the limits of any levee district, but the planters built and for some years maintained a private levee, protecting the island from overflow.

For more than a hundred years the Shakers have been studying the remedial properties of plants. They have many discoveries, but their greatest achievement was made last year.

WAR WOULD BE WELCOME.

Both Turkey and Greece Anxious for Open Hostilities.

ATHENS, April 13.—The frontier situation is developing slowly for two reasons. In the first place, bad weather, snows, rain and bitterly cold winds retard all movements.

Here at Constantinople there are daily prolonged meetings of council ministers, and it is generally recognized that there must be a decided change before long.

The Greek National League, or Ethniké Hetairia, is no party to this attitude of the governments, and has already pushed forward a force of 3000 irregulars, well armed, supplied and equipped, accompanied by an ample commissariat corps through the Turkish lines.

The Turkish minister at Athens yesterday called the attention of M. Skouzes, the Greek minister of foreign affairs, to the departure from Greece of irregular forces into Macedonia.

days, and that young people can meet, as God intended they should, to mate, without a thought that would tarnish the petals of the snowy lily.

We know there are many good people who object to dancing, that in their privilege, and being conscientious in their beliefs, we respect them for it.

But we would like to ask our young friend, who has so kindly volunteered to shed the light of his wisdom along our pathway of rayless gloom, whether, in speaking of the effects of dancing, he but repeats what he has been told, or whether he describes the effect of Terpsichorean exercise upon himself?

Mr. T. A. Faulkner, ex-president of the Dancing Masters' Association of the Pacific coast, is first. I do not care to repeat what Mr. Faulkner says, for the language he uses does not flow readily from my pencil as from that of our young moralist.
