#### WAYSIDE GLEANINGS.

Random Observations and Local Events of Lesser Magnitude.

A new line of baby carriages just received. Call and examine them at the Jacobsen B. & M. Co. a29-2t

The Grand Court of the Oregon Foresters will meet here May 11th and 12th. The local lodge here is arranging for their entertainment.

Have you a baby? If so, call at Jacobsen B. & M. Co. and inspect their new stock of baby carriages, which have just arrived. a29-2t

Go and see Edison's animatroscope tonight in Vogt's old store building on Washington street. The most wonderful invention of the 19th century. Admission, 10 cents.

The river stood at 27 yesterday evening, but took a start again during the night. It was at 28.2 this morning and reports from up the river indicate at least two feet more of a rise here.

Mr. Edward Shield is in the city, on his way East, where he will deliver a lecture on Eastern Oregon, illustrating it with stereopticon views. He will add some views to his list here, some from Memaloose island among the number.

A social dance will be given in the Baldwin opera house Saturday evening by Prof. Swanton. Do not fail to come, as the French Menuett will be taught to all in attendance. Admission 50 cents. Ladies free. a29-3t

Mr. J. F. Moore won the log-cabin quilt in the guessing contest at the St. Paul's Guild. He had four guesses as to the number of pieces in the quilt, and guessed 1912, coming within three of the correct number, there being 1909.

Judge Bennett went to Portland this morning to perfect the appeal in the case of Walker against McNeil, receiver of the O. R. & N. This is the case where a verdict of 40,000 was given in favor of Walker, and the briefs in the appeal have just been completed.

The man White from Walla Walla, who is being cared for at the county jail, is in very bad shape, and will hardly live the week out. It is a disgrace to Walla that it did not have humanity enough to care for the poor devil the few days yet vouchsafed him on earth.

The mother's meeting will be held at the M. E. church Friday at 3 p. m. Mrs. Mattie Barnett will present a paper on "The Relation of Mothers to the Public Schools." Mrs. Reynolds will read a very interesting article on "Mrs. Kyle's Life Work." Everybody invited.

Pease & Mays have a large number of handsome polished oak center tables, which they will give away to their retail customers. Tickets will be issued, and the amount of each purchase punched

thereon. The tables will be given away when purchases have been made of \$15, \$25, \$35 and \$50. This rule does not apply to grocery purchases. The tables are in four styles.

While Griff Jones, Charles Deeter and Ray Weston were rounding up a band of young horses on lower Crab creek, in Washington, they undertook to swim the horses, below Rocky ford, across the stream. While crossing, the horses became entangled and unruly, and Jones and Weston were thrown into the water and drowned, while Deeter managed to reach the shore.

Geary, the 4-year-old son of Mr. and Mrs. David Griffiths, of West Rosebury, was drowned yesterday in the Umpqua river, near the bridge. The child was playing with another small boy on the bank, and waded in after a duck, where he soon got beyond his depth. The other child immediately gave the alarm, but it was probably an hour before the body was recovered.

T. H. Buford ought to be reasonably satisfied with himself today. Last night he lost a pocketbook containing a check for \$60, quite a number of notes and evidences of indebtedness and \$15 in money. He reported his loss this morning to the sheriff, and at about the same time Al Everding brought the pocketbook to this office. It had been found by a Chinaman working for Mr. Everding.

Justice Filloon has been trying a small case this morning, it being that of L. S. Davis against Pope and H. H. Riddell, the suit being brought to recover fees due Mr. Davis while he was justice of the peace. Mr. Riddell had brought the suit for Mr. Pope, and as the latter did not pay, Davis brought suit against both. The facts in the case were not denied, the only question being as to whether Mr. Riddell could or should be held responsible for the fees. The court took the matter under advisement.

This morning there was quite a lively runaway on Second street, it starting near the Snipes-Kinersly drugstore, and terminating at the corner of Court and Second. The team was that used to distribute the matutinal milk for the Simonson dairy. In some manner one of the horses got a bridle off and then the fun started. There was a generous and impartial distribution of milk, made much more speedily than usual. The horses managed to go on opposite sides of a telephone pole. The damage was slight and the horses were not injured.

By invitation of the Good Intent Society of the Methodist church the members of the Ladies' Aid Society of the Congregational church spent yesterday afternoon with them at the home of Mrs. S. French, when a most delightful time was passed. About forty-four ladies were present, who being united in such commendable work as that in which these societies are engaged, were more than congenial. By way of entertainment a list of questions had been prepared, and a guessing contest as to some of the flowers which grow in "Grandma's garden" took place, and

in consequence of her success in guessing, Mrs. J. B. Condon was awarded a beautiful bouquet. During the afternoon Miss Myrtle Michell sang two very pretty solos, and later ice cream and cake were served. When the time for parting came, all agreed in hoping that many union meetings would be held.

#### Musical Matters.

Mr. Guy Miller has been corresponding with O. E. Peterson concerning that gentleman again returning to The Dalles, and a day or so ago received the subjoined letter, which speaks for itself:

LA FAYETTE, Ind., April 17, '97.

FRIEND MILLER:

Your letter just received. I am now corresponding with a man (a band man) who is going to start a cigar factory somewhere in the West and I am engaged to run it for him at a good salary, as he is not a practical man. He expects to employ at least five men from the start. He is a composer and arranger and was saxophone soloist with the Iowa State band, so you may know he must be all right. He expects to employ nothing but musicians. He and his brother are going to start out next week and hunt up a location. I will turn him over to you and you may do what you want to with him. I will also recommend your town to him. His name and address is: E. S. Thomas, Maryville, Mo. The town that secures him will be fortunate, indeed. It makes no difference to me where he locates, I will run the shop anyhow. His brother would take the road—is not a musician. I should like to see you secure this enterprise for The Dalles, but you have to offer some inducements. There are others after him. If your Commercial Club would offer him a small bonus I think you could catch him. The band could also pay him a little during the summer season. He does not expect much salary, for he knows that bands can't pay it these times. If you offer him \$20 per month during the concert season it will be enough, or say \$25. He is said to be a good director, and that would give me a better chance to play my part. I have never met him personally. I will not be here in time to get your reply, but you may address, 1637 Penn street, Kansas City, Mo., and it will reach me. I go to join him in about a week. Now if you ever get a hustle on you in your life, do it now and secure this enterprise. Lay it before the Commercial Club or anybody that has influence. Think of six first-class musicians and a director for The Dalles! Yours truly,

O. A. PETERSON.

A. M. Williams & Co's Special Offerings.

Tomorrow and next day (Friday and Saturday) A. M. Williams Co. will offer their entire stock of lace curtains, embracing the newest designs in Nottingham, Irish Point and Brussels Net, at the liberal discount of twenty-five per cent, or one-fourth off regular price.

## Garden Hose

We are agents for the celebrated MALTESE CROSS. Every body knows that it is the best Hose on the market today.

We also carry the Ridge-wood brand of Hose, which we recommend as a superior article second only to our Maltese Cross brand in quality. It is made on extra strong duck, and of the best rubber. Then we carry the Wallabout brand which is a good quality and medium price, equal or better than the average so-called "best Hose on the market." We sell it for what it really is—a good, serviceable Hose. See our stock before buying elsewhere.

## BICYCLE REPAIRING.

We have secured the services of Mr. Joseph Kirchoff, who has been doing Bicycle Repairing and Gun Work for the last five years in The Dalles. All work entrusted to him will receive prompt attention.

## MAIER & BENTON'S

#### Mosier Items.

The railroad company by its new train schedule gives this place the "black eye" in good shape. The only east-bound passenger train on which it is possible to leave or arrive at Mosier, passes here at 12:27 a. m., which necessitates an all-night vigil. The railroad people seem determined to make the people here patronize the river lines, which they would surely do had we a good convenient boat landing. If the boat companies would now arrange with our people for a landing, they would surely get considerable business from this point.

Mr. Max Young of Astoria has been looking up the silica business here for several days past. We hope that his visit may result in a boom that will bring among us many such genial as Mr. Young. Messrs. Bryant and Berry are also back, and are preparing to open up their claim.

Mr. John Evans has taken charge of the engine at the diamond drill on Chenoweth creek. Mr. Evans is a first-class machinist, and the right man in the right place.

Miss Lindsay of Hood River opened school on the ridge last Monday. Sam Stark says the new teacher is all right, and does not allow any "monkey" work.

Mrs. J. M. Watt was taken quite sick last night. Dr. Hollister was telephoned for and came down on the morning train.

Wm. Stevenson has cleared up quite a patch of land this spring, and is now remodeling his dwelling on the ranch, which would indicate that Billy has some notion of carrying out his oft-repeated threat of securing a "cook."

Rev. U'Ren will preach the funeral sermon of Mrs. Renoe next Sunday, May 2d, at No. 8 schoolhouse.

Mrs. Evans, accompanied by her grandson, Ira, started for Sumner Co., Kansas, last week. She expects to return to Oregon as soon as she can arrange her affairs in the land of cyclones.

A son of Mr. J. W. Davis arrived last week from Kansas. We understand Mr. Davis will also become a resident of this locality. We are glad to see the country settling up with practical and experienced young farmers, who have the grit and stamina to go to work and clear up as fine a fruit belt as exists anywhere. This refers to the benches along Mosier and Rock creeks, and extends back from the river twelve miles or more.

The prospect for strawberries was never better in this locality, and if nothing interferes Mosier's output will far exceed any previous season.
