GREEKS TO THE FRONT

Capture and Occupy Viglia Commanding Damazi.

FIGHTING WAS FAST AND FURIOUS

Firing at Many Points Was Resumed Early This Morning--Prince Nicholas Ordered to the Front.

ATHENS, Greece, April 19.—Firing commenced this morning between the Greeks and Turks at several points along the frontier. Colonel Manos, at the head of 25,000 Greek troops, has crossed the River Arakaphos, on the frontier of Epirus, and is now entering that part south of Albantia, after having driven back the Turkish advance posts.

The bombardment of Prevesa was resumed at daybreak. The leading force has not yet attacked the place.

A dispatch from Greek headquarters this afternoon says three important positions were occupied today near Menexa by the Greek troops.

Prince Nicholas, of Greece, third son of King George, has been ordered to the front in command of a battery of artillery. Later in the day confirmation was received of the report that a large Greek force had crossed the River Arakaphos. The Greek battleship Spetza has been taking part in the bombardment of Prevesa. The firing recommenced at 5:30 a. m. today.

A body of 700 Greek insurgents landed at Syrako, Epirus, and is now marching on Filiplidau. Numerous other bands of Greek insurgents have entered Epirus.

Dispatches from Tyrnavar, in North-west Larissa, say that the fight in the vicinity of Reveni and Rougazi lasted throughout Sunday. The Greeks captured two Turkish posts, one of which was re-taken later by the Turks. The fighting was of a desperate character, hand-to-hand, and the Greeks are reported to have advanced into Damazi plain and occupied Viglia, which commands it, after capturing a battery of Turkish artillery.

The second engagement occurred at Gritzovalli, where the Turks, according to last reports received, were attempting to re-capture that post from the Greeks.

Result of Bombardment by Greek Warships at Arta.

ROME, April 19.—A dispatch to the Messagero from Arta says the remaining Turkish fort at Prevesa has been destroyed by the fire of the Greek warships and the position of the Turks is untenable. Four thousand Greeks, the dispatch adds, have been landed for the purpose of occupying Prevesa.

A second dispatch to the same paper announces that 2000 Albanians, who started into Greece with the express intention of reaching Larissa, have recrossed the frontier, and are now ravaging Epirus.

Turkish Forts Destroyed.

ISLAND OF CORFU, April 19.—Noon.—Greek troops, as this dispatch is sent, are advancing on Filiplidau, northwest of Arta. A detachment of 800 Greek troops is in readiness to land at Prevesa, the Turkish fortified position north of the entrance to the Gulf of Arta. The Turkish forts at that place have been almost completely destroyed by the bombardment of the Greek fleet. Many forts have been reduced to ashes.

MORE FIGHTING NEAR ARTA.

Turks Attacked the Greeks While Crossing the River Arakaphos.

ATHENS, April 19.—A dispatch from Arta, filed at 11:30 this morning, announces that fighting continues between the Greeks and the Turks at the entrance to the Gulf of Arta and elsewhere in that vicinity. The Turkish batteries at Hammidien and Pantocratoros are replying feebly. The crossing of the river Arakaphos by the Greek armies under Colonel Manos, numbering about 25,000 men, was attended by severe fighting, during which the Greek artillery batteries distinguished themselves. This force is now in Epirus.

Dispatches from the front received here this evening say that the Turks in considerable force have been attacking Reveni, not far from Tyrnavo, north-

west of Larissa, which would indicate that the Greeks have not advanced far into Damazi plain. It is added that the Turks were repulsed at Reveni.

A still later dispatch from Gritzovalli admits that the Turks have recaptured that place. In the second engagement at Gritzovalli, a Greek brigade commanded by General Mastropas, which was able to reform after giving way under command of General Minepoulos, is hurrying to reinforce General Mastropas.

SITUATION AT BIGGS.

Flood destroying Thousands of Acres of Newly Planted Crops.

MEMPHIS, April 19.—Another break in the levee on the Louisiana side is reported from a point 20 miles below Natchez, Miss. The details at this writing are meager, and the extent of the break cannot be learned. The situation at Biggs, where the water is rushing through the crevasse in torrents, is growing worse. Madison parish is fast becoming inundated, and the water will extend to other parishes, destroying thousands of newly planted crops. Vicksburg, Natchez and other river points are crowded with refugees, and everything possible is being done to alleviate the sufferings of the poorer classes. The situation through out the delta tonight is about the same as yesterday. It was a beautiful day in the flood-stricken section, and planters hope the water will be carried away in time to make a good crop. At Memphis, the river is slowly falling, and at Cairo a decided fall is reported.

Relief Work at Vicksburg.

VICKSBURG, Miss., April 19.—Relief work is the feature of the flood situation here. It is reported today that the Louisiana levees are black with people waiting to be ferried over to the city. Lieutenant Crowley, of the quartermaster's department is here buying supplies for the flooded region in general, and handsome donations are coming in by mail and wire.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address:

THIEVES WHO STOLE MILLIONS.

Vast Defalcations and Embezzlements Recorded in the Year 1895.

The aggregate stealings of men who violate public and private trusts, by defalcation and embezzlement, are probably much greater every year than those of the burglars and highwaymen put together, says the Cleveland Leader.

The record of such stealings during 1895, as compiled by the insurance companies which guarantee employers against the dishonesty of their employees, and the public against the dishonesty of officials, shows that the sum of \$9,465,921 was obtained. The cases of embezzlement reported numbered 240. Of these 14 stole more than \$50,000, 220 more than \$100,000, one more than \$500,000, and one more than \$1,000,000.

City and county officials stole \$1,399,975, banks lost \$3,996,970, agents embezzled \$1,645,875, forgers obtained \$241,500, building and loan associations \$497,578, postmasters stole \$32,815, and the miscellaneous defalcations amounted to \$2,175,782. New York leads, with defalcations amounting to \$2,388,816, while the stealings of that sort in Delaware were the smallest, amounting only to \$1,100.

Couldn't Listen to Tips.

A sharp Yankee went into Wall street about two years ago with \$1,000 and has since cleared \$200,000. As this was something really remarkable, a well-known broker was asked the secret of the Yankee's success, and he replied: "He is stone deaf, and therefore cannot listen to worthless tips."

Greeve, merchant of Chilhowie, Va., certifies that he had consumption, was given up to die, sought all medical treatment that money could procure, tried all cough remedies he could hear of, but got no relief; spent many nights sitting up in a chair; was induced to try Dr. King's New Discovery, and was cured by the use of two bottles. For past three years has been attending to business, and says Dr. King's New Discovery is the grandest remedy ever made, as it has done so much for him and also for others in his community.
