Growing

One-third of all the children die before they are five years old. Most of them die of some wasting disease. They grow very slowly; keep thin in flesh; are fretful; food does not do them much good. You can't say they have any disease, yet they never prosper. A slight cold, or some stomach and bowel trouble takes them away

SCOTT'S EMULSION of Cod-liver Oil with Hypophosphites is just the remedy for growing children. It makes hard flesh; sound flesh; not soft, flabby fat. It makes strong bones, healthy nerves. It changes poor children to children rich in prosperity.

Beware of Strangers.

It is curious how people can make mistakes. A short time ago a young lady not very many miles from Canemah, was troubled with a boil about threefourths of an inch above the elbow of her knee. It grew so bad that she thought it necessary to call a doctor, but as the family doctor was a single man, she shuddered at the thought of showing the boll to bim. The mother suggested one of the other resident physicians, a good old married man, but the father fables, and by his side a soldierly Lilli kicked. He said it would make the outlan. young doctor mad. He smited a smile and replied, "Get a doctor; I'm a piano tuner."--Ex.

The Best Remedy for Rheumatism.

From the Fairbaven (N. Y.) Register. Mr. James Rowland of this village, state that for twenty-five years his wife has been a sufferer from rheumatism. A few nights ago she was in such pain that she was nearly crazy. She sent Mr. Rowland for the doctor, but he had read of Chamberlain's Pain Balm and instead of going for the doctor he went to the store and secured a bottle of it. His wife did not approve of Mr. Rowland's purchase at first, but nevertheless applied the Balm thoroughly and in an hour's time was able to go to sleep. She now applies it whenever she feels an ache or a pain and finds that it always gives relief. He says that no medicine which she had used ever did her as much good.
