## ARE FIGHTING HARD

### Turks Pushing Their Way Into Greece.

#### FIERCE BATTLE IN MILOUNA PASS

Turkish Forts Are Silenced by King George's Warships--The Fighting at Karya--Relations Severed.

Foot of MILOUNA PASS, April 18.—10 a. m.—A fierce battle raged in the pass all night long. The Greeks entered and descended toward the valley, encountered four battalions of Turkish troops, who drove them back, and at the point of the bayonet rescued the force garrisoning the Turkish blockhouses, which the Greeks had encircled before entering the pass.

Neshad Pasha, commanding the Fifth division, occupied Mount Harnia, with a great force, while Halri Pasha, commanding the Sixth division, prepared to enter the Tschaisahn pass, and Haida Pasha, with the Fourth division, occupied the Milouna pass.

Before dawn Edhim Pasha rode out to direct the disposition of the divisions. A general engagement ensued. The battle still continues along the entire pass, over 20,000 men being engaged. The combat turned on the possession of the Greek blockhouse, which was most obstinately defended. Several vigorous attacks were made by the Turks, without success, but finally, about 9 o'clock, by a magnificent dash, they took the blockhouse at the point of the bayonet.

The Greeks are still defending their positions on the summit of the hill. At the present moment four battalions of Mendokh Pasha's division are advancing to the frontier positions already taken.

The Turks are fighting like demons, the Turkish artillery doing splendid execution under the command of Riza Pasha.

The correspondent of the Associated Press says:

"I regret to have to announce the death of Hafiz Pasha at Milouna. The battle is still undecided, but the Turks, without calling up the reserves, have taken almost the whole pass. It is impossible to give details as to losses. I saw many groups of wounded men, but they were mostly on the heights. Ambulances have been sent to bring them in. I cannot say whether the Turks intend to advance on Larissa."

#### Brutal Murder of Pacificos.

NEW YORK, April 17.—A World dispatch from Havana by way of Jacksonville, Fla., says:

A camp of pacificos near Manges, Pinar del Rio, has been raided and more than forty persons slain. The camp sheltered refugees from San Cristobal and neighboring places, driven from there by the impossibility of getting food. They had begun cultivating crops for their own use. Colonel San Martin heard of it from a spy, and sent Captain Sarda with twenty men to break up the camp.

The camp was surprised at night, the men tied to trees, their huts burned and their crops destroyed. The men were kept tied up a day without food and water, while the guerrillas caroused with and maltreated the women captives. Then both men and women were shot.

Five hundred Cubans ambushed three battalions of Spanish troops on the Artemisa military road and killed nearly 200. The Cubans lost nearly 100.

#### No Breaks at Natches.

NATCHEZ, Miss., April 17.—The gauge here shows another rise of four-tenths during the last twenty-four hours. No breaks are reported in the immediate vicinity, but the best-posted and most reliable authorities admit that the levees are standing a much greater strain than had ever been expected of them. Hundreds of refugees are filling the city, some being in a pitiable condition, almost starved, and with nothing left them but the clothes they wear.

#### Wheat Takes A Jump.

NEW YORK, April 17.—The wheat market today. Prices advanced four cents a bushel in a little over two hours. Dealings ran up into the millions. The shorts were completely stampeded, and

their orders to buy flooded the market from start to finish. War news and foreign buying were the factors which occasioned the tumult. The foreign buying was by far the heaviest seen in long time. No limit was set on the execution of foreign orders, which read "Buy wheat," and it was bought at any figure. During the regular session May went from 73½ to 78 cents, and later on the curb to 79½ cents. To other influences was added the export demand at the close, Liverpool taking 35 loads. The market was at fever heat all day, and left off at its wildest point. Total sales were between 6,000,000 and 6,500,000 bushels.

#### The River at St. Louis.

ST. LOUIS, April 17.—The river here this morning showed but a decline of three-tenths of a foot for the past twenty-four hours, and the prediction is that it will change but little during the next two days. Above here, however, slight rises are marked on the Mississippi at Boonville and Kansas City, and on the Mississippi at Hannibal, Keokuk and Davenport. Weather Observer Frankenfield thinks the Missouri will continue to rise slowly, and the upper Mississippi will also rise gently, but no danger stages are indicated south of Keokuk with the water now in sight.

#### Canovas Says It Isn't So.

WASHINGTON, April 17.—The Spanish minister has received a telegram from the president of the council of ministers, Senor Canovas, saying that the report of the recall of 30,000 men from Cuba has no more foundation than the fact of its publication in an opposition paper of Madrid.

Minister de Lome says no soldiers will be withdrawn from Cuba. Captain-General Weyler has telegraphed that he does not need any more reinforcements to terminate the war.

#### Relief Work in Arkansas.

LITTLE ROCK, Ark., April 17.—Governor Jones today received a telegram from his secretary, who is distributing funds in the flooded district, stating that a most deplorable state of affairs exists in Monroe county. He estimates that there are 2000 persons and 10,000 head of stock in that county in need of immediate assistance to prevent starvation.

#### \$100 Reward \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75 cents. No. 2-8.

Campbell, merchant of Safford, Ariz., writes: "Dr. King's New Discovery is all that is claimed for it; it never fails, and is a sure cure for Consumption, Coughs, and Colds. I cannot say enough for its merits." Dr. King's New Discovery for Consumption, Coughs and Colds is not an experiment. It has been tried for a quarter of a century, and today stands at the head. #### Condition of Rivera.

HAVANA, April 17.—General Ruiz Rivera and Colonel Baccallo, the insurgent leaders recently captured in the province of Pinar del Rio, and are no longer incommunicado. They are recovering from their wounds, and are reported to be well cared for.

Mrs. A. Inveen, residing at 720 Henry St., Aton, Ill., suffered with sciatic rheumatism for over eight months. She doctored for it nearly the whole of this time, using various remedies recommended by friends, and was treated by the physicians, but received no relief. She then used one and a half bottles of Chamberlain's Pain Balm, which effected a complete cure. This is published at her request, as she wants others similarly afflicted to know what cured her. The 25 and 50 cent sizes for sale by Blakeley & Houghton.

#### Judge Day Goes to Washington.

CANTON, O., April 17.—Judge W. R. Day, commissioner extraordinary to Cuba, left Canton this afternoon for Washington.

Two years ago R. J. Warren, a druggist at Pleasant Brook, N. Y., bought a small supply of Chamberlain's Cough Remedy. He sums up the result as follows: "At that time the goods were unknown in this section; to-day Chamberlain's Cough Remedy is a household word." It is the same in hundreds of communities.
