NO 122

SEARLES IS DISMISSED

Judge Bradley Orders a Verdict of Acquittal.

EXHAUSTIVE OPINION RENDERED

Questions to Be Asked by Senate Committee Held to Be Not Pertinent to the Inquiry.

WASHINGTON, June 1.—In the case of John E. Searles, the sugar trust witness, Judge Bradley ordered the jury to bring in a verdict of acquittal, holding the questions asked by the senate committee to be not pertinent, and if so not within the jurisdiction of the committee.

The judge's opinion was exhaustive. He pointed out that Searles had testified that no money had been contributed by the sugar trust to the national campaign for the purpose of influencing legislation or the election of United States senators. The questions put to the defendant were claimed to be pertinent to the second and third divisions of the senatorial inquiry, namely, as to whether the sugar trust had contributed sums to the campaign with the purpose of influencing the election of senators and whether any senator had been a party to a compact with the sugar trust.

The judge said a simple investigation as to whether the trust had contributed to the campaign fund would be an unwarranted search into the private affairs of the company, and plainly beyond the power of the senate. If the money had gone for the purpose of electing members of the legislature who would elect a United States senator, it would be beyond the power of the senate to go behind the election of the legislative members.

Judge Bradley sustained the motion of the defense and ordered the jury to return a verdict of acquittal, which was rendered accordingly, and Searles was free.

Mark Twain in Good Health.

NEW YORK, June 1.—Mark Twain was recently reported to be dying in poverty in London. A dispatch to the Journal from London says:

LOS ANGELES, June 1.—Miss Lottie Vieto, daughter of well-known and prosperous parents, took a dose of carbolic acid this morning and is not expected to live. The theory of suicide is denied by her parents, who say the girl mistook the poison for a toothache remedy. She is a handsome young lady, and a leader of society on the East Side.

Five Children Roasted Alive.

CINCINNATI, June 1.—A special from Welch, W. Va., says: Five children were burned to death in the residence of J. H. White, near Keystone, last night. A Successful Hold-Up.

NEVADA CITY, Cal., June 1.—Peter Seith, a millman, was alone in his mill at midnight when confronted by a masked man with pistol in hand and ordered to throw up his hands. Another man covered him with a rifle. He was blindfolded and tied to the concentrator. The robbers broke open the safe and secured several bags of amalgam. The loss is estimated at from \$5000 to \$20,000.

The robbers, after securing the booty, departed, warning Seith that he would be killed if he moved for two hours. Seith managed to free himself and gave the alarm.

While Superintendent McKinlay refuses to divulge the amount of the loss, it is estimated at not less than \$2500, and will perhaps reach \$5000. Some time after the robbers took their departure Seith managed to wriggle his hands loose and notified Engineer Richards, who hoisted some men in the shaft. Search was made, but no clew to the perpetrators was discovered, they having escaped in the darkness.

The Best Remedy for Rheumatism.

From the Fairhaven (N. Y.) Register.

Mr. James Rowland of this village, states that for twenty-five years his wife has been a sufferer from rheumatism. A few nights ago she was in such pain that she was nearly crazy. She sent Mr. Rowland for the doctor, but he had read of Chamberlain's Pain Balm and instead of going for the doctor he went to the store and secured a bottle of it. His wife did not approve of Mr. Rowland's purchase at first, but nevertheless applied the Balm thoroughly and in an hour's time was able to go to sleep. She now applies it whenever she feels an ache or a pain and finds that it always gives relief. He says that no medicine which she had used ever did her as much good.
