WAYSIDE GLEANINGS.

Random Observations and Local Events of Lesser Magnitude.

Moonlight excursion Tuesday night.

The Umatilla bowling alley will be completed in ten days or two weeks. It will be a dandy.

The California editors visiting Oregon came up the Columbia as far as the Cascades yesterday on the steamer Potter.

The locks were opened for the first time since high water yesterday, and the Dalles City came up, arriving at 6 o'clock.

The members of the Congregational Sunday school will give a sacred concert tomorrow evening at the usual time for service.

The Summer garden will be open tomorrow, but owing to the absence of several of the band boys, the band will not be in attendance.

Hello, boys! Wear your white duck trousers and caps at the "Blue Beard" lawn social this evening. A. M. Williams & Co. have them.

Parties coming in from points south today, report a good rainfall extending from 8-Mile south. It is to be hoped it covered a large area, for the crops need it badly.

Mr. A. J. Knollin of Kansas City is here looking after stock. Last year he bought 3600 head of graded Shropshire lambs from Geo. A. Young of Ridgeway and shipped them East. Six hundred of these averaged 118 pounds, some going as high as 140, and the whole 3600 average 102 pounds, this after shearing, which reduced their weight about seven pounds.

The moonlight excursion on the 15th ought to, and no doubt will be, a delightful affair. The river is at a fine stage and so is the moon, and with the weather extra warm, the kind which has been ordered for that night, the ride on the river will be just the thing. The band has been engaged for the occasion, and you don't want to miss it if you want a delightful evening. Besides, the money goes to aid in swelling the tournament fund.

The grain crop this year will be a light one in this neighborhood. Reports from Klickitat county are to the effect that many fields sown to spring grain will be not much more than half a crop. The same conditions exist in this and Sherman counties, though there are localities in all of them where the yield will be well up to the average. Considerable wheat is being cut for hay, and most of it is short. Rain would help the conditions some, but it must come soon to be of any benefit at all.

Rehearsals are finished and all arrangements are complete for the festivities tonight at the Lay-Peters' lawn. The

committee in charge are confident that their friends who attend will be more than pleased with the program, and after it is over the platform will be cleared for those who care to dance. Amusements of all kinds are provided and a good time is assured to all. Do not forget the entrance at Miss Lay's gate, and do not forget the 25 cents.

The 8-year-old son of Mr. Burke, of Walla Walla, was attacked by a dog last Monday. Hearing the child's cries, the mother went to his relief, but for some time was unable to drive the vicious brute away. This she only accomplished after she had piled rugs and chairs over the little fellow's body, completely covering him. After the injured child was taken in the house, the dog kept going around the outside looking for an entrance to the building to get at the child again, and made several attempts to jump through the window. What the child did to the animal is not known, but the dog seemed determined to kill the boy, and came near accomplishing his object. The dog was killed. The child is terribly bitten, but it is thought not necessarily fatally injured.

The Song Recital.

The song recital, given by the pupils of Miss Dorothea Eliot at the Congregational church last night, was a genuine treat to all who had the pleasure of listening to the well trained voices.

Some of the best talent in the city have had their voices under Miss Eliot's training, and her effective work was visible, if the term may be used, in all of them. The church was crowded, and though the program was an exceptionally long one, the time passed all too quickly.

We congratulate Miss Eliot on the excellent work she has accomplished, and those who have had the benefit of her teaching upon their good fortune therein. The program was as follows:

THE CLOSING EXERCISES.

Pupils of St. Joseph's School Give a Pleasing Entertainment.

The closing exercises of St. Joseph's school last night was largely attended, and as the entire program was rendered remarkably well, everyone went away fully convinced that the minims are hard to beat when they have undergone a course of training under their kind and experienced teacher, Sister Mary John.

The entertainment opened by a solo and chorus, in which the entire school joined. This was followed by a piano solo, which was rendered by the boys in a manner that would cause older and more experienced players to feel justly proud. A song, "The Laughing Boy," was then given in a very creditable manner. The Dumb Bell Drill was next in order, and the way in which each and everyone did his part caused the audience to demand an encore, which was promptly granted. After another song, "The Golden Rule," had been rendered, the orchestra appeared, and delighted as well as surprised, everyone by its rendition of the selection "Angels' Dream." In this the boys showed the marks of careful training, not a discord occurring during the selection, and their time was all that could be desired, even by professionals.

The little fellows then showed their patriotism by appearing with the American flag and reciting in their turns, fitting stanzas to that beloved emblem. A German song, "Der Dieb," amused everyone. The comic song, "Riding on the Old Cayuse," was well done, and accomplished its object by throwing the entire audience into convulsions. This was followed by a comic farce, in which the little boys showed their dramatic powers. The orchestra again appeared and in rendering "Fernandez Valse," increased, if possible, the good impression which it had already made. In the farewell chorus the little fellows did their best, which was good enough.

Class honors were then awarded, and by way of conclusion Rev. Father Bronsgeest made a short but appropriate speech, in which he complimented the boys on their success as well as urged them on to greater exertion.

The Sisters wish to extend thanks to Messadams Stabling, Phillips, Blakeley and Doherty for their liberal donation of plants and flowers with which to decorate the assembly room, and to Messrs. Leo Schanno and R. Gorman, who acted as ushers.

HOOD RIVER ITEMS.

Swiped From the Columns of the Glacier.

A crate of berries picked and packed by J. J. Luckey was shipped by Jos. A. Wilson at midnight May 25th, and reached its destination, 133 miles east of Pittsburg, May 31st. A letter received from the recipient states that the crate arrived in excellent condition, not a bruised strawberry in the lot.

The price of Hood River strawberries in Butte advanced 25 cents per crate Tuesday. On that date Mr. Coon received a carload of berries from the Hood River union, but having the field all to himself, was able to raise the price. The car contained 611 ½ crates. A few days previous 300 crates of Hood River berries blocked the market and reduced prices at that point.

The Glacier is very happy to be able to take back part of the story it published last week about the strawberry patches of Harry Brown and J. E. Binns. Mr. Binns sent us on Tuesday a box of his berries, which were as fine as any we have seen this season. We are informed that the little yellow lice lasted but a day or two, and since then both Mr. Brown and Mr. Binns have been shipping as good a quality of berries as were grown in the valley.

Work commenced last week in earnest on the East Side Irrigating ditch. Mr. C. R. Bone has purchased stock in this company and is a member of the board of directors, which is good assurance that the work will now be pushed to completion. Two shove scrapers have been constructed, faced with plow steel, that are doing effective work. This ditch will irrigate all tillable land on the East Side, and when complete will cover more than three times the area of the Improvement Co.'s ditch.

Be Not Alarmed

By the so-called "WARNING" of our competitors. The threat made to our customers is nothing more nor less than a big bluff of a would-be monopoly.

Our Baker Barbed Wire was purchased from one of the largest concerns in the United States; each spool is branded "Genuine Baker Warranted," and we invite comparison with any other make of Wire.

We have bought nearly 100,000 pounds of this wire for SPOT CASH, at the right price, and propose to give our customers the benefit of it. We are not holding it for a fancy price, and claiming it to be the best Wire on earth. It is worth no more than any other good Wire, but is as good as any, and we are selling it as low as any. Compare our so-called "Spurious" Wire with the ONLY BAKER PERFECT, before buying, and get our prices. We are making prices that should get your trade.
