### DOMOKOS IS STRONG

The Greeks Determined Not to Again Retreat.

CONSTANTINE ABLE TO HOLD IT

General Smolenski's Brigade Has Safely Arrived at Almyros—Turks Are Marching on Volo.

LONDON, May 7.—A dispatch from Athens says a telegram has been received from Prince Constantine, saying: "Our new position, in Domokos, is one of great strength. We are resolved to hold it at all costs. The retreat from Pharsala was rendered imperative by the overwhelming numbers of the enemy and was effected without mishap."

Smolenski's Brigade is Safe.

ATHENS, May 7.—A dispatch from Almyros announces that Smolenski's brigade, which arrived there this morning, effected a retreat from Volestino in good order.

Turks Marching on Volo.

LARISSA, May 6.—(Delayed in transmission).—Many wounded Turkish soldiers have been brought here from the front. They confirm the report of the capture of Volestino, where the fighting has been severe.

A Turkish brigade is marching on Volo, which is expected soon to be in the hands of the Ottoman troops. Everybody speaks of the remarkable courage of the Albanian troops.

A PANIC AT LAMIA

Inhabitants Fleeing for Fear of a Turkish Attack.

ATHENS, May 7.—No news has been received of the whereabouts of General Smolenski, whose brigade of Greek

troops was last heard of as engaged with the Turks at Volestino, with the latter apparently attempting to prevent him from retreating upon Volo or Almyros. The government has ordered a squadron and several torpedo-boats to obtain news from the missing brigade.

A panic prevails at Lamia, on the Gulf of Lamia, now the base of supplies for the Greek forces at Domokos. Many inhabitants are fleeing, fearing an attack by the Turks. Three vessels brought refugees from Lamia to the Piraeus yesterday evening.

### CAPTURE OF PHARSALA.

Turkish Government is Officially Advised of the Advent.

CONSTANTINOPLE, May 7.—The Turkish government has received the following official dispatch from Pharsala, under date of May 6:

"At dawn, the imperial troops have attacked the enemy, occupied Pharsala, from which place a portion of the Greek troops had already begun to retreat during the night, defeated them and captured the town. A division of cavalry pursued the enemy on the road to Domokos, and the division of Khari Pasha has been ordered to advance in that direction. The Greeks left their ammunition and provisions at Pharsala.

All the surrounding villages were also occupied by the Turks. A mountain battery and 18 mules, a great quantity of ammunition and provisions and personal effects of Crown Prince Constantine and Prince Nicholas fell into the hands of the Turkish forces.

### Turks Shelled at Kassandra.

SALONICA, May 6.—(Delayed in transmission).—The Greek fleet today dropped a number of shells into the Turkish camp at Kassandra, but they did no harm. The Greeks did not try to land.

### Locomotive Fireman.

TERRE HAUTE, May 6.—The lodges of the Brotherhood of Locomotive Firemen throughout the the country voted

the first of this month on the proposition to affiliate with the American Federation of Labor. The proposition was before the biennial convention at Galveston last summer and was strongly urged by Grand Master Sargent and President Gompers, of the Federation, who was present by invitation. The impression is that the returns will show that the proposition has been carried.

The affiliation is to be fraternal in the first instance, and cannot involve the firemen in a strike or other radical action not authorized by their own laws.

### A HEROIC BOY ENGINEER.

He Saved Many Lives at the Risk of His Own.

Houghton, Mich., May 7.—With a box containing 200 pounds of dynamite on fire ten feet away from him, John Thomas, a boy who runs a compressed-air hoisting engine in the Tamarack mine, stuck to his post and saved the lives of the men at work in the mine by his bravery.

Ten seconds after Thomas had hoisted the men to the level the dynamite exploded, smashing the engine to pieces and doing other damage, but the men and the boy to whom the owe their lives were safe.

The miners working in the 23d level had put seven casts of dynamite in a box for future use. At noon a miner accompanied by Thomas went to his post, gave the alarm to the miners in the level below and ran his engine until he had hoisted them out. He then fled. The alarm of fire caused great excitement, but no miners were injured in the rush to reach daylight from a depth of 3000 to 4000 feet.

### Twenty Victims Buried.

PARIS, May 7.—Twenty victims of the fire at the charity bazaar were buried today. The churches where the ceremonies took place and the routes traversed by the corteges were thronged. The crowds displayed the deepest sympathy for the relatives of the victims.

### The Best Remedy for Rheumatism.

From the Fairhaven (N. Y.) Register.

Mr. James Rowland of this village, states that for twenty-five years his wife has been a sufferer from rheumatism. A few nights ago she was in such pain that she was nearly crazy. She sent Mr. Rowland for the doctor, but he had read of Chamberlain's Pain Balm and instead of going for the doctor he went to the store and secured a bottle of it. His wife did not approve of Mr. Rowland's purchase at first, but nevertheless applied the Balm thoroughly and in an hour's time was able to go to sleep. She now applies it whenever she feels an ache or a pain and finds that it always gives relief. He says that no medicine which she had used ever did her as much good. The 25 and 50 cent sizes for sale by Blakeley & Houghton.

### Nurses Sent to the Piraeus.

New York, May 7.—A special to the Herald from Corfu says;

Twenty Russian hospital nurses, who arrived recently, received orders to proceed to the Piraeus. They have just left here. About 80 Garibaldians arrived, and have proceeded to Athens. The Basileus Georgios has sailed for North Albania.

### Rosebery's Filly Won Out.

The main difference between Schilling's Best and other tea is: other tea is fresh once a year; while Schilling's Best (five flavors) are roasted in San Francisco and are fresh-roasted all the year around. They have the full rich flavor that belongs to tea.
