## ACCEPTED BY GREECE

Peace Conditions by the Powers Adhered to.

READY TO TREAT WITH THE SULTAN

Active Measures Taken in Constantinople to Stop the Advance of the Turkish Troops.

ATHENS, May 11.—The diplomatic pour parlois has been brought to a definite conclusion. Greece has formally adhered to the preliminaries of peace agreed upon by the powers, and the different legations have received positive assurances investing them with authority to treat with Turkey.

ATHENS, May 11.—A collective note from the powers on the subject of mediation has been presented to the Greek minister of foreign affairs, M. Skouliodis, by the Russian minister, M. Onou. It is understood the Greek government has accepted the conditions imposed and confide its interest to the care of the powers. Active measures, it is further stated, were taken at Constantinople today to stop further advance of the Turkish troops.

Greece having accepted mediation, the ambassadors of the powers at Constantinople have been instructed to approach the Turkish government with a view to ascertaining upon what condition Turkey will agree to declare peace.

Announced in the Commons.

LONDON, May 11.—In the house of commons today First Lord of the Treasurer and Government Leader A. J. Balfour, announced that information had been received this morning from all representatives of the powers at Athens saying mediation between Greece and Turkey has been offered the former country and accepted by the Greek government.

Peace Expensive for Greece.

CONSTANTINOPLE, May 11.—The expenses of the war with Greece are estimated at \$25,000,000, which Greece will pay as an indemnity in annual installments, guaranteed by the Thessaian revenues.

"ONWARD" THE WATCHWORD.

Victorious Turks Are Marching Upon Domokos and Almyro.

CONSTANTINOPLE, May 11.—A dispatch from Larissa says the imperial army is marching in two columns from Pharsala upon Domokos and Almyro. Fighting will surely occur today unless the pending negotiations of the powers result in the prompt conclusion of peace.

An imperial irade just issued orders gold and silver medals struck for presentation to the troops taking part in the war against Greece.

Operations Near Domokos.

LAMIA, Thessaly, May 11.—Two thousand Turks have been sent to Lake Nezero to close the road between there and Domokos.

Three thousand Greeks have been dispatched to reinforce the Greek troops at Domokos. The efforts of the Greek commanders are directed toward preventing the Turks from surrounding Domokos, which would possibly result in the capture of the main body of the Greek troops under Crown Prince Constantine.

House Resumed Its Discussion Regarding Forest Reservations.

WASHINGTON, May 11.—The house continued the legislative day of yesterday today, and took up the subject of forest reservations again. Underwood, democrat, of Alabama, spoke briefly and was followed by Ellis, republican, of Oregon. Both advocated the restoration to the people of the reservations established by President Cleveland.

The senate amendment to the sundry civil bill, appropriating \$50,000 to improve Pearl harbor, Hawaii, inspired a strong speech by Hitt, past and prospective chairman, of the foreign affairs committee of the house, in support of the amendment.

Gunboat Goes to Alaska.

WASHINGTON, May 11.—The cabinet today decided to send one of the new gunboats now building on the Pacific coast to Sitka, Alaska, about July 1st.

## ROYAL BAKING POWDER. Absolutely Pure.

Great activity in Alaska, growing out of the gold discoveries, has made the president and cabinet deem this step advisable for safe-guarding American interests.

Spanish Bank at Havana Did Not Suspend Yesterday.

HAVANA, May 11.—The Spanish bank has not suspended. The report to that effect grew out of the suspension of exchange of paper bills for silver. Crowds went to the bank yesterday to pay their taxes, believing scrip would not be received in the future, and also owing to a rumor that paper money would be listed, thus causing great losses. The bank continues doing business as usual today.

A Double Fatality.

CHICAGO, May 11.—Harry Flinn was drowned in Lake Michigan, and 1500 people saw him die and were unable to aid him. During the excitement which prevailed Albert Mattari, a spectator, dropped dead. It is supposed that heart disease was the cause of the second death.

Something to Depend On.

Mr. James Jones, of the drug firm of Jones & Son, Cowden, Ill., in speaking of Dr. King's New Discovery, says that last winter his wife was attacked with LaGrippe, and her case grew so serious that physicians at Cowden and Pana could do nothing for her. It seemed to develop into Hasty Consumption. Having Dr. King's New Discovery in store, and selling lots of it, he took a bottle home, and to the surprise of all she began to get better from the first dose, and half dozen dollar bottles cured her sound and well. Dr. King's New Discovery for Consumption, Coughs and Colds is guaranteed to do this good work. Try it. Free trial bottles at Blakeley & Houghton's Drug Store.

WASHINGTON, May 11.—The house voted, 100 to 39, today to refuse to concur in the senate amendment to revoke President Cleveland's order as to forest reservations.

The Best Remedy for Rheumatism.

From the Fairhaven (N. Y.) Register.

Mr. James Rowland of this village, state that for twenty-five years his wife has been a sufferer from rheumatism. A few nights ago she was in such pain that she was nearly crazy. She sent Mr. Rowland for the doctor, but he had read of Chamberlain's Pain Balm and instead of going for the doctor he went to the store and secured a bottle of it. His wife did not approve of Mr. Rowland's purchase at first, but nevertheless applied the Balm thoroughly and in an hour's time was able to go to sleep. She now applies it whenever she feels an ache or a pain and finds that it always gives relief. He says that no medicine which she had used ever did her as much good. The Shakers have made a discovery which is destined to accomplish much good. Realizing that three-fourths of all of our sufferings arise from stomach troubles, that the country is literally filled with people who cannot eat and digest food, without subsequently suffering pain and distress, and that many are starving, wasting to mere skeletons, because their food does them no good, they have devoted much study and thought to the subject, and the result is this discovery of their Digestive Cordial.

A little book can be obtained from your druggist that will point out the way of relief at once. An investigation will cost nothing and will result in much good.
